PROTESTS PAYMENT.

Attorney Ruddy Files a Document Against Quigley & O'Brien.

Yesterday morning there was some-thing of a sensation provoked when it became known that Attorney Ruddy had filed a protest with the county commis-sioners not to pay Messrs. O'Brien and Quigley, the detectives in the mountain murder case, any more money than is allowed in ordinary cases. The protest filed by Mr. Ruddy, who is a citizen and tax payer at Miners Mills, is as

To the County Commissioners and Treasurer of Luzerne County:

1. P. J. Ruddy, a citizen and resident of the borough of Miner's Mills, county of Luzerne and state of Pennsylvania, and a taxpayer of said borough, hereby protest and except to the payment by you to T. F. Quigley and James O'Brien, or either of them, or to any person in their employ, any sum or sums of money belonging to Luzerne county for alleged services claimed to have been rendered in the cases of the commonwealth versus Nelson Miller, Sarah Miller, John Bird, Esther Briss, James Miller, Frank Shafer and George Jordan, except such fees as are by law allowed, to wit: \$1 per day only for the days when they were in actual attendance at court upon the trial of said cases or any of them, and 6 cents per mile for said attendance, and the further sum of 15 cents per name and 12 cents per mile travel for subpoemas served, and the fees allowed by law for serving warrants; and further, if you pay any moneys, or order the same to be paid, except the legal fees above enumerated and herein specified, to wit: Witness fees, serving subpoemas and warrants, the auditors of said county will be demanded to surcharge you with said illegal disbursements.

P. J. Ruddy.

James L. Lenahan, attorney for To the County Commissioners and Treas-

James L. Lenahan, attorney for Messrs, Quigley and O'Brien, expressed surprise that such action should have been taken. He says the law grants the commissioners permission to pay these gentlemen what the work is worth. They have been instrumental in bringing these murderers to justice, and, like sensible men, the commissioners will reward them as they de-

one of the commissioners said that this notice would not interfere with them, in carrying out their plan laid in 1894, when the grand jury called on the commissioners to employ extra men on this case. Quigley and O'Brien were told that any reasonable charge put on their services would be paid. They have already had \$300, but this was not on account of the case, but was to secure some witnesses living many mile

Treasurer Reed also got a notice and said he would refuse to honor any or-der drawn for special services. The commissioners' orders, however, do not etate what they were issued for, but are merely for him to pay out certain money and the treasurer has no way of 'nding out what such orders are draws

YOUNG GIRL'S SUICIDE.

She Mixes Poison with Her Coffee and Drinks It.

Vesterday morning Isabella Bottoms, a pretty blonde 15 years of age, ended her life by drinking poison. She was the daughter of Mrs. J. E. Williams, the wife of the proprietor of the Luzerne house at Luzerne borough. On Tuesday night Mrs. Williams had been visiting in Dorranceton and did not return until yesterday morning, leaving Isabella in charge of the work. The family rose at the usual hour yesterday and rose at the usual hour yesterday and Isabella prepared the breakfast. She seemed to be in her usual good spirits, and though she did not eat with the family it caused no remark.

After breakfast she began to clear away the dishes, and her grandmother came in to help her with the work. About 8.30 Isabella went upstairs to be own room, and then came down and told her little sister, Ellen, to go for her mother, as she (Isabella) was ill. Immediately after this she made herself a cup of coffee, put the poison in and drank it. In a few moments she was in great agony, and although Dr. Faulds, who was summoned at once, did all he could for her, it was of no use, and about 9 o'clock she died. The members of her family had all boot summoned and were with her when the end came. Dr. Faulds was unable to tell what the poison was, but though was laudanum or arsenic, probably

The cause of the girl's act is difficult to determine. She has appeared in a despondent mood for some days past, but made no explanation. It is said that considerable attention was being paid her by Thomas E. Jones, a man of about 39 years of age, whose attentions were rather discouraged by the girl's mother, and that she threatened to commit suicide if their affair was inter-fered with. Another story is to the cf-fect that Jones had rather slighted her in promising to go with her to the Allen town fair or to meet her there. She went with Mr. Williams, with whom she has been living for the past eight years and by whom it is said she was adopted. Jones falled to keep his en-gagement in meeting her at Allentown, and since that time she had been yery

and since that time she had been very much troubled about the slight and apparent coldness in his manner.

VISITING CRYSTAL SPRING.

The Lehigh River Will Supply the Spring with Plenty of Water. Yesterday morning Hon, Morgan R. Williams, Professor Dean, Dr. Knapp.

Inspector of the state board of health for Luzerne county, Connellman J. Gross Meyer and John Wasley, City Engineer Ingham and Sanitary Offi-cer Blaine left in carriages for Crystal Lake, to examine the source of supply of the Crystal Spring Water company. Dr. Knapp came to this city at the request of President Harvey, of council, to examine the water and report there-

Mr. Parrish, president of the Crystal Spring Water company, returned from New York, where he had gone to con-sult the officials of the Lehigh and Wilkes-Barre and of Lehigh Coal and Navigation company upon the water situation in this city. The Lehigh Coal and Navigation company own the right to the Lehigh river, but they obligingly consented to permit the Lehigh and Wilkes-Barre to run a thirty-inch pipe from the Crystal Spring filtering works at the head of the Ashley plane to the Lehigh river, near Bear Creek. Mr. Parrish assured Mayor Nichols that commenced at once and pushed ahead as fast as possible. In a short time, therefore, the Crystal Spring company

will have an abundance of water. When the inspection party returned from the mountain Dr. Knapp refused to say anything. He said he was com-pelled to report to the state board first, and it must go before them before being made public. City Engineer Ing-ham says there is little change in the situation at the reservoir.

Dr. Morgan, however, was out, but in his absence, Dr. Werner and Dr. Evans were called in, and they pronounced the wound very serious. They succeeded, finally, in stopping the flow of blood, and put nine stitches into the wound. Though very weak from the loss of blood, Mr. Davis will make a good recovery.

A Startling Admission.

In New York City, for five consecutive years, the proportion of Deaths from Consumption has been three in every Twenty Persons.

Epidemics of Cholera, Yellow Fever and other diseases of similar character, so ter-rible in their results, occasion wide spread alarm and receive the most careful consideration for their prevention and cure, while consumption receives scarcely a thought, yet the number of their victims sinks into insignificance when compared with those of consumption. Comparatively few people know what to do for their loved ones when thow what to do for their loved ones when they see them gradually lose strength, lose color, manifest feeble vitality and emacia-tion, or develop a cough, with difficult breathing, or hemorrhage. Cod liver oil was for a long time given in all such cases, but the poor success attending its use coupled with its nameating taste has I d many practitioners, as well as the public at large, to place their main reliance in Dr. Pierce's Golden Medical Discovery. It de-serves early attention and will prove effectserves early attention and will prove effectual not in everycase but in a large percentage
of cases, and we believe that fully of per
cent of all cases of consumption can, if taken
in the early stages of the disease, be cured
with the "Discovery." Dr. Pierce does not
ask people to believe until they have investigated for themselves. A pamphlet has
been published having the names, addresses
