of the Baptist Church. A Ladies' Mission society has been formed by the members of the Berean Baptist church and considerable en-thusiasm was shown by those who joined. In honor of the late Mrs. E. E. Hendrick, who was an active worker in the church, the society has been named the Hendrick Mission society. The number of persons who have al-ready joined the organization shows that it will be a very popular and help-ful society in the church. The mem-hers are all persons who take an active part in mission work, and by having a regular society, the amount of work that can be accomplished will be greater. WILL BE DEFERRED.

Work on the Belmont Street Pave Will Not Be Commenced This Fall.

There has been considerable worry on the part of the councils on account of the delay of the Belmont street pave. The slowness of the Traction company in moving their tracks has made it probable that the city would be sued by the Park Paving company, who were

awarded the contract. However, Mayor Hendrick has received a telegram which will put all their fears at rest. The telegram stated that the material was very scarce, and as the season was so far advanced, they would like to defer the work till spring. The company evidently do not think the contract at an end, and will go on with the work as soon as the season opens. The brick used by the company is manufactured by them-selves, and the large demand made upon them by their contractors makes the material scarce.
