Owing to the lateness of the hour on Saturday last several of the Driving Park and Fair association races had to be postponed until today. The asso-clation, in order to make the event a success, set to work to arrange a full programme instead of simply two or three postponed events. This they have succeeded in doing. In addition to the postponed races the free-for-all will be run again with the same en-tries, and best of all there will be a

## **IT WAS BETTS' WATERLOO.**

#### He Was Batted All Over the Lot by the Providence Team.

Providence, Aug. 26.—Providence de-feated Wilkes-Barre today in the heav-lest batting game that has been played here this season. Betts was pitching for the visitors, and the Grays hammered his delivery all over the lot and out of it. In the sixth inning, with the score 8 to 1 against Wilkes-Barre the Moosic Populars for a retrun game of Olyphant grounds Thursday, J. Petti grew, captain. visitors went at Dovetts' pitching, game yesterday on Lace factory grounds. The game broke up in the seventh inning with the score 13 to 13.

It looked as thought they were going to wrest victory from the Grays, but to wrest victory from the drays, but to wreat victory from the Grays, but the latter went in and hammered Betts harder than ever. Most of the errors were made in the latter part of the game when they cut no figure. Doescher's umpiring disgusted everybody, and some of his decisions were so wrong that several wrangles occurred. At first Providence got the worst of it, but later the Wilkes. Barres

New York, Aug. 26 .- The result of the Washington has accepted the terms of Tom Brown, late of the St. Louis Browns, and A. C. Boswell, the Uni-versity of Pennsylvania pitcher, who the thousands interested in the turf, the thousands intersted in the second and particularly among horsemen. That the best horse under the circum-stances won goes without saying, and the victory of Requital is another tri-umph for his capable trainer, John Hywas given a trial by the New Yorks last Pitcher Delaney looked up at the blackboard at Star park yesterday af-ternoon after the game was over, and

There were many others who realized the same He now has three Futurity Victories to his credit, besides Requital's those of His Highness and The Butterflies in preceding years, and in each instance he labored many a day and night be-fore he could deliver his charges to the thing. For nine long innings he pitched the sphere to the Toronto batters, and scarcely one could get it beyond the infield. For seven Innings Toronto was retired in one, two three order, getting but two men to first-one on balls and In Reguital this year Hyland knew

that he had an inferior colt to Hastings, the other on a scratch single-and both were doubled up before reaching sec-ond. In the eighth a hit was made, for whom Mr. Belmont paid \$37,000 at the Gideon & Daly dissolution sale, but as the son of Retribution was a good, hardy colt, and a glutton for work. Hy-land took him to Saratoga and gave but Lake, who made it, was forced out at second. Only in the ninth inning, when Delaney let down, did a Toronto him plenty of racing. Hastings was taken with a cold, which came near developing into lung fever, and had to be stopped for a long spell. His race on Saturday showed that he lacked condition, but for the distance he lasted he gave every indi-cation that he is coming on, and that he will yet repay Mr. Belmont for his

pluck and enterprise by earning brack-ets before the Sheepshead Bay meeting is over. Handspring did not run up to his private form. An excuse is made for him that his stable companion, Axiom, kicked him on the leg at the post, but the injury was slight. The fact seems to be that Hardanian as induced is over. to be that Handspring was indulged in too much. With a high priced colt like Hand-

spring, for whom Mr. Dwyer refused \$50,000 from Mr. Baldwin, the temptation always is to go along carefully with him. A more moderate animal will be "banged away with" until he becomes hard, thoroughly seasoned, and capable of holding his own in any kind of com-pany. Most trainers when they have a real crack are afraid of overdoing him

The Anthracites, of Moosic, will be un-able to accept any challenges this week, as they will be unable to play any games except the Scranton Young Men's Chris-tian association on Saturday in the Scranwith work. The tide rose slowly for a gurter of an hour, and then the yacht was warped out of the dock, and at 10.30 she was tied up to the dock outside ready for her trip down the bay to the Horeshoe at San dy Hok. As soon as she got outside the box spectators could get a good view of her, and those who had seen her in
