SOUTH SIDE NEWS.

loard of Trade Passed a Resolution the Bursting of the Stornge Reservoir.

Renewed energy appears to have been infused into the South Side board of trade. The October meeting, held last evening, was attended by a representaevening, was attended by a representation of the business men, and the outlook is brighter for active work in the
future. John J. Scheuer, Jr., who
served as president of the board for
two terms past, called the meeting to
order and thanked his colleagues for
having honored him, while there were
others on the board more deserving,
he thought, than himself. He called
C. G. Boland, the newly elected president, to the chair. Mr. Boland asserted
that the eyes of the entire eastern
population of the country are turned
on Scranton as the center of the great
Anthracite coal region. The possibilities of the future for Scranton are superior to those of the majority of cities perior to those of the majority of cities of the country, for the value of culm as a power producer is greater than the power of Niagara. Mr. Boland fore-shadowed a policy of enterprise and enrgetic endeavor for the advancement of the South Side. Attorney C. C. Donovan and Contractor Casmer Hartman vere proposed for membership.

Mant Platt Place Perchased.

Mr. Boland brought about a discussion of the advisability of purchasing the plot of ground known as Platt place for a public park. M. P. Judge suggested that the committee, which Mr. Boland suggested ought to be appointed to see the Platt heirs, see the park commissioners instead. Thomas J. Marching of the beart commissioners instead. Thomas J. Moore is a member of the board of park commissioners. M. P. Judge, Christian Storr and John J. Scheuer, jr., were appointed on that committee. The sewer question was discussed pro

It was decided that the dues are too high, and it was the unanimous con-sent that they ought to be lowered. Mr. Scheuer advocated the abolition of the initiation fee of \$1. There would, he thought, be a large influx of membership if it cost nothing to join. Secre-tary O'Toole figured up the annual expenses, showing that the revenues would be sufficiently large enough if the monthly dues were reduced one-half. The officers of the board will rec-ommend a reconstructed basis of rev-enue at the next meeting. Mr. Judge recommended that the committee that was appointed to confer with the park ommissioners relative to the purchase of Piatt place be asked to urge upon the commissioners the necessity of keeping at the councils for the purpose of securing larger appropriations for Connell park.

About Widening Mattes Street. Mr. Miller introduced a resolution to have the councilmen of the South Side have the councilmen of the South Side informed that the city owns about fifteen feet of roadway on Mattes street that is not now in use, and they should see that the road is widened to its proper width. The improvement of Cherry street in the Twentieth ward was spoken of. There was a general belief that the South Side councilmen ought to belong to the board of trade. Inasmuch as the solons do not belong to the board, they are characterized as not being public spirited. The following resolution we unanimously adopted. Whereas, It has been demonstrated on two occasions hat the storage reservoir located near be blast furnace of the Lackawanna Iron and Steel company is a

INDOOR BASE BALL

scheme Afoot for a City Winter League of Four or Five Clubs.

A scheme is on foot among lovers of good, healthy sport to form a city in-door base ball lengue of one club each from the central city, West Side, North End and South Side, and possibly Dun-more. The idea has been discussed among well-known athletes for several days and will probably be brought to a definite issue by Monday night, after which a meeting will be arranged for representatives from different sections of the city and an organization perfeeted.

Indoor base ball in the larger cities

has been a very popular sport for sev-eral years among athletic clubs, mili-

tary regiments and other organizations, and where local leagues have been formed the rivalry has been intense, formed the rivalry has been intense, the games drawing large crowds to the armories and halls where the contests are given. In case the present plan is worked to a successful issue. Florey, the sporting goods dealer, will offer a valuable trophy to be given the winning club at the end of the winter.

The game of indoor base ball is a brother to the outloor pastime. The positions of the players are the same, but the diamond is laid out in miniature. The ball used is larger than the crown of a man's hat, while the hat is crown of a man's hat, while the bat is short and of the thickness of a broomstick. Rules are similar to those used in the outdoor game.

SITUATION IS CHANGING.

Indications That the Eastern League Franchise Will Remain in Scranton. Franchise Will Remain in Seranton.

The local base ball situation has changed and the outlook for retaining the Eastern league franchise in Scranton looks more promising. Arthur E. Wade, secretary of the Finch Manufacturing company, and representing a party of possible buyers, has conferred with W. L. Betts, president of the association, and offered \$3,000 for the franchise. the franchise.

The announcement is now made that the present owners are divided on the question of going back into the State league, President Betts and his friends being the wing of the directorate oppozed to such a move. This circumstance will make it easier for local men to secure the franchise, for which Fall River and Newark are bidding.
