Impressive Ceremonies at the Dedication of the National Military Plot - The Vice President Will Attend.

Chattanooga, Tenn., Sept. 15 .- Nearly Chattanooga, Tenn., Sept. 15.—Nearly a third of a century ago the battlefield of Gettysburg was dedicated as a na-tional cemetery. On that occasion President Lincoln delivered an address which was recognized as the philo-sophy, in brief, of the great struggle then immediate batteries the path and

then impending between the north and south. In this address in words long since historic, he formulated the doc-trine that "This nation, under God, shall have a new birth of freedom, and

that government of the people by the people for the people, shall not perish from the north."

Yesterday morning Mr. Bolze laid off fifteen laborers who had been em-ployed on the place, and it is thought

that some of them took revenge for dismissal by setting fire to the barn. Mr. Rockefeller and his family are now in Cleveland, and the house is unoccupied. It was stated this morning that dynamite and powder had been found around the Rockefeller mansion also, seemingly for the purpose of de-stroying that building.

FIRES IN NEW JERSEY.

Thousands of Acres of Cedar Swamps Are Destroyed-Efforts of Fire Fighters to Save Property.

Waterford, N. J., Sept. 15.-A terrific fire is destroying thousands of acres of redar swamps near here tonight. This is the fire that has been burning in the Jackson Meadows for the past two weeks and which has destroyed at least \$60,000 worth of property. This morn-ing a 40-mile an nour wind drove the fire into the big cedar swamps and toward the Burnt Mill cranberry bog, a mile from here. Residents, with a big gang of Italians, drove out in wagons and are still fighting the flames. By back firing from the Atco branch of the Jersey Central railroad they saved the Collings cranberry bogs, but the fire is now stretched in the big swamps from Jackson to Atsion, a distance of

ten miles. Just before noon the teams with which the fire fighters drove to the scene came near being burned, and it was only by galloping through the surfocating smoke that they were saved. Cinders from the fire fell in Cedar Brook, seven miles away. Tonight it was learned that the house and out-buildings on Isaac Herford's place were destroyed, and one Italian from this place has been missing since 5 o'clock. E. Z. Collings, an extensive cranberry grower, is here with a big gang to save his bogs.

SAVED BY A WOMAN.

Passenger Train Halted a Few Feet from a Burning Bridge. Cheyenne, Wyo., Sept. 15.—What would have proved a frightful wreck to the west-bound Union Pacific fast

nal, consisting of mail cars, day coach and Pullman sleeper, was averted by Mrs. Olstrom, wife of a section hand at Wolcott Station. At 1239 today Mrs. Olstrom, who was

alone at the section-house, saw that a wooden bridge by which the line of rails crosses a gulch was on fire. The fast mail, which was forty minutes late, was coming at a high rate of speed, followed some miles back by the west-bound overland filer. Mrs. Olstrom sped down the track and flagged the approaching train. It was stopped a few feet from the

burning bridge, which was so weak-ened by the flames that it would not have carried the train across the gulch.

SEARLE'S GREAT RECORD.

Rides from Chicago to New York in 144 Hours and 20 Minutes.

New York, Sept. 15,-R. P. Searle, the long-distance cyclist, who started from Chicago to break the record to New York, arrived here at 4.35 Saturday morning, breaking the best previous record by three hours and twenty-five minutes. Searle left Chicago at 4.15 Sunday morning last, determined to break the record. He made his first stop at Cleveland, where he had two and a half hours' rest. Starting out and a half hours rest, starting out again, he did not alight from his "bike" until he reached Jamestown, where he had a light repast and a brief rest of three hours. The third stop made on the way was at Hallstead, where he

stayed for three and a half hours, making a total stoppage time on the way of nine hours. He did not show any signs of fatigue until he reached Washington, N. J., at 5.30 o'clock Friday evening, and were it not for the encouragement afforded him by the presence of Frank Leonard and Bert Henderson, who joined him at Scranton, Pa, he would have stayed, and consequently would not have succeeded in lowering the record by as many hours as baddl. Scale by as many hours as he did. Searle was completely exhausted when he reached here and went at once to a hotel and to bed.

stables Judge and Wolf Get Into Serious Trouble - Judgo Committed to Jall.

Special to the Scranton Tribune. Wilkes-Barre, Pa., Sept. 15.-A shoot-ing affray which will probably cost the lives of two men took place at Ed-wardsville this morning, the men who did the shooting being two constables, Bruce Wolf and Michael Judge. Judge is an old constable, but Wolf has only been appointed four days, but in that time has made fifteen arrests. Saturday was pay day at the Ed-wardsville mines, and in the evening a crowd of Huns who board with John

fused to accompany the officers to jail. An altercation ensued and Wolf, draw-ing his revolver, which was a sixshooter, emptied itsentire contents into the crowd.

The Bullets Took Effect.

Four of the bullets took effect. Two struck Mike Dakyzses, a young man 22 years of age, one in the chin and one in the neck, inflicting wounds that will probably prove fatal. Two others pierced the body of John Bywaris, the boarding boss, a man 40 years of age. one entering just over the heart and the other in the leg. He, too, will prob-

ably die, The Huns, enraged at the unprovoked shooting, started for the constables, both of whom field. Judge went to his home in Kingston and Wolf followed him down the main street. When near the Kingston line, Wolf met Chief of Police John Thomas, of Kingston, who had been attracted by the noise of the shooting and came to ascertain the cause, Wolf tried to borrow Chief Thomas' revolver, but Mr. Thomas who thought the constable was half drunk, refused to loan it to him. Welf then fied and up to tonight nothing has

been heard of him. Judge was arrested tonight and com-mitted to jail for hearing tomorrow. Wolf has evidently left town, for, al-though the constables searched for him all day with a warrant for his arrest, he would not be found. There is event in New York, Sept. 15 .- Morton Duxcould not be found. There is great in-dignation at Edwardsville over the shooting, which, from the testimony of
