DIRECTORS CONVENED.

Monthly Meeting of School Board Held Tuesday Night.

The regular meeting of the school board was held in the central school building, all the members being present. Several bills were placed before the board and ordered.

Among them was one from William Passmore for \$27.75 for repairs done on the different buildings. As Mr. Passmore was indebted for some of his children for last year, this was ordered deducted and the rest paid. There are several other people who owe bills, and it was thought advisable that bills be sent them.

Albeman Jones had a bill for \$6, the costs incurred in the arrest and punishment of several boys who annoyed the teachers of the Farview school. This was ordered paid after some discussion. Mr. Reynolds had a bill for \$142.92 for 630-23 square feet of blackboard. This was referred to the committee.

Professor Hockenberry addressed the board and asked for permission to use the school to hold a meeting of the Alumni association to consider the organization of a football team. The request was granted.

Superintendent Forbes made his report of the condition of the schools. The schools were in excellent condition, he said, and never before the opening been more favorable. The attendance had been somewhat increased, and there were at the time 1,983 pupils in the schools of the city. The furniture in No. 9 school was not best adapted to its purpose. The seats are too high for most of the pupils, and recommended that a committee be appointed to remedy the matter.

Mr. Forbes also recommended the purchase of an atlas for use in the high school. Many complaints were made about the number of books lost, and the committee were instructed to get an officer who should secure the books and have the cost charged to the holders of the books.

The janitor of No. 9 sent in a bill for \$29 for cleaning the school, but as the school now belonged to the city he expected them to pay it. It was thought differently. No more business of importance was transacted, and the meeting adjourned.

TWENTY DAYS' NOTICE GIVEN.

The Councils Meet and Much Business Transacted.

Both houses met separately and jointly Tuesday night and in much business done. The ordinance which provides for the removing of the Transit company's tracks to the middle of the street passed. It was also decided by its conditions the company will be given twenty days to comply with it. The bids for the sewerage of Park street were recommended to be rejected, and new ones providing for pipes for earth and stone work be advertised for. This passed.

The bids for the curbing and grading of Salem avenue came next, and some little trouble was caused before the contract was awarded. Mr. Blair's bid was much higher than the other two and it now lies between Collins & Kennedy and John Leach.

The committee recommended that it be given to Booth, but this was not thought right by some, as the other bid was a little lower. It was given to Collins & Kennedy at last. City Solicitor Stuart said that the suit against the city instituted by Frank Wells would come up for trial next week and asked that a committee be appointed to confer with him. This was granted.

Several other things came up, some discussion being made on the proposed fire alarm system. The meeting then adjourned.

WILL COME TODAY.

Evangelist Schiverea Has Completed All Arrangements for His Stay Here.

Today, or tomorrow at the latest, the famous Evangelist Schiverea will come to Carbondale. The funds which were necessary for his coming have all been raised, and a telegram telling of the fact was sent yesterday. The young men who were on the committee to raise this money have been untiring in their efforts, and it is due to them mainly that he will be here.

The tent he will bring will be a large one, and will be erected at the head of Garfield avenue, on the Kirby lot.

After taking Hood's Sarsaparilla a short time I commenced to improve, and after using three bottles in all, my complaint entirely left me. I now have an appetite, sleep well and am free from all stomach trouble. I know Hood's Sarsaparilla has cured me, and I cheerfully recommend its use by all who are run down and need a building up medicine." Miss Alice Warr, Bridgewater, Pa.

FOREST CITY.

A number of our citizens attended the clam bake at Scull pond. The cause of the alarm was a large bonfire which had been started by M. W. Woodmansee, of Delaware street. Mr. Woodmansee had just resingled his house, which was recently partially destroyed by fire, and as he intended to go on the excursion to Toronto Tuesday morning he thought it safer to collect the old shingles and burn them. The large volume of smoke ascending caused many to think that his building was again on fire, and the members of the fire companies and many other citizens took considerable exercise in the way of sprinting as a result.

It is rumored that a call will be extended to Mr. Williams to become pastor of the church here. The reverend gentleman served this pastorate for three years before, and was a very able minister, and generally esteemed by his flock. It is hoped that the rumor of his recall here will prove to be a fact.

The Tribune has before noted the attractions provided for the occasion, but will beg leave again to urge on every one to attend the freemen's picnic. A parade will be held at 1 o'clock p. m., to which all local societies have been invited.

The Outcasts of a Great City" is the attraction at the opera house, next Saturday evening. The troupe is said to be an excellent one, and as the show is the first of the season, Manager Collins expects a large attendance.
