WORLD OF BUSINESS

STOCKS AND BONDS.

New York, Oct. 14.-Speculation at New York, Oct. 14.—Speculation as the stock exchange was quiet again to-day. Less than 165,000 shares of stock changed hands. At the opening the market was strengthened by reports from Chicago that the Western Freight association had agreed to restore rates of New 15. The improvement at this association had agreed to restore rates on Nov. 15. The improvement at this time was equal to Ya2 per cent. Lack-awanna, Chicago Gas, the Grangers, Sugar, Louisville and Nashville and the Southwestern all participated in the upward movement. Before midday, however, the buying fever abated and from the time mentioned on the tendfrom the time mentioned on the tendfrom the time mentioned on the tend-dency of the market was downward. Chicago Gas, which had sold up to 71%, fell to 68%468%. In the railway list Manhattan developed weakness and fell from 111 to 100%4100%. The general railway list was dull and featureless after the spurt at the opening and in com-mon with the Ledastrials closed rather mon with the Industrials closed rather weak. Net losses for the day were

weak. Net losses for the day were Maily per cent.
The range of today's prices for the active stocks of the New York stock market are given below. The quotations are turnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton. Op'n- High- Low- Clos-

RAILROAD NOTES.

34,43% C.

The railroad exhibit at the Atlanta exposition is said by railway officials to comprise the finest specimens that have been grouped together in some

time.

During the third week in September fifty-three railroads increased 3.18 per cent, in gross earnings. During the second week seventy-nine railroads increased 5.37 per cent. in gross earnings.

The Pennsylvania and Reading rallroad have reduced their passenger
rates on suburban lines in the vicinity
of Philadelphia, to compete with the
trelley cars. New trip books have been issued, which average 21/2 cents per

John Barr, who died a few days ago at Philadelphia from a general collapse of the system was a former conductor on the Pennsylvania, and when the Johnstown flood occurred. May 31, 1889, he was Pullman conductor on the ill-fated day express, which was caught by the rush of the waters and swept from the track. Barr saved all the passengers of his car but two, who foolishly went back after articles of clothing, but the shock and exposure so undermined his constitution as to

make him an invalid since 1891.

The Toronto, Hamilton and Buffalo Railroad company has awarded con-tracts for the equipment of its lines with interlocking switches and signals to the Auto-Pheumatic Rallway Signal company. This is the system that is now used by the Delaware, Lackawan-na and Western, New York and Pennsylvania rathroads.

sylvania railroads.

The Pennsylvania Railroad company has placed orders for 40,000 tons of steel rails, as follows: Pennsylvania Steel company, 10,000 tons at \$28 per ton: Cambria Iron company, 10,000 tons at \$28; Carnegle company, 10,000 tons at \$28; Carnegle company, 10,000 tons at \$28: Lackawanna Iron and Steel com-pany, 4,000 tons at \$28, and Illinois Steel

company, 6,000 tons at \$29.

The Ontarlo and Western railroad is about to order 500 coal cars and the New York, New Haven and Hartford road is in the market for 1,000 freight cars. It is reported in Chicago that the roads centering in that city have centering in that city have bought this year 15,000 freight cars and 160 locomotives.

the 203 miles in 177 minutes, or a mile in 52 1-3 seconds. This is corroborative of the statement made in this column recently that the Delaware, Lackawan-na and Western is equipped to equal, if na and Western is equipped to equal, if not exceed, the world breaking records of the New York Central. It may not be generally known, but it is a fact appreciated by the travelling public, that notwithstanding the breakneck speed of the Central's flyers, the Dela-ware, Lackawanna and Western can make better time between New York and Buffalo because of the more direct route.

In some localities the cast-off horse car is assuming a new form of usefulness. A railroad company in Con-necticut has been running an old horse car into the country districts for the collection of the peach crop. At As-bury Park an old car has been turned oury Park, an old car has been turned into a central station, where storage batteries are recharged for electric launches, domestic lighting, sewing machines, phonographs, etc., and the proprietor has reaped a handsome return on his investment.

The western lines have been troubled

much for years past by the swindling operations of commission men, who flood the country with their smoothly written circulars sent to the agents of the lines in the small towns offering them a large commission for all the stuff they can ship to them. The St. Paul is about to issue a circular to its agents with instructions not to ship produce or grain to houses who are offering extra inducements. They are also in consultation with the postoffice authorities in regard to preventing them from using the mails.

KEEPS POISON

POISON IN THE BLOOD. THE KID. NEYS FILTER IT OUT AND KEEP THE BLOOD PURE. THEY PROTECT US FROM MANY DAN-GEROUS DIS-EASES.

What Happens When They Get Out of Order. How to Cure Them Again.

Most diseases are caused by poison The bilded.
The poison should be kept out.
The kidneys are supposed to do this.

The kidneys are supposed to do this. That is what they are there for.

And they generally do. But when they are sick they can't; and then we get sick.

The kidneys may get sick from overwork, worry, excess, high living, etc.

The reason so many of our great men die from Bright's disease is that so many overwork themselves.

many overwork themselves. Bright's disease is only one of the many diseases the root of which lies in the kidneys.

Other folks suffer from diabetes, rheumatism, gout, gravel, sleepless-ness, anaemia, nervousness, headache. ness, anaemia, nervousness, neadache, neuralgia, etc.

All these diseases would go if the poison could be got out of your blood. If the kidneys would only do their work. If you would only take Dr. Hobb's Sparagus Kidney Pills to make your kidneys do their work.

It is not your kidneys' fault.

You should be trying to help them.

You can do it by taking Dr. Hobb's Sparagus Kidney Pills.

Sparagus Kidney Pills.
It is such an easy piece of knowledge

remember. Your kidneys are simply filters. They need looking to now and then like oth-er filters. If they are kept clean and healthy, they will keep your blood clean and healthy, and you will be strong

and healthy. Asparagus is a healing and strength-ening tonic for the kidneys, Dr. Hobb's Sparagus Kidney Pills Dr. Hobb's Sparagus Kidney Fils give fresh life and power to the kidneys. They cause the kidneys to purify the blood, to make it redder and healthler and more nourishing. They put new life into your body, new color into your blood, new ambition into your remarkable for the property of mind, new youth into your joints and muscles. They do not work miracles.

But they cure diseases.

Dr. Hobb's Sparagus Kidney Pills have cured so many people that they can be safely relied on to cure you.

They will cure you, not because they have cured others, but because they are made from herbs, but because they are made from herbs which have never failed to cure the kidneys when taken

They were prepared by a physician who knows how to cure the kidneys.

A few doses will relieve. A few boxes will cure. in the proper doses.

Sold by all druggists for 50 cents per box, or sent postpaid on receipt of price.
Write for interesting pamphlet on the subject to Hobb's Medicine Co., Chicago or San Francisco.

COMING ATTRACTIONS.

of the Plays That Will Be Seen a Theaters of the City.

Walter E. Perkins, who will be seen at the Academy in "All the Comforts of Home this eveling, was in the original New York production of this great success. He is a comedian whose charsuccess. He is a comedian whose characteristics may be summed up in one word "quaint," and his laugh-producing methods are entirely legitimate. The clever specialties which he introduces in the third and fourth acts of the play are overwhelmingly funny, because he holds the mirror up to nature as the greatest of our comedians have done. Royal Welsh Ladies' Choir.

No aggregation of singers that ever crossed the great Atlantic can produce more beautiful harmony and sweeter and more delightful melody than the Royal Welsh Ladies' choir, who appear at the Frothingham in a grand concert this evening. The sweetest melodies of the different countries of the world. English, Scotch, Irish, Welsh and American, specially arranged by master spirits for this party, will be a prominent feature of the programms. These talented ladies were awarded first prize at the world's fair. The ladies will be attired in national Welsh

The Love Chase at the Academy. Miss Marie Wainwright and a superb company, headed by Nathaniel Hart-wig, Barton Hill and Hattle Russell, will on Wednesday, Oct. 16, present at the Academy the famous and fascinating standard comedy, "The Love Chase." It is only this season that Miss Wain-wright has added this play to her repertory, and her performance has been most highly commended by all the principal New York critics. At the end of the play a gavotte will be danced by all the principals, and Miss Wainwright will speak an epilogue written expressly for her by Julian (Magnus. The com-edy is gorgeously costumed in the style of Charles II.

Stuart Robson's New Play.

Among the scenic effects in Stuart Robson's new play of "Government Acceptance" is sunset on the Potomac The entire scene represents Arlington Heights and will ever stand as the greatest of stage pictures. Mr. Robson has a character thoroughly in keeping with his nature and his refreshing comedy permeates the four acts. The drama contains just a tinge of melo-drama in the third act, where the den of the inventor is shown and a model of the man-o'-war exhibited. The model is a gem of stage construction and the electrical display marvelous. The play will be presented at the Academy or Thursday evening.

Faust at the Frothingham. The electrical and mechanical effects of Joseph Callahan's spectacular production of Goethe's "Faust," which will be presented at the Frothingham Friday night, are beyond description. This in particular is so in the great Brocken scene in the fourth act, a scene which once seen can never be forgotten.

The Most Promising Hamlet. The American public at the present time is eagerly looking for an ideal Hamlet such as the theater-goers have been educated by Edwin Booth to ex-pect. All of our tragedians nowadays pect. All of our tragedians nowadays favor new plays, either from lack of talent, or owing to the excitement they derive from new productions, they avoid the great tragedies. Creston Clarke is undoubtedly the most promising of our native actors to enact "Hamlet," and as the prince he strongly resembles his distinguished uncle, Edwin Booth. At the Academy of Music Friday evening. sic Friday evening.

BUCKNELL.

This year Bucknell has the largest freshman class it has ever had, and still they come. The class now numbers over eighty. Additional courses have been added to the curricula in advanced algebra and higher analytical geometry, making eight courses in pure mathematics. Also four courses in German and three in French additional, making thirteen courses in the two languages. A course also in American civics and a course in elocution as a regular optional study is also offered. The first issue of the Mirror for this year greeted its subscribers promptly on the day it was due, and we have occasion to commend the new staff of editors for their efficient work.

Foot ball is now the popular fad. Our first game was played at Philadelphia, on Oct, 2, with the University of Pennsylvania. The team showed up well for their first game, and in the second half, or the last twenty minutes of the game, succeeded in holding the

champions of '94 down to six points. On Wednesday, Oct. 9, our second game was played on the college campus with Franklin and Marshall college team, with a score of 24 to 6 in our favor. Short halves were played, and the visiting team managed to keep the score down by killing time repeatedly. On Saturday, Oct. 12, the Wyoming Seminary team met the same defeat as Franklin and Marshall, although the seminary boys put up a much better game. They are to be commended upon their good work, as it was their first public appearance for the season. The following is a schedule of the games of the season: Gettysburg, Oct. 19, at following is a schedule of the games of the season: Gettysburg, Oct. 19, at Harrisburg; State college, Oct. 26, at Williamsport; Franklin and Marshall, Nov. 2, Lancaster; Carlisle Indians, Nov. 7, Lewisburg; Colgate, Nov. 16, Sunbury; Dickinson, Nov. 28, Harris-burg. There are yet several dates open.

JERMYN.

This morning the diagram will open in Winter & Co.'s store for the lecture by Chaplain McCabe, which takes place

Oct. 29. The water company shut off the mud pond water at 2 p. m. Saturday and we now have plenty of water from the Ed-gerton reservoir.

Mrs. Thomas Bray and daughter are visiting friends in Uniondale.

Patrick McNealy, of Olyphant, and Miss Maria Cahaney will be married in the Sacred Heart church on Wednesday, Oct. 23.

Miss Julia Gill returned Saturday

Miss Julia Gill returned Saturday from a visit with friends in Toronto.

Daniel Mehan, of the East Side, is very ill with typhoid fever.

Delaware and Hudson Station Agent Dodson is doing jury duty this week.

C. D. Winter transacted business in Scranton yesterday.

The auditors appointed to look over the accounts of the Jermyn Cemetery association met Saturday evening. After paying the superintendent and secretary and paying for the scale for actor paying the superintendent and secretary and paying for the road re-pair to that part of the thoroughfare that is in Archbald borough there re-mains a balance on hand of \$716. The annual election of officers will be held Friday night in Enterprise ball. All lot holders are entitled to a vote and their presence is desired at the meeting. It would seem more gentlemanly and neighborly if the authorities of Archbald borough would repair the short piece of road between the borough line and Rose Hill cemetery. John Powers, a miner employed in Delaware and Hudson shaft, No. 1, was

injured yesterday morning by a large amount of the "14-inch" vein coming down and completely covering him. One of his hands was badly crushed, but with the exception of a slight injury to his head he was not otherwise infured.

Night school opened last evening with a good attendance. Professor Moxey has charge, with Miss Maggle Mulherin as assistant.

Mrs. W. S. Badger and son, Preston, are in Delphi, N. Y., where they are the guests of relatives. The ladies of the Home Missionary society will give a tea at the residence of John Mason, Friday evening, from 6 until 8.

The Cause of Conversion.

From the New York World. From the interior of the palace loud shrieks were heard.

The pasha turned pale.

"At last," he gasped, "my janissaries, long unpaid, have revoited. Even now they are sacking the seragilo."

However, the next moment he was re-assesured.

asssured.
"Drat it!"
He bit his beard.
"All that racket over a mouse! Anyway." he mused, "I was never intended for a Turk. This harem-scarem way of living is too touch on the nerves."
Three months later the "War Cry" contained the portrait of a converted pasha.

No matter what the disease is or how many doctors have failed to cure you, ask your druggist for a 25-cent vial of one of Munyon's Cures, and if you are not bene-fited your money will be refunded. This Company puts up

A cure for every disease
