JOHNSON THE WINNER.

lie Takes the Championship Cup in Three Straight Sets.

The finals in the singles between H. Torrence, of this city, and W. V. Johnson, of Scranton, took place yesterday afternoon at Farview. The weather was all that could be desired, being just cool enough to lend a vim and dash to the playing and not hot enough to make it uncomfortable. The courts were in fine condition, being as hard and smooth as asphalt.

were in the condition, and smooth as asphalt.

A large crowd was in attendance ready to applaud their favorite when he made an especially good play. They were not disappointed. The playing was the best ever seen on the grounds, and each man can feel that he did all that could be expected. The result was somewhat of a disappointment, however, to the Carbondalians. They had hoped that Torrence would win, and if he had been really in good form he would. Even if he did not win, Mr. Torrènce may well be proud of the showing he made.

It was evident to all, after a few games had been played, that Torrence and smooth as asphalt.

games had been played, that Torrence was not in his usual form. He did not put up his usual game. Mr. Johnson. on the other hand, was in the best of condition, as he showed by his brilliant

John-son won the next and brought the score to a tle, with two consecutive games to win the set. By brilliant plays he won both games and the set. All the games were close, many of them being durce games, and one having as many as eight durces.

The next set Johnson completely out-classed Torrence, and took the set with The score, 6 to 1.

The third set was nearly the same as he first, Juhnson leading at first and Torrence, by cool playing and good judgment, once more bringing the score to 5 to 5. Johnson again won the next two games and took the set.

The playing of bothmen was brilliant. Johnson won applause time and again by his long back-hand drives; many balls that seemed impossible to reach were returned with safety by him. Torrence, too, played strongly. He did not play his usual net game, however, and most of his points were lost while playing up. He showed good judgment at critical moments, though. His back court playing was of the best, and his returns and placing good. His serving was poor, however.

Neither man played up to the net to any great extent, and all games were won and lost in the back courts. By this victory Johnson takes the cup offered by the Delaware and Hudson, having won it three times and thus making it his personal property. Tor-rence won it in '93, and strong hopes of his winning was entertained by the Carbondale club.

VERY FORTUNATE ESCAPE.

Fell from a Second Story Window but Is Not Killed.

Mrs. John Keenan, a resident of Farview stret, narrowly escaped death by falling from the second story of her house on Sunday afternoon. Many people saw that the affair was no ac-cident at all and that Mr. Keenan jumped from the window of her own accord to escape from her husband. Whatever the reason for her fall may be, however, Mrs. Keenan may con-gratulate herself that she escaped so luckily as she did.

The persons who saw her fall rushed to her side expecting to find life ex-tinct, but no bones were broken even.

Sunday morning Mrs. Ellen Smegley died at her home. Mrs. Smegley has been suffering great pain from cancer of the breast. It was not till quite recently, however, that she had to take to her bed, from which she never rose. BROKE INTO THE SCHOOL.

overal Miscreants Do Considerable Damage to the Property.

Sunday night several persons broke nto the Fell township school house and did damage that will cost considerable to fix up again. The school was about to open and the vandals probably thought that this

would delay it somewhat.

Among other things destroyed was a new chart which cost nearly \$50. This new chart which cost nearly \$50. This was cut into small pieces by the miscrents. School books and other property which had been left was also destroyed and the windows broken. No clue to the perpetraters can be found as the school house is in a lonely spot, and they could do the work without fear of discovery. How anyone could do such a thing is hard to understand, as anyone who would so lower himself is not fit for human association. If discovered they will receive summary punishment and will be used as

Since they have moved into their new quarters they have greatly increased the appearance of their rooms, which are now very cosy and attractive.
