Opinion of Attorney General with Regard to the Corbett-Fitzsimmons Fight. Austin, Tex., Aug. 27.—Attorney Gen-Evans, Charles Bone, Will Hall, Duneral Crane this morning handed down his opinion in the Corbett-Fitzsimmons prize fighting case in reply to an inter-rogatory of Sheriff Caball, of Dallas county, as to whether he had any legal

right to shoot down people while at-tempting to suppress the fight. The attorney general's reply is to the effect that prizefighters, referees, etc., constitute an unlawful assemblage, and the statues of the state makes spe-cial provisions for the dishandment of

cial provisions for the disbandment of such unlawful assemblages, that the sheriff is empowered to summon a posse or even the militia to his aid, and in case the fighters will not cease their unlawful conduct then the statutes unlawful conduct then the statutes specially provide that homicide is just-ifiable when absolutely necessary to suppress riot or unlawful gatherings. The attorney general concludes his opinion by saying that while he does not believe it necessary, still if it is necessary the statutes provide that the sheriff can use firearms in dis-banding any unlawful assemblage.
