Interpreted.

"An American Girl," written by H.
Gratton Donnelly, was presented before a small audience in the Academy of Music Saturday night. The play is more substantial than farce comedy, and the author's impossibilities of plet and situation may be pardoned in his effort to write something clean and pleasing.

The play was good: the company was fair, but will do better later in the season, as it now appears to be handicapped by an insufficiency of re-

of pardons in the Bezek case, it is not likely that it will be called. The dis-trict attorney will be engaged in the murder trial, and if another long one, such as the Luce case, is put on trial in No. 2, all of the small cases will have to go over until the next term. Under these circumstances it may be considered certain that the case will go over until the December term, when it will be the first case on the list for trial.

Arguing the Rezek Case.

Arguing the Bezek Case.

Wednesday argument will be heard before the board of pardons, at Harrisburg, in behalf of Frank Bezek, who is under sentence of death for the murder of his sweetheart, Maria Kerzec, at Olyphant, on Oct. 9, 1894. Attorney George S. Horn and Attorney A. J. Colborn, Jr., will appear for Bezek, and ex-District Attorney John P. Kelly, who tried the case, will represent the commonwealth.

"Will you appear before the board of pardons in the Bezek case," was the question a Tribune reporter propounded to District Attorney Jones yesterday.

ed to District Attorney Jones yester-day.

"It will be impossible for me to go before the board of pardons," was his reply. "The Visniskie murder case will be called for trial tomorrow morning, and I cannot be absent from court. I had intended to appear before the board and had prepared an argument against the pardon, but the meeting of the

properly represented. "I do not think a pardon will be granted. I believe most of the evi-lence secured, on which action by the board of pardons is asked, is secondary and hearsay, and should be looked upon with suspicion. Bezek had a fair trial, and his case was reviewed by the supreme court, which sustained the judgment of the lower court, affirming all the rulings of Judge Edwards, who delivered a very able charge to the jury. I do not see, under these cir-cimstances, how the verdict can now consistently be disturbed. If the board grants a commutation of sentence it will be contrary to what I expect."

As to Hoschino and Rosa. "Has the court disposed of the rules for new trial in the Boschino and Rosa murder cases?" Mr. Jones was asked.
"These rules are still in the hands of the court," he answered.

"When do you think a decision of the court will be arrived at?" "That is a question I cannot answer."
"Do you think the verdict will be

disturbed?" "I have made it a practice never to prejudge the decision of the court. It is sufficient for me to say that the de-fendants in question had fair, impartial trials, I have endeavored to do my duty to the community, and the re-sponsibility is now shifted from me to the court. I am unable to say when opinions will be handed down."
