Another man expresses his gratitude to

Dr. Smith and staff for curing him of a

bad case of catarrh of the head. Mr.

Gust Lager called on Dr. Smith and staff.

He was suffering from a bad case of ca-

tarrh. It had caused catarrhal inflamma-

tion of the throat and had extended to the

inner ear, impairing his hearing and caus-

ing peculiar sounds in his ears, whch an-

noyed him very much. He would fre

quently imagine some one had spoken to

him when, in fact, there was no one near

him at the time. He commenced taking

magnetic treatments. The first two weeks

he thought he was worse. The second

two weeks showed a slight change for the

better. He kept on improving and in ten

weeks was satisfied that he was cured.

LANDLORD FOX TO LEAVE.

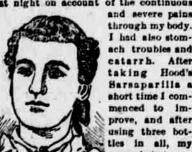

The Popular Representative of the American Hustler of Today Will Soon

Carbondale is about to suffer a disthat and severe loss. It is not in money, not in fine buildings, large in-dustries or beautiful pleasure places. but in that which goes to make up the best city-brains, hustle and unselfish effort for the common welfare. Carbondale is to perceptibly be a loser in all three of these qualities when Frank M. Fox. who has made the Hotel Anthracite famous, removes his lares and penates to another city. Mr. Fox has accomplished more good

for Carbondale in proportion to the time he has spent within its limits than any other man in all its history. He came here hustling, smiling, mak-ing friends on the right hand and on the left, and this hustling and friendmaking has been sustained uninter-ruptedly to the present time. It comprehended in its scope not only his ho-tel and his business affairs, but it spread to everything which might even in the remotest manner, benefit Carbondale. He is a fine type of the best class of young Americans, of the

The Fort Jervis Evening Gazette of Thursday contained an article that would exactly fit Honesdale. It said, in brief, that horses should in no case be left standing in the street without being tied, as an untied horse is a great menace and danger to public safety and the lives of pedestrians and wheelmen. The streets now are nearly safety and the fives of pedestrians and wheelmen. The streets now are nearly always being used by wheelmen, among them being small children and young girls, who would be powerless to help themselves in front of a runaway horse. Our councilmen should see that there was an ordinance making it a penalty to leave an unattended horse standing in the road without being tied.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many petrons that they will this year hold to their usual custom
of milling STRICTLY OLD WHEAT until the new erop
is fully cured. New wheat is now upon the market, and
owing to the excessively dry weather many millers are
of the opinion that it is already cured, and in proper
condition for milling. Washburn-Crosby Co. will take
no risks, and will allow the new wheat fully three
months to mature before grinding.

This careful attention to every detail of milling has
placed Washburn-Crosby Co.'s flour far above other
brands.
