#### Colorado Leads.

Arapahoe county, Colorada, has taken a definite position on the question of recognizing the worth of woman, in nominating a woman for the office of county treasurer on the Republican ticket.

In commenting upon the action of Colorado citizens in this matter the Chicago News says:

## FIVE MINUTES FOR FUN.

## A Guest of lionor.

A Guest of lionor. An English actor was a member of a company showbound in the Serras while en route from California to the east. Be-fore their train was publed out of the drifts they had been reduced to eating the coarse fare of the railroad haborers, and got little enough even of that; so that they all had a magnificent hunger on when the train reached a small station at which there was a restaurant, and the Englishman was the first to find a seat at a table.

East shman was the first to find a seat at a table. "Bring me, in a hurry," he said to the handlord, a burly western man, "a porter-house steak, some deviled kineys, a brace of chops, plenty of vegetables and two bottles of Bass' bitter beer." The landlord stuck his head out of the dining-room door and yelled to somebody in the rear department: "Say Bill tell the band to play 'Rule Britann'a.' The Prince of Wales has come."-Judge.

Evening Bress. A ch'ld's admiring descriptions some-times surpass anything that the most gifted grown-up humorist could invent. For instance, an exchange relates that little Annette, who had been taken to an evening concert for the first time in her Life, was asked by her dunts, on her return home, to rive her impressions. "Oh! aurites," she exclaimed, "there was a lady who screamed because she had forgotten her sleeves, and a waiter was playing on the plane all the time."

Why Chairman Roche injected the name of ex-Judge Smith Into the chairmannip squab-ble in this county is a question that was used on all sides the day of the conven-tion, and I have the first person to meet that has not condemned him (Mr. Roche) for so doing. No friend hor any one inter-ested in Smith's election next November would have introduced his name into local politics. There may be considerable fri-tion between the friends of ex-Sheriff Fahey and ex-Judge Smith, still we are of the opinion that it was a serions mis-take on the part of the ex-Judge's friends to rush into print knowing very well that no matter which way the contest was de-cided it would very likely have some bear-ing on the judge's election next November. We do not wish to be understood as in-dorsing the action of Fahey's friends for the spart they took in this matter, and for the part they took in this matter, and for the spart they took in this matter, and you ways be the minority party so long as in-ternal dissensions-continue."

Case of Sour Grapes.

Case of Sour Grapes. Wilkes-Barre Leader: "The Record staff received from one of the church festivals the other evening a quantity of cake and pie, and in acknowledging the received thereof they speak of themselves as the 'weary scribes, dissecting pies.' What made them weary? Was it dissecting the ples or scissoring the Leader? It would be ungallant to say the former, and as the Record next day was made up wholly of the Leader of the evening before, it is more than likely to be the latter. Gat lighter scissors, brother scribes, and next time when you tackle ple, you will have sufficient energy to masticate it without experiencing that 'thred feeling.'

John Bardsley's Nerve. Syracuse Post: "Some years ago John Bardsley, city treasurer of Philadelphia, with the aid of able assistants, got away with nearly a million dollars of Philadel-phila public money. Mr. Bardeley is now in a penitentiary in Philadelphia, and he has the splendid nerve to ask for a par-don, although he refuses to disclose the names of his accomplices in crime. If that were known some of the money might be recovered. Gall, sand and check are weak words in this connection." -0:

Will Try the Forceps. Wilkes-Barre News-Dealer: "J. S. San-ders, of the Telephone, is thinking of go-ing into the dental business. Like Charley Snyder, he finds it like pulling teeth to get any money out of the printing business. We wish Mr. Sanders success in his new undertaking. If he gained any experience in pulling the legs of candidates while he was in the printing business, it will be of value to him in his new field."
