A Wonderful Conqueror.

A Wonderful Conqueror.

No disease is more common among the people-than scrofula. Handed down from generation to generation, it is found in nearly every family, in some form. It may make its appearance in dreadful running sores, in swellings in the neck or goltre, or in eruptions of varied forms. Attacking the mucous membrane it may be known as catarrh, or developing in the lungs it may be, and often is, the prime cause of consumption.

In whatever form scrofula may manifest itself, Hood's Barsaparilla is its inveterate foe and conqueror. This medicine has such powerful alterative and vitalizing effects upon the blood that every trace of impurity is expelled, and the blood is made rich, pure and healthy.

STOCKS AND BONDS.

New York, Oct. 11.—Stocks were quiet again today. The transactions were only 137,907 shares, of which 21,300 were chicago Gas, 12,800 Burlington and Quincy, 10,800 St. Paul and 10,400 Sugar.

Quincy, 10,500 St. Paul and 10,400 Sugar. In the early trading on favorable Sugar reports prices moved up. Rather sensational reports from Chicago about the freight situation in the west led to a reactionary movement in the railway list shortly after the opening, and the gain noted was soon lost.

Sugar, Leather, Cotton Oil and Tobacco were generally lower. The market closed firm, but without animation. The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

year.

All the railroads are doing a heavy coal business, particularly the Delaware, Lackawanna and Western, which is doubling up its crews on all divisions. One conductor this week got in six days between Tuesday night and Thursday afternoon. Much way coal is being disposed of just at present, as

is the case usually at this season of the year, when farmers and others living along the line of the railroad buy coal by the car load for the winter.

The youngest president of a railroad that amounts to anything from the point of view of practical railroading will probably be elected in a short time. He will be only 22 years old. The young man to whom common report gives the honor and distinction is a son of General Samuel Thomas, who is Senator Brice's partner in his railroad business. Young Thomas, it is said, is to be made president of the Ohlo Southern.
