Titis was done because of an agree-ment reached by conferences of the respective factions early this morning to admit no one to the convention out-side of the delegates, contestants and newspaper men.

Schafer, of Delaware county, asked for unanimous consent for the election of a permanent chairman in order that the business of the convention might be exside of the delegates, contestants and newspaper men. Governor Hastings, with his Phila-delphia henchman, David Martin, was one of the first delegates to enter the hall. Senator Quay followed shortly afterward, and when he had taken his seat as a substitute delegate for D. R. Corbus, of Beaver county, he divested himself of his coat, and sat in his shirt shorves. The cruwd cheered when the a permanent chairman in order that the business of the convention might be ex-pedited, and Speaker of the House of Representatives Walton made a simi-lar request. The plea was in valn, however, for so busy were the delegates in selecting members of the usual com-mittees that they paid no attention to the speakers. It was decided that as conferrees 'had agreed upon the roll of delegaten no committee on creden-tials was necessary. During a hull in the procedings at this stage, Chairman Gilkeson held a conversation of several himself of his coat, and sat in his shift sleeves. The crowd cheered when the senator took off his coat, apparently for the purpose of going to work. The heat in the auditorium as the delegates heat in the auditorium as the delegates were gathering was intense and every article that could be pressed into ser-vice for use as a fan was engerly seized by the coatless throng. The conven-tion was without the usual brass band, but the party harmony that was mani-fested was more acceptable to the dele-gates than the strains of a band of mu-sicions would have been. Gilkeson held a conversation of several minutes with Senator Quay, and it soon became known that Gilkeson would move the election of Quay to the state chairmanship by acclamation. The committee on permanent organi-tation was then announced with T. L.

The atmosphere in the hall by this time reached an al-most torrid warmth, and Governor Hastings vigorously used a fan which contained an inscriptoin to "Keep cool and vote for Quay." When Chairman Gilkeson had called the body to order. Secretary Fetterolf read the call for the convention and the secretary re-called the roll of delegates. Senator Quay was substituted for D. R. The call of Governor Hastings' name as a Center county delegate was loudly eries, but this was finally accomplished aware river, and Senator Quay amend-ed the resolution by including the Ohio river. The resolution then went to the ommittee.

Chairman Eyre, of the organized committee, formally reported that Governor Hastings had been agreed apon as permanent chairman, and the temporary chairman appointed Sena-tor Quay and Chris L. A spirit of harmony now prevaded the heated convention hall, and the the heated convention hall, and the already enthusiastic delegates became noiser than ever. The cheering con-tinued until long after the governor had reached the chair. Upon taking the chair the governor said: "Gentle-men of the convention: I thank you The call of Governor Hastings' name as a Center county delegate was loudly applauded, as was also that of Mr. Quay. Congressman John B. Robin-son was substituted for delegate Quig-ley, from Delaware county, and ex-State Chairman Thomas V. Cooper ap-peared for Delegate Whipple, of the same county. All of the 259 delegates responded to their names, and then nominations for temporary chairmen most sincerely for this great honor. The weather is too warm. I will not make a speech. I may, however, say that the recent events in the Republi-can party of Pennsylvania prove the saying that electric storms have the effect of charing the atmosphere and nominations for temporary chairmen were called for. Speaker of the Penn-sylvania house of representatives, Harry F.
