THE CLOSING SESSION.

The A. M. E. Conference closed the session at 10 o'clock this morning. At the last session of the African Methodist Episcopal conference yesterday following report, signed by Revs. Asbury, Kelley and Lowery, was submitted. It was as follows:

There never was a time in the history of the church when her influence was so far-reaching. Her literature is being broadened and the nations of the world are hearing the word of God out of the mouth of the church.

There are some things which threaten to impede the progress of the church. There is a tendency to worldliness which gives cause for alarm.

There is a manifest desire to compromise with the world. We believe the church should stand firm against the desecration of the Sabbath in every form and boldly declare against sin in every form.

ALMOST INCREDIBLE.

A Professional Nurse Afflicted with Bright's Disease of the Kidneys Finds a Cure.

(From the Buffalo News.) Mrs. A. E. Taylor has resided in Buffalo for forty years and has been afflicted with Bright's disease of the kidneys for many years. She was a professional nurse and has nursed back to health many a sufferer. Disease in all its varied forms has become a familiar to her as to the regular practitioner. Her constitution is one of the strongest, but the fatigue of long watching and nursing at last brought her to a bed of sickness. Mrs. Taylor speaks of her complaint and cure as follows: "After being confined to my bed for some time my disease assumed such a serious aspect that a doctor was called. He pronounced my ailment Bright's disease of the kidneys in the third degree and a very bad case. My limbs swelled up so that I could not walk across the floor, or indeed, help myself in any way. My face became yellow and my eyes swollen so that the sight was badly impaired. This condition continued for nearly two months without any marked improvement from the doctor's treatment. I have taken quinine and cod liver oil, but it did me no good. I tried battery treatment, but all without any lasting benefit until I felt like I was giving up in despair. Hearing of Doan's Kidney Pills, I gave them a trial, and after taking three boxes I was able to get up without assistance and walk, something I had not done in months. I continued steadily to improve with the use of the swelling in my legs, the color returned to my face, changing from a chalky color to a healthy bloom. I now consider myself entirely cured and I shall never rest praising the little pill that saved me." Doan's Kidney Pills are certainly a surprising discovery for kidney ailments. I shall be glad to tell anyone of the wonderful cure they perform on me. For sale by all dealers—price 50 cents. Mailed by Foster-Milburn-Co., Buffalo, N. Y., sole agents for the U. S.

STOMACH PUMP BROKE.

A Young Man May Lose His Life in Consequence.

Lexington, Ky., Oct. 14.—Horace L. Middleton, a well-known young farmer of Shelby county, took too much morphine and died in consequence. The stomach pump succeeded in saving his life. In withdrawing the pump from his stomach more than a foot of the tube broke off and lodged in his windpipe and stomach. Today an operation was performed and the tube was removed, but the young man's chances of recovery are slight.

IMMORTALIZED BY TWAIN.

Death of the Original of a Character Depicted in Roughing It.

Cheyenne, Wyo., Oct. 14.—James Smith, aged 75, died at South Pass City Thursday. He formed the basis for Mark Twain's character of "Old Tom Sawyer" in his book "Roughing It." He was one of the early pioneers of the one of the earliest of the "Old Tom Sawyer" type of men in the West. He was a man of high character and a very amiable temperament. He was universally beloved. He was a soldier in the late war, a member of Company B, One Hundred and Thirty-second regiment, Pennsylvania Volunteer Infantry, and received a severe gunshot wound in the neck at the battle of Antietam. For which he drew a pension. He had made application for an increase of pension and received word only a day or two before his death that it had been granted. He was a native of Auburn township, Susquehanna county, but came to this place about fifteen years ago, and for a long time was employed with Burns & White, marble dealers. Later he opened a shoe shop and did cobbling for some time. The disease that finally carried him off was contracted about a year or two since for a sister who died with consumption. An invalid wife, an aged mother, a brother and two sisters survive him. The county campaign is apparently being conducted by the "bar" to be tapped they will definitely keep in
