# HABEAS CORPUS HEARINGS.

Judge Bonnett Bears the Evidence in the Bischman Murder Case.

Blackman Murder Case. On Saturday last Judge Bennett held a hearing in the case of Anthony Zemetis, the hearing being due to the efforts of his attorneys to procure his release on bail. Zemetis is the man who is charged with having murdered Anthony Yiesley, and concealed his body under a fall of coal in the Black-man mine.

body under a fail of coar in the back man mine. At the hearing Dr. Wernergals, the well-known Polish physician, was the first witness. The doctor testified that when he examined the body there were three bullet holes in it, and that the skin was burned. The bullet wounds were in the right side, in the breast and the wound that killed was in the head right over the right ear. J. L. Lenahan, attorney for the de-fendant, asked whether witness ex-amined the body of the dead man and could tell if the shots had been fired into the body after he was dead. The doctor said he could not tell. Martin Carney was next called and

Martin Carney was next called and testified to the effect that he knew both Yiesley, the murdered man, and Ze-metis, the man charged with the murmetis, the man charged with the mur-der. The last time he saw Ylesley was about 5.45 o'clock, of the afternoon he was found dead. Yiesley was making a charge of powder then. Carney's attention was then directed to Ze-metis, the prisoner, and he swore he had never seen him before, and that he was not working in the Blackman mine. The witness said there were only four men working in the gangway of the mine, and the prisoner was not mine, and the prisoner was not

one of them. one of them. Charles Rice was next called to the stand, and said he lived on Stanton street, and was acquainted with Ze-metis, and the wife of the dead man. On Sunday, June 14, Ylesley was burled, and on that he had heard that Mrs. Yelsley came to Zemetis and said to him: "Anthony you look very bad; do not look so down-hearted, or peo-ple will suspace to the which Zemetis" do not look so down-hearted, or peo-ple will suspect," to which Zemetis' replied: "I am all right." The wit-ness was near them and saw then plainly, so that there was no doubt in his mind as to their identity. This closed the evidence and at the request of the attorneys Judge Ben-nett continued the case for another wask Zemetis in the meantime, was

week. Zemetis, in the meantime, was remanded to jail without ball.

#### A LOST GIRL.

# Elizaboth Perkins Has Been Missing Since

Last Thursday. On Saturday last the police of this city received notice of the disappear-ance of Elizabeth Perkins, an 18-yearance of Elizabeth Perkins, an 15-year-old girl, who has not been seen since Thursday last. The imformation was made by her brother, S. F. Perkins, a man about 30 years of age, who says he is from North Carolina. The pair have been traveling about the country for some time selling various little ar-ticles, and on Thursday last they camped near Suburban Park, and started out in different directions to sealt their goods. A heavy storm came sell their goods. A heavy storm came up, and Perkins, who had returned to camp, did not worry about his sister's non-appearance until late that night. He made a search for her, but was unsuccessful

The last place to which he could trace her was Dotter's, on North Canal street, near Lee's planing mill. Perkins

The railways of the United States give employment directly to \$00,000 men and indirectly, in the manufacture of fron, steel, engines, cars, etc., to 500,000 more, making a grand total of 1,400,000. This does not include those engaged in This does not include those engaged in the construction of new lines. Assum-ing that each man represents upon the average a family of five persons, the railways of the United States support 7,000,000 people or nearly eleven per cent. of the entire poulation. There is no other department of hu-man industry in this country, other than agriculture, which gives employ-ment to so vast an army of mea at re-

Five mile blcycle race—Lamb, first prize, \$8; Swilliam Mond Pin; J. Van-tyler, second prize, \$3. Each was presented with medals. These dancers were brought from New York city and are rated the finest in the business. The principal event of the day was the five-mile race for a first prize of \$70; second prize, \$40, and third prize, \$20. It was the last event of the day, and all remained in the rain to see ft. There were five entires, four of them the ment to so vast an army of men at re-munerative wages. This is one of many reasons why the general prosper-

It was the last event of the day, and all remained in the rain to see it. There were five entries, four of them the fastest five-mile runners in the world, being Engleman, of New York; Nolan, of Boston; Markes, of Staten Island, and McClellan, champion five-mile run-ner of the world. They all kept to-gether until the last 250 yards, when all let out their remaining speed down the course. McClellan crossed the wire four inches in the lend of Marks, with Nolan a good third. It was a great race and a fitting close to a suc-cessful day. American railways is another reason why the prosperity of the country is so largely dependent upon their prosperi-The farmers and planters of this essful day.

Boat Clubs Organizing at Wilkes-Barre. One of the results of the Lake Ariel One of the results of the Lake Arlei regatta is apparent in the formation at Wilkes-Barre of two rowing clubs, which, while not yet fully completed, promise by another year to be so well equipped that they can make them-selves felt in regatta events. One of these clubs is being got together by Hugh Sharps, and some of its members have already done active work in the six-cared barge formerly owned by the six-oared barge formerly owned by the Midvale club and lately in charge of the Monockonocks, at Port Blanchard. It was stated yesterday in certain circles that this club might perhaps have a crew in shape for the Lake Ariel regatia of next Saturday, and if they decide so will row in the fine four-oared shell belonging to the Monockonocks. The Plymouth Stars will row in two four-oared events on next Saturday, and the Shawneeites are extremely delight-ed that there is the prospect of in-creased rivalry on the river. They say creased rivalry on the river. They say that with Wilkes-Barre having two clubs, Nanticoke and Pittston will sure-ly catch the fever and the result will be a revival of the best of athletic sports in this section. Many Plymouth and Wilkes-Barre people have expressed their intention of going to Lake Ariel on Saturday, and for their benefit it is stated the most convenient and cheap. stated the most convenient and cheap-est route will be electric cars from Plymouth to Wilkes-Barre; there, with Plymouth to Wilkes-Barre; there, with Wilkes-Barre people, they will take the Erie and Wyoming Valley train leav-ing about \$.30 a. m., buying tickets only to Port Blanchard. At Fort Blanchard regular Lake Ariel excursion tickets will be sold on the train. A special train will return them to Port Blanch-ard in the evening, after the races, and then they can reach home by electric cars.

### cars. Serious Runaway.

On Saturday last there was a serious runaway a few miles below this city. Mr. and Mrs. J. C. Tubbs, of Glen Lyon, started to drive to Morgantown, Lyon, started to drive to Morgantown, and had reached a point on the road near the breaker of the West End Coal company at 'Macanaqua, when the horse was frightened by a small engine used about the works. The animal became unmanageable at once and run away, overthrowing the carriage and throw-ing its occupants out. Superintendent Sarge, who was a witness to the accl-Sarge, who was a witness to the acci-dent, hastened to the assistance of Mr. and Mrs. Tubbs, and later took them home. Mr. Tubbs sustained a severe cut on the head and Mrs. Tubbs was injured internally. The horse ran some distance before being captured. The buggy was totally wrecked.

assimilated, and acceptable to the

weakest stomach. Ask any physician, and he will tell you this is so.

casings are made in halves, and these are glued together with the lead inside

munerative weges. This is one of many reasons why the general prosper-ity of the country is so dependent upon the prosperity of its railways. The total disbursements of the na-tional government less for pensions and payments to the sinking fund, but in-cluding interest for the fiscal years 1889, 1890-91-92-93 was \$1,106,495,435, while the disbursements by the railways of the nation for operating expenses and interest for the single year ending June 30, 1883, was \$1,104,755,663 or for the cost of operation alone \$55,027,181. The magnitude of the disbursement of American railways is another reason Men have experimented with a view in readiness to receive the special apli-cation of substances needed to render the stock applicable to the use for which it is intended

PITTSTON.

The farmers and planters of this country will not receive this year upon the average more than 50 cents per bushel for wheat, 40 cents per bushel for corn, 30 cents per gushel for oats, and 5 cents per pound for cotton, or \$20 per bale, or for the entire crop of these four great agricultural staples as follows: [The Pittston office of the Scranton Tribune has been opened by H. W. Cruser, agent, at No. 5 Williams street, where con-tribution of news, complaints of non-de-livery, orders for job work of all descrip-tions, should be addressed and regular subscriptions received. Advertising and subscriptions rates cheerfully submitted.]

1,400,000,000 bushels of corn at 40c \$560,000,090 500,000,000 bushels of wheat at 50c \$50,000,000 700,000,000 bushels of outs at 30c \$10,000,000 9,000,000 bales of cotton at \$20 \$160,000,000 Riferd Maroni, who lives in an alley on North Main street, on Saturday en-leavored to extract from a 38-calibre revolver a cartidge. It stuck in the cylinder, so the son of Sunny Italy at-tempted to force it out. It exploded and the ball lodged in Riferd's limb near the knee. He was taken to the hospital, where his wounds were attend-A total value of ......\$1,200,000,000 

Patrick McCue, who was thought to be fatally shot over a week ago in a quarrel, is expected now to recover. The bullet was dislodged Saturday morning by attending physician. Dr. Hutchins, The ball is a 38-calibre and was located near the spinal column. Now that the bullet has been removed the injured man's friends entertain great hopes of his because that of agriculture in promoting the prosperity of all classes, and that the success of agriculture is dependent upon nis recovery.

efficient railway service. It is charged by those who promote and demand legislation unfriendly to railways that railway capital is largely fictitious, or, in other words, dargely watered, and that by paying dividends Despite the threatening and lowering of the sky on Saturday morning a large crowd, numbering nearly 400, accom-panied the Henry Gration club on their excursion to Mountain park.

watered, and that by paying dividends upon a nexcessive capitalization rail-way managers have done gross injus-tice to the public. What are the facts? The total dividends paid for the fiscal year 1893 to the shareholders of 173,000 miles of railway was \$95,337,681, or 1 86-100 per cent, of the capital stock. One mill per ton per mile upon the freight carried that year amounts to \$90,552,687, or only \$4,784,994 less than the total paid for dividends upon stock. The total earings from all traffic for A misunderstanding has arisen among the city school controllers as to the lo-cation of the teachers. Some declare that when the teachers, some declare that when the teachers were selected they were elected to fill their old posi-tions. Others claim that the teachers were not formally located, simply elect-ed. Professor Shiel is of the opinion ed. Professor Sniel is of the opinion that it was understood that the old teachers will resume their old positions, and, after conferring with the teachers' committee, he has located Miss Barnes in the new school to be opened in the Oregon building, and Miss Cawley in the new school to be opened on the sec-The total earnings from all traffic for that year was greater than for any pre-ceding year in our history. has been there two or three times and finds from Mr. Dotter that the girl came there Thursday afternoon, tried to sell some things but failed. She sat down during the but failed. down during the storm and talked awhile. Afterward, Mr. Dotter says, she went out, but he did not notice in what direction

He has kept up the search, but with-out finding any trace of her and he has now asked the police to ald him. He says the girl had \$65 with her when she disappeared and he fears she has either been foully dealt with or that she has here bidraward or ortical she has been kidnapped or enticed away for immoral purposes.

#### THE SCOTS' PICNIC.

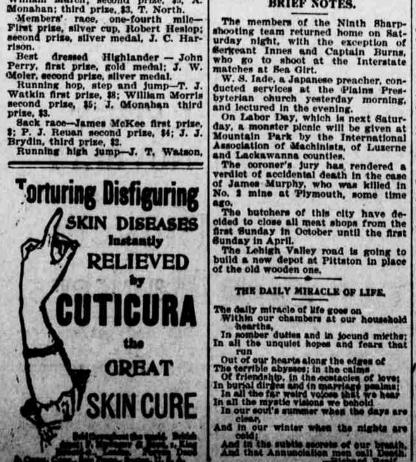

# The Whole Programme Passes Off as if It Didn't Rain.

The tweifth annual picnic and games of the Caledonian club of this city, were held at Hanover Park Saturday, were held at Hanover Park Saturday, and there was a big attendance in spite of the rain and bad weather. The grounds, of course, were very mudly, and the rain played havoc with the white dresses of the girls. The Caledonians were all there in their mational dress, and they presented a fine appearance. At the last moment, it was concluded to put the programme through as it had been prepared, and it was done successfully. The sports resulted as follows:

The sports resulted as follows: Boys' race, under 11 years-First prize, suit of clothing, won by Harry Jones; second prize, pair slippers, won by Frank Hack Jones; second prize, pair slippers, won by Frank Heck. Putting the stone-First prize, \$5, won by T. J. Curry; second prize \$5, won by George Perry; third prize \$5,

Huffman. Throwing the hammer—First prize. \$10, won by G. Perry; second prize, \$5, won by T. I. Curry; third prize, \$5, won by W. S. Scott. Tossing the sabre—First prize, \$10, won by T. I. Curry; second prize, \$5, won by W. F. Scott; third prize, \$4, won G. Perry. Running high jump—First prize, \$3, William March; second prize, \$5, A. Monahan; third prize, \$3, T. North. Members' race, one-fourth mile— Huffman.

Trouble for Lloyd.

Trouble for Lloyd. Centroller Joseph D. Lloyd has ap-pointed Robert E. Donaghey, of Hazle-ton, his chief deputy, and upon the ap-proval of his bond on next Wednesday he will assume the duties of the office. The commissioners and auditors will contest his right. At a meeting of the auditors Friday it was decided to se-cure an infunction restraining Lloyd from assuming the duties of the office until the legality of the act under which he will serve is determined.

#### Scranton Crooks in Town.

Two men giving their names as "Kid" Martin and Ed. Clark, both of Scranton, were arrested in this city last Saturday evening, and locked up for a hearing today. They were visit-ing saloons and springing some sort of a shell game racket on the unsuspi-cious, and had caught several when the police nabled them.

BRIEF NOTES.

No. a mine at riymouth, some time ago. The butchers of this city have de-cided to close all meat shops from the first Sunday in October until the first Sunday in April. The Lehigh Valley road is going to build a new depot at Pittston in place of the old wooden one.
