TEXAS AT LAST AROUSED

The Lone Star State Fairly Twinkles with Anger. AGAINST ALL PRIZE FIGHTING. The Governor's Message Upon the Subject Deals in Some Plain Facts--He Desires that the Fair Name of Texas Be Protected.

Austin, Tex., Oct. 1.--The members of the legislature who have been called in special session to pass an anti-prize-fighting bill, have been arriving singly and in groups for the past twenty-four hours. The sentiment of both houses seems to be in favor of a law-making prize fighting illegal, but a number of the representatives condemn the arbitrary feature of the proposed law which forbids any person who is not a justice to innocent persons who might be ignorant of the new statute for weeks after its passage.

He referred to the opposition to the "emergency" bill because of the large amount of money involved by the managers of the Florida Athletic club, and said that such opposition was characteristic of such an exhibition. "It is," he continued, "upon the audacious proposition that a free fight can be fought, or have bargained away the right to preserve the public peace, the public morals and the public safety."
