Committee, However, Decided on the Later Date-Primaries Will Be Held at Regular Polling Places on Sept. 14 from 4 to 7 p. m.

At a meeting of the Republican County committee, held yesterday afternoon in the rooms of the Central Republican club on Washington avenue, it was decided to hold the Republican County convention in the court house at 2 p. m. on September 17. The primaries will be held at the regular polling places on September 14, from 4 to 7 p. m. The Republican members of select and

common council got quietly together in the mayor's office last night and held a caucus at which the coming election of to order by the chairman, Colonel E. H. Ripple, and Secretary W. S. Millar read the roll, about three-fourths of the members of the committee answering caucus at which the coming election of a board of revision and appeals was discussed at length. The various phases of the matter were thoroughly gone over, but no definite action was taken.

As there are fifteen or more councilmen avowed candidates for the five positions on the board, there is likely to be some fun when the election comes off tomorrow night. All sorts of slates and combinations are being made, but it would not be surprising if the fight simmered down to a party vote, inasmuch as councils are about equally divided politically, and the Republicans by their caucus have drawn the party lines.

membors of the committee answering to their names.

After the business for which the committee was assembled had been stated, Wade M. Finn moved that the county convention be held on Tuesday, September 17, at 2 p. m. in the court house, to nominate candidates for coroner and surveyor, and that the primaries by held on the preceding Saturday at the regular polling places between the hours of 4 and 7 p. m.

Attorney W. E. Davis, of the Sixteenth ward, amended the motion to the effect that the convention be held one week earlier than the date named by Mr. Finn, and that the convention also

None of them have attempted any signation vention, while others were equally as confident that September 17 was the proper date. A. F. Hobbs, of Fleet-

ville, was one of the committeemen who favored September 17, and he said so in a speech of some length.

He thought it advisable to put off the convention until the latest possible date. The party, he said, was just emerging there is scarcely a man who is not on at least eleven slates. Here is the way the case stands at The party, he said, was just emerging from a warm factional fight that had embroiled the leaders as well as the rank and file ull over the state, and in view of this fact he thought it wise to give as much time as possible for the excitement caused by the state light to subside before holding the county con-vention. After the exciting fight which is now closing, and in which the members of the party in this county were recently mixed up, he thought it wise to allow whatever bit-terness might have been aroused in terness might have been aroused in that fight to subside before undertaking another campaign. It was the part of wisdom to do so, he thought, and that's what he meant when he used the words "common decency and fairness."

Joseph Lewis, of the West Side, asked the chairman if any officer of the county committee had made an effort to have the convention held on July 29. have the convention held on July 29. Colonel Ripple and Secretary Millar said that they had not, and Mr. Lewis then read a letter that sought to obtain his opinion on that date for a conven-tion. The date mentioned had been suggested for the convention, and he desired to get the opinion of the committeemen from his vicinity on the matter as he was

about to leave the city for a time. Mr. Davis' Amendment Lost. Colonel Ripple put Mr. Davis' amendment that the convention be held on September 10 before the body and it was lost by a vote of 25 to 29. Mr. Finn's motion in its original form then came up and was carried.

As this motion did not say anything

about electing national delegates Thomas Dale moved that they be chosen at the county convention and the mo-tion carried. Colonel Ripple thanked the members of the committee for the spiendid work they did last fall and the committee adjourned.

In connection with her address Miss Howison recited a number of Burn's poems, among them "Man was Made To Mourn," "A Man's a Man for a' That," and "To Mary In Heaven," with rare delicacy and feeling.

Burns, she said, possessed the true poet's soul, which, like the Bolian harp, needed only the breath of wind to evoke music, the saddest or sweetest as the poet willed. He was the first to show the world that the highest poetry resides in the most lowly subjects. Burns was the bard of liberty. He resisted oppression and "A Man's a Man For a' That," the speaker described as a watchword to future generations against slavery. He enobled labor and immortalized the Scotch peasants.

hool Board Does Not Know What to Do with Professor I. H. Davey.

A meeting of the school board of Lackawanna Township was held at No. 3 school, Minooka, last evening, at which it was expected the directors would settle the matter of appointing a principal for the position of the Pyne school, made vacant by the transfer of Prof. T. G. Osborne from that school to the new Mooste school.

By the sending of Prof. Osborne to Mooste, Prof. I. H. Davey was thrown out of a job, unless he would be accepted by the denisens at the Pyne.

Director Morgan, of the Archbald mines, represents the district in which is located the Pyne school, and he was not satisfied to accept Prof. Davey as the successor of Prof. Osborne.
