AN EXECUTIVE COMMITTEE

Those Who Will Conduct the Coming Republican Campaign. ALL ARE REPRESENTATIVE MEN At Saturday's Meeting a General County Committee Will Be Named—Preparations Commence to Hold Elections—Candidates Are Making.

Candidates Edmund A. Bartl and Dr. S. P. Longstreet, the nominees of the recent Republican county convention, met with Major Akery, of South Abington, chairman of the convention, at the Central Republican club yesterday and named an executive committee that will conduct the approaching campaign.

Last Saturday the candidates and Major Akery named Clerk of the Courts John H. Thomas as chairman of the county committee; James Watterson, of Taylor, secretary, and Lieutenant Governor L. A. Waters, Westport. These gentlemen were present at yesterday's meeting when the following were named as an executive committee: E. A. Jones, Archbald; James Smith, Blakely; Charles Savage, Dunmore; Major Akery, South Abington; Mr. Deane, Massena; Dr. Housar, Taylor; J. D. Lloyd, West Scranton; William Connell, central city; Charles Neuls, South Scranton.

The meeting was very harmonious and enthusiastic and reports received indicated that a large Republican vote will be cast in this county at the November election. On Saturday afternoon the members of the executive committee will hold their first meeting at the Central Republican club rooms, at which the members of the executive committee will suggest names of men to make up the general county committee, which will consist of a representative from the various minor municipal divisions of the county.

After this committee is named the actual work of the campaign will begin. No plans have as yet been formulated, but it is expected that the character of the men selected as officers and members of the executive committee insures a clean but aggressive battle.

The Democratic Convention. Little interest is shown in the Democratic primaries which occur throughout the county Saturday to select delegates to next Tuesday's convention. The apathy that has seized the rank and file of the Democratic party is causing many of the leaders no little annoyance and concern, and they are trying to devise some coup that will enthrone the members of the party and in part, at least, rekindle its dormant elements. There are altogether too many concealed hatchets at present within the party limits, a well-known Democrat informed a Tribune reporter last night.

Dr. J. A. Kelley and Dr. P. W. McAndrew are making a quiet hunt for delegates, and the friends of the latter assert that he will develop a strength in the convention which will astound the members of the present caucus. They hint at powerful influence that will be exerted in Dr. McAndrew's behalf, and say he has the inside track, and will be specific in any of their statements.

John E. Roche will be a candidate to succeed himself as chairman of the Democratic county committee. He is a well-informed member of that party last night in discussing the political situation. "I believe he is the best man we have for the position, but there are many men prominent in the affairs of the party, who do not want to see him again at the helm. They fear he is becoming too potent in the party management, and that he will endeavor to wing his upward flight. If Mr. Roche is the chairman of the next Democratic county committee his path will not be one of roses; that I am assured."

Prohibitionists at Work. Talle Morgan and others prominent in the local councils of the Prohibition party are working for the success of the next Saturday mass convention of the Prohibition party of the county to be held in this city, at which candidates for county offices will be chosen.

The fact that there is very little of an increase year by year in the number of votes cast for the Prohibition party does not seem to greatly dampen the ardor of the third party men. In fact, they are more determined than ever to win this upward flight. If Mr. Roche is the chairman of the next Democratic county committee his path will not be one of roses; that I am assured."

White Stone Residence. The reason of the millinery people are investing their money in Richmond Park lots is very clear to anybody who has ever visited that delightful locality. The improvements, which include sewer, cover houses, graded avenues, paved sidewalks, gas, water and flagstone sidewalks throughout the park, are substantial and lasting. Richmond Park is excluded from residential purposes, and for such has no equal in the great Electric City. Don't be deceived by persons who may tell you some other locality is just as good. Remember there is but one Richmond Park, and you should not hesitate to go there at once and select a home site, where only first-class residences are permitted, and where desirable mortgages are secured. Terms to suit all purchasers. Office on the grounds, and at 117 Penn avenue.

O'Toole. The event was witnessed by many friends and relatives. The bride and groom were attended by the altar by two flower girls, Katie May Quinnan, of Oswego, and Gertrude Hendricks, of Oil City. PAIN'S CELERY COMPOUND

An Absolute Cure for the Worst Cases of Rheumatism. The Plain Language of Mr. Oscar Pike—The Greatest of All Remedies Accomplishes His Cure After Many Months of Weakness and Suffering, No Tedious Waiting for Improvement.

Paine's celery compound is the one known specific for the cure of rheumatism. And it does not need a tedious trial to prove it. A effect of this best of remedies is straightway felt. Not a week goes by before the pains of rheumatism diminish.

Paine's celery compound has won the reputation of being the remedy "that makes people well." Its good work extends from Oregon to Maine. In every state in the Union there has been published in the newspapers and medical journals a tremendous amount of indisputable evidence of the curative power of Paine's celery compound over all forms of nervous debility and diseases of the blood. It cures after nature's plan by affording nutrition for every part of the body, overhauling the worn-out tissues and supplying new brain and nerve material, sending pure blood through the arteries and purifying the whole system, and removing the cause of disease.

Oscar Pike, a well-known resident of Princeton, Maine, recently sent the following unsolicited letter to the proprietors of this wonderful remedy: "Two years ago I was taken sick with what the doctors called the grip. I was improving for a week, when a violent cold and chill. Then rheumatism set in, first in the joints of my shoulders, then down my hands and arms, then all over. Feet, hands and legs swelled. I could not get out of bed. My head; could not throw the clothes off me; could not dress or undress myself, nor get out of my chair without assistance. For a year and a half I tried all kinds of medicine and surgery, but with little or no relief. I was 72 years old. Some one told me to try Paine's celery compound. After I had taken a few bottles I found a marked improvement. I have now taken twelve bottles, and the result is I eat and sleep well, do my own work, and go about as usual, getting in and out of my carriage without assistance. My hands have been cramped to put an article in the newspaper for the benefit of those that are afflicted as I have been."

Mr. Pike is well-known in his locality. He is the foreman and president of the North Washington Agricultural Society and Trotting association. When he goes for his mail, he says, people ask him what he has been doing that he is improving so fast, and he answers, as do thousands of others throughout the country: "Paine's celery compound has made me well!"

HAD A HIGH OLD TIME. Three Binghamtonians Celebrate Firemen's Day in Violent Style. E. Crasner, aged 29, a carpenter, and Martin Mangano, aged 24, a stone mason, both of Binghamton, were arrested Tuesday night, charged with being drunk and disorderly, assault and battery, and carrying a dangerous weapon. They were taken to the police station at 112 North Lincoln avenue, but the visit was not a pleasant one.

Mangan was full of fight and finally beat the hostess with a chair. Patrolmen Peters arrested the two Binghamtonians, which they resisted and were taken to the police station. When searched at the police station a small prayer book, taken from the U-shiner residence, was found in the possession of one of the men. Crasner was held in \$500 bail to appear at court and Brother-in-Law Mangan was fined \$2.50.

That New Tax Board. Ordinance Still Awaits the Signature of Mayor Connell. Mayor Connell did not yesterday sign the board of revision and appeal ordinance which was delivered by City Clerk Lavell. The mayor has not intimated definitely what disposition he will make of the measure, but it is generally believed he will sign it.

The board will virtually control the present board of assessors and will hold the latter's books. The prospective new body's work will require possibly four months of the year, which has suggested in certain quarters the idea of reducing the assessors' salaries.
