For various reasons the hearing of Miller was continued till Wednesday, Sept. 18. Meanwhile a strong effort will be made to round up Howe and Phillips. New information has been gained that, it is said, will establish beyond peradventure the guilt of Miller and the other two if they can be caught. BUS MEN CAME TO BLOWS

They Created a Scene in the Quiet Little Town of Moosic.

NOT LIKE OPPOSITION

Liveryman Thomas F. Connell Did No. Propose to See Ills Trade Drift Away from Him if He Could Help It.

Moosic is having its own share of excitement these days. The nine days had about clapsed since the postoffice was burglarized, so that the good housewives had winnowed nearly all the gossip out of that occurrence; something happened yesterday that will furnish material for many a backyard dialouge during the next fortnight.

Liveryman Thomas F. Connell, of Duryes, and Newton Williams, of Moosle, who run rival transfer busses between the Moosle and Duryes street car lines, engaged in a fight at 9 o'clock yesterday morning. Williams was knocked down from a blow of a large stone flung by Connell; it made an ugly gash in his head and covered him over with blood. The assailant went to Duryea before he could be arrested for his act. iMen, women and children on their way to church saw the fracas. In order to reach Pittston by the trolley route the passenger who boards the Liveryman Thomas F. Connell, ley route the passenger who boards the Moosic car will be required to alight where the car turns from Main avenue in Moosic to Spring street to Stark's Patch. One must foot it then, taking a course to the right, down past No. 13 shaft of the Pennsylvania Coal company and around the "Horseshoe Bend" to the other side of the river. The Wyoming Valley lines run to the apper end of Duryea. At any rate the walk is about a short mile, and it is along this route that the transfer busses make their trips. The Moosic extension runs to the lower part of

Avoca borough. Williams Betrayed His Scheme. Liveryman Connell was the first to put his vehicles in motion, but the scheme originated in the fertile brain of Williams, who was a butcher. It dawned upon the latter that "there was a barrel of money" in it for any man who had a couple of teams and as many band wagons to transport the crowds that were forced to walk from crowds that were forced to walk from Moosic across to Duryea to take the ear there for Pittston. The street car company is blockaded on both sides of the river by legal obstructions. The South Side and Moosic line runs only

to Avoca, but the tracks are laid al-most to Pittston. The Delaware and Hudson Railroad company prevented the trolley com-pany from crossing its tracks at grade that is where the hitch comes in there. On the other side of the river the Tay-lor line goes only to Rendham, there being many complications preventing being many complications preventing the extension of the system to Duryea to connect with the Wyoming Valley Traction company's line at that point. Therefore the best route to Pittston for those who go by the trolley—and the traffic is very heavy on Sunday when no trains are running—is to go to Moosic and walk from there to Duryea. Butcher Williams evolved the idea Butcher Williams evolved the idea of putting a transfer bus or two on this road. He succeeded in interesting a young man named Willard and they be gan to make preparations; while they were preparing they told their friends what they were going to do. It got talked around Moosic that Williams and Willard were going to make a for-

News Reached Connell's Ears. Beyond in Duryea Connell keeps a stable and a string of horses. He heard a glowing account of the new enterprise and the thought seized him to establish a line before the Moosic common carriers got started. Accordingly, the very next day he put two teams attached to two band wagons to work. The fare was a nickel, and he coined almost a bushelful of silver before the day was over.

Amazement and alarm overcast the visages of Williams and Willard when they saw another Richmond in the field, but nothing daunted they got their own wagons ready, and after Connell had the field all to himself for three or four days, they came out one morning ready to begin competition with him Somehow, the most of the trade went to Williams and Willard. They had two vehicles, one rigged out like an open street car with a canopy overhead and easy steps on the side to climb up. The other was a light spring wagon, three-seated, also canopled. The first three or four days of the competition the passengers got quick rides. The drivers whipped up their steeds to get to the destination first and

procure the most available position to secure passengers on the return trip. Connell Became Abusive. Eventually, when the days drifted on and no sign of a stampede to his wagons, Connell adopted another method. The three-seated wagon run by Williams and Willard was lettered with the name and address of the well-nown Ellow Edwards of Raymond. known Riley Edwards, of Raymond court, signifying to the casual observer that Riley owned the wagon. Just as soon as any women attempted to get into this wagon Connell would stand on the seat of his wagon and make the following speech, or one similar: "Ladies, the wagon in which you are

about to ride is one in which all the prostitutes of Scranton go out in by moonlight." moonlight."
This speech had its effect, and it led to an outbreak between Williams and Connell yesterday morning at 9 o'clock. Williams is an old man and bore the marks of Connell's victous assault. All day there was a sullen feeling of hostility between the rivals. Connell skipped after he struck Williams, but the latter kent at work, and went well the latter kept at work, and went well armed; not, however, to shoot Connell on sight, but to protect himself if it

were necessary. Connell remained out of reach, but will be arrested today on a warrant for aggravated assault and battery. TO THE ENCAMPMENT.

The floral offerings were beautiful and elaborate and so numerous that it required nineteen young men to carry them.

It was 3.30 before the remains could be removed from the house on account of the great number of persons who desired to pay their final respects. The casket was carried to Holy Rosary church, a short distance away, where services were conducted by Rev. William O'Donnell and Rev. John J. The cortege was headed by the Excelsior band, playing a dirge, and then came the members of the Cumberland and Excelsior Hose companies and Division No. 6, Ancient Order of Hibernians, preceding the hearse, following which was a line of carriages almost a mile in length.

The pall bearers were: Dr. J. J. Sullivan, Dr. E. F. Scanlon, Dr. J. J. Carroll, Dr. F. L. McGraw, Dr. Bauer, Dr. William Donne, Dr. J. F. Saltry, Dr. Ludwich Wehlau.

OUR EXHIBIT AT ATLANTA.

What Has Already Been Done by Women

of Lackawanna County Pennsylvania was very late in beginning work in view of making a dis-play at the Atlantic exposition. The appropriation of funds for this pur-pose was not voted until the last of the legislative sessions, and it was really not until July that the smallest progress was made. The commission-ers were not appointed at once, and many of the members of the Women's Auxiliary to the commission were not named until nearly the middle of August.
While the women of many other lo-

calities have been very apathetic in this matter, in this city much activity was shown and marvelous results have been accomplished in an incredibly short space of time. Perhaps nowhere else would they have deemed it pos-sible to make even a meagre repre-sentation of the locality under such disadvantages, but Scranton women are different. Whatever they undertake is a success. If they could have had but little more time, the exhibits from this place would have been more elaborate and more complete, but even now they will be a credit in every re-spect to the enterprise that has se-

cured the display.

The case of relics that will be sent this morning will be of interest to every section of the country. To Miss Susan E. Dickinson is due the credit of collecting and arranging this display She would however here been play. She would, however, have been unable to accomplish as much had she not been assisted so effectively by Mrs. E. N. Willard, whose enterprise and interest are always enlisted in worthy cause

In the collection will be seen articles as follows: From Mrs, Townsend Poore, President Washington's "State Plate," from Mrs. Frances Slocum Oakford, a grandniece of the famous "White Princess," who was stolen by the Indians a short time after the Wyoming massacre, is received an excel-lent portrait of Frances Slocum, taken in old age, after she had refused to leave her Indian home and family to come east with her brothers. Mrs. Oakford has also loaned two sets of East Indian China, very old. One of three pieces, the other containing two. A sampler wrought by an ancestor in 1811, and an antique silver sugar bowl. From Mrs. W. H. Richmond are a tea caddy of the colonial period, rose blanket spun by Mrs. Morss, the mother of Mrs. Richmond, early in the 19th century; centerplece wrought by a lady over 80, table cloth spun a century ago by Mrs. Morss; child's dress, hemstitched and embroidered before the days of the sewing machine; candle-

sticks of the revolutionary period. From Miss Mason, antique china tea pot and a rare piece of brocade that was worn by Queen Elizabeth, who gave it to a maid of honor belonging to the Hallam family, from whom, by in termarriage, it has come into the Mason family. From Dr. and Mrs. B. H. Throop, "Dr. Throop's History of Scranton," five pieces of very fine eighteenth century needlework, three pieces of what is now termed South Kensington embroidery framed; two pieces of exquisite beaded work. From Horace Hand, revolutionary and co-lonial relics in the shape of script, old newspapers, etc. From Mrs. E. A. Pettigrew, a rare needlecase, thimble, etc., which has been in the family for more than 300 years. From Mrs. C. R. Parke, encyclopedia of early eighteenth century, valuable autograph letters of the time of "Dolly" Madison, who was near relative of Mrs. Parke's mother Judge Jessup will also send a number

of relics.

Mrs. N. Y. Leet has been very active in securing photographs. Among them are views of the finest buildings in the

city, etc. A number of pieces of china will be sent by Mrs. J. T. Porter, Mrs. A. J. Connell, Miss Sophie Schlager and oth-Connell, Miss Sophie Schlager and others. Miss Grace Norton, who is studying in Germany, will send several beautiful pieces a little later.

Mrs. D. E. Taylor and other members of the transportation committee will be at the store of Weichel & Millar this

morning to send the boxes. All who have articles not yet listed will please leave them there as early as possible. The curtains are ready for shipment, and will be forwarded to the state department today by the Scranton Lace

company. Among the articles most desired by the women's auxiliary are complet Quaker costumes for both sexes and portrait of Benjamin Franklin for th

YANKEES DOWNED CANUCKS

In All But One Event at the Lake Ariel Regatta.

CRACK ROWERS OF TWO NATIONS

The Races Were Hotly Contested Becaus of the International Rivalry Engendered by the Entrance of a Canadian Club.

The great joy that was felt over the defeat of the British sailors by Captain Haff's Yankee tars was augmented in no small degree throughout the middle states by the success of the Yankee oarsmen over their British cousins at the Northeastern Pennsylvania regatta on Lake Ariel.

In former years the strife and rivalry at this regatta was internecine, but at Saturday's event this was abandoned and lost sight of in the struggle to keep and lost signt of in the struggle to keep the crack Canuck oarsmen from carry-ing from Yankeeland any of the hand-some trophics. This gave an added zest to the races and made them the most successful yet held. Another fea-ture which lent additional interest was ture which lent additional interest was
that the finishes were made at the
starting point, the course being threequarters of a mile and turn, thus enabiling the spectators to see the two
most interesting periods of the contests,
and also to keep the boats in view over
the entire course.

About 2,000 people attended the regatta, Wayne and Luzerne counties
contributing fully as many as Lackacontributing fully as many as Lacka-

contributing fully as many as Lacka-wanna. There were many of these, however, for whom the races had little or no attraction, for during the after-noon, while the races were on, fully as many people were in the picnic grove as there were along the shore. A ball game between the Actives of this city game between the Actives of this city and the Amitys of Honesdale, which was won by the latter, aroused much interest and enthusiasm, particularly among the Wayne county people. The fakirs also came in for a good share of attention, but their games were such a close approach to actual stealing, that, while the spectators were many, the speculators were few. A number of men, however, were fleeced before the fakirs concluded that they could not make enough to pay their "cappers" out of that crowd. Dancing, rowing and the other amusements which the place affords, also contributed to the enjoyment of the day. close approach to actual stealing, that ment of the day.

Water Somewhat Choppy The water was slightly "choppy" during the afternoon, and as a result the time made was slow. The races, however, were fast considering the conditions. The Canadians fought bravely in every event in which they had entries and proved themselves worths. tries, and proved themselves worthy opponents, but they captured only one race, the junior double scull. There was only one accident during the day. In the intermediate doubles the Vespers, of Philadelphia, ran into the Quaker City boat, cutting off four feet of the prow. The Vespers were disqualified, and at the conclusion of the day's sport and at the conclusion of the day's sport the race was finished with the Daunt-less and Quaker clubs as the contest-ants. The Quakers were handicapped by having to use a strange boat, and made a poor showing, the Dauntless club winning easily by about six lengths. The Stars, of Plymouth, made a fair showing considering the fact that they were pitted against the crack oarsmen of two countries.

ated and Renovated House.

During the period that has elapsed since the close of last season, carpenters and painters have been busy in changing and decorating this always neat and cosy theater, and its old patrons will be delighted with its present appearance. The entire auditorium has been elegantly frescoed, every chair in the house has been renovated, the opera chair division has been "stepped," that is, the flooring in front of each row has been made level, and the opera chairs themselves have been numbered so that they may be sold reserved in advance.

But the greater improvement, in point of expense, is the changing of the stage in such a manner that any scenery brought to the house by companies, no matter how large or elaborate, can be used to the best advantage. The stage was originally designed to use only scenery and properties belonging

DEATH OF MRS. PETTIGREW.

She Wasa Lady Who Was Well Known in This City. Many of Scranton's best known women will with regret learn of the death of Mrs. Elizabeth Pettigrew at her home on Kressler court, near Clinton place, early yesterday morning. Mrs. Pettigrew was an old woman, 77 years of age, and by reason of her own pe-culiar talents held a conspicuous posi-tion among the women of the city until

a dozen or more years ago. Came Here From Carbondale She was conspicuous, not because of wealth or social distinction, but be-cause of her identity as one of the first professional dressmakers in the city, and her monopoly at one period of the cream of dressmaking custom; and in addition there were several episodes in her life which makes her and her memory interesting. Notwithstanding her years she possessed an unusual vigor and had several girls at work in her establishment up to two weeks ago, when began the illness that caused ner death

Mrs. Pettigrew was born on Staten Island, across the harbor from New York city, and in her young girlhood lived near and had, an acquaintance with the rich Commodor Vanderbilt, of whom she has been wont to tell many interesting reminiscences.

KNIGHTS OF MYSTIC CHAIN. Will Meet in State Convention at Wilker

Barro Tuesday. Tomorrow the twenty-fifth session of the select castle of the state of Pennsylvania of this flourishing order will commence its sittings at Wilkes-Barre. Representatives from all parts of the state will be present, and about 500 officers and representatives will assemble in Concordia hall to transact the business of the order.

in Concordia hall to transact the business of the order.

A monster parade will be held at 1.30 on Tuesday, in which all Luzerne county castles will take part. Lackawanna castles, of which there are seven, have decided to go down in a body; they are to assemble on Lackawanna avenue at 8 a. m., near the Ancient Order of United Wodkmen hall, where Scranton castle, No. 137, meets, and march in a body, headed by Bauer's band, to the Delaware and Hudson depot and go on a special train leaving at 9.15. Esa special train leaving at 9.15. Es-pecially low rates have been secured and round trip tickets can be hed of the members for 55 cents. The Degree of Naomi will be well represented from this section, as there are two assemblies of this branch here, one in Petersburg and one in Hyde Park. These also are going in a body, which,

together with the commandery, or military degree, will fittingly represent Lackawanna county.

The Scranton Cash Store at the present time has in its warehouse and store rooms the largest stock of Groceries and Provisions of any house (not exclusively wholesale) in Northern Pennsylvania. Including 60 to 70 tons of Feed and Meal, 1,000 to 1,200 barrels of Feed and Meal, 1,000 to 1,200 barrels of Flour, 400 to 500 chests of Tea, 309,000 to 400,000 Cigars, over 300 pails Fine Cut Chewing Tobacco, over 100 Butts Plug Tobacco, 300 to 400 dozen Brooms, and other lines in about the same proportion. We merely mention these facts to show that we buy goods in large enough quantities to get inside prices. So much for quantity. Now as to quality. We have as high grade Tea as there is brought to this country in all of the different varieties. Our best grades of Java, Mocha, Maracaibo and Rio Coffee is unsurpassed anywhere. The "Our Best" brand of Minnegota Patent Flour gives better satisfaction to the number of barrels sold than any Flour on this market. Our Tin Tag Hams are away ahead of any Tin Tag Hams are away ahead of any Ham, barring none, to be had in this part of the state today. So much for quality. Now regarding prices.

We are the lowest priced house on

Groceries, Provisions, Fresh Meats, Cigars and Confectionery in this state (we get the price lists of nearly every large cash store in the state, and know what we are talking about). Our de livery now is prompt. Our service in the store good. Who is offering 22 pounds Granulated Sugar for \$1? Who is selling Sugar Cured Hames at 9½ cents a pound? Where can you get fresh eggs for 13 cents a dozen? Who is selling Good Cigars for 50 cents a box, or who is selling Fine Chocolate Creams for 121/2 cents per pound except
