THE GWENT MONUMENT.

The Unveiling Exercises Held at Hollen back Cometery.
Yesterday afternoon a large crowd numbering well up into the thousands gathered at Hollenback cemetery to at-

tend the unveiling exercises of the monument to the memory of the well-known Welsh composer, Gwilym Gwent. G M. Williams introduced the chairman, Mr. Thomas, who said:

Mr. Thomas, who said:

Ladies and Gentlemen—I have just been informed that the proceedings are to be in the English language. I had expected different, but I will do the best I can.

I esteem it a privilege and an honor to preside at such a vast and cultured gathering as this. We are here to unveil a monument to the memory of a great musical composer, Gwilyn Gwent. That he was entitled to this tribute of respect has not been questioned. not been questioned.

There have been many addresses made, eulogies written, and all these at the loss

eulogies written, and all these at the loss of considerable time, labor and expense. These all are so much waste, for most of them are buried in some eisteddfod committee or secretary's papers never to see the light of day. But this monument is a tangible thing. THE COUNCIL MEETS.

Action Taken on the Water Question by the City Fathers in Session. At last evening's meeting of the coun-

At last evening's meeting or the council there were present Messrs. Harvey, president, Catlin, Reilly, Wright, McGourty, Kirkendall, Wasley, Boyle, R. W. Williams, Morgans, M. B. Williams, Reutlehuber, Meyers, Fry, French, Fiaherty, Carpenter and Baur.

The meeting was called to discuss the

The meeting was called to discuss the water question, and there were some excellent talks made. Hon. Morgan B. Williams, who lives on the Hill, said that the Heights wanted good water and plenty of it, and the company that could show its ability to furnish this was the company to get the franchise. However, if the Crystal Spring Water company could show that they can furnish an abundance of good water, and do it without tearing up the streets. this is the company to get his vote. A number of other councilmen endorsed this sentiment.

The special committee appointed for this question and consisting of Messrs. Morgan B. Williams, chairman, J. Ridg-Morgan B. Williams, chairman, J. Rog-way and Fred Reutlehuber, made their report at great length. In brief, it said that the committee had examined all the commantes who desired fran-chises, and find them all well backed. All of these companies are able and willing to go ahead and do the work they propose doing, and all of them promise to begin at once. They have examined all the sources of water and find that the Lehigh river furnishes the and that the Lenigh river turnshes the largest and purest supply of water, and, therefore, they recommend that the Citizens' Water company be granted the franchise.

Dr. Knapp's report was then read.

It showed that the Crystal Spring reservoirs and their tributary of Solomon's Creek is utterly unfit for use. Dr. Knapp says it would take half a mil-lion dollars to clean this reservoir and put it in suitable shape to be used for put it in suitable snape to be used for storing water for drinking and cooking purposes. The reservoir and the Solomon's Creek supply were condemned in the strongest terms and both will have to be abandoned.

Hon. Morgan B. Williams then sub-mitted a resolution to the effect that the state board of health be allowed to take such action as they see fit in condemn-ing this reservoir, and in ordering a discontinuance of its use as a reservoir

This was carried unanimously.

H. W. Dunning, esq., was present and spoke for the Citizens' Water company. the said that they were able to get all the water needed, of the best possible quality, and they had the money back of them to make the project a go. Alex-ander Farnham, esq. spoke for the Consumers' Water company, which com-pany intends going to Campbell's Ledge for their supply. He spoke of the pur-ity of the water and of its inexhaust-ible supply, and assured council that, although the scheme was expensive, if council would grant them the franchise the money to put it through would be forthcoming.

Superintendent Iowarth Jones, of the Crystal Spring company, said that his company intended tapping the Lehigh at once, and in future would be able to furnish all the water needed and of the

best possible quality.
Mr. McClintock spoke for the old
Wilkes-Barre Water company, and protested against admitting any new companies. The Wilkes-Barre Water com-pany can furnish an abundance of water to the railroads, and by putting in a new system of pipes, to take the pres-sure off the lower ones, can supply the Hill as well.

The whole matter was then referred to the law and ordinance, street and ing, and council adjourned.

ANOTHER PARISH.

Bishop O'Hara Decides to Cut St. Mary's Parish in Two.

On Tuesday last Right Rev. Bishop O'Hara came to this city to consider the advisability of forming a new parish here. Father McAndrew addressed him

as follows: The principal portions of St. Mary's parish are contained in the Second. Thir teenth and Fourteenth wards of the city. In the remainder of the city there are 352 families distributed as follows First ward, 88; Fourth ward, 14; Fifth ward, 22; Sixth ward, 68; Seventh ward, 6; Eighth ward, 34; Ninth ward, 40; Tenth ward, 4; Eleventh ward, 11; Twelfth ward, 5; Flfteenth ward, 10; Sixteenth ward, 50. The families belonging to St. Mary's

parish in the Second, Third, Thirteenth and Fourteenth wards number 715. If to this is added 352, the number in the to this is added 352, the number in the other wards, we have a total of 1,067.

The bishop then concluded to establish another panish in the Second ward, and station a resident priest there.

The boundaries of the new parish are as

follows: The Lehigh Valley railroad on the west; Hamilton street on the south; Parsons parish on the north. It will include the whole of the Second ward and a portion of the Third. He also determined to station an extra are determined to station an extra priest in Ashley, and to give to St. Leo's parish all that territory which hes south of Blackman street, in the Fourteenth ward, and Horton street, in the Fifteenth. By this arrangement the new parish of Five Points will take from St. Mary's 250 families, and St. Leo's will take 150, thus leaving 667 familles for the maintenance of the priests at St. Mary's. The name of the pastor of the new parish will be announced next Sunday, and a temporary place of worship fitted up at once. A number of sites have been examined, but none has yet been selected.

Another Inspection. The recent report made by State Inspecton Knapp, of Wyoming, in the con-dition of Crystal Lake and listributary streams was of such an unfavorable nature that it aroused the beard to the necessity of further inspection. Accordingly Dr. Lee, of Philadelphia, secretary of the state board of health, and Dr. Atkinson, of Philadelphia, member of the state board, arrived here yesterday morning, and together with Dr. Knapp and Sanitary Officer Evans, again visited the lake and made a further inspection of the water. Their re-port was made to council last evening.

A Damage Suit.

Bridget Murphy, of Pittston, yester-day brought suit against the Life Insurance Clearing company, of St. Paul, Minn., for \$3,065.50, being the amount with interest since July 1, 1895, of a policy held in this company by her husband, Thomas Murphy, Mr. Murphy was insured on April 6, 1894, and kept his reliev allies making all newments. his policy alive, making all payments properly until May 21, 1895, when he died. Thus far the company has not paid the policy, and hence the suit.

A WORKMAN'S SONG.

[On seeing two wounded roofers brought nto a railroad station after an accident.]

I'm half way up to heaven, boys, I'm climbing every day,
A-screwing bolts and sawing beams—say, does it look like play?
The sun and I are bosom friends—I walk as safe with him
As you on earth, you little ants that dare not risk a limb.

For it's work, boys—work;
And I'm not the man to shirk.
So if I should take a tumble by and by,
Why, that's just the chance of war,
It's the flag we're fighting for—
Like a soldier struck in battle let me die!

The boss he gives his orders, and I take 'em like a man; And if he has a ticklish job I'll get it if I can.
The fun is always at the front, the danger—who knows where?
It runs away if you are bold; it trips you

For it's work, boys—work; And I'm not the man to shirk. Bo if I should take a tumble by and by, Why, that's just the chance of war. It's the flag we're fighting for—

I drive the nails in—who does more, or knows the reason why?
I do my part, and if it cuts no figure— what care I?
The world wants work, boys! she is tired of glory and of guns.
Let's buckle down and do the job, and shame to him who runs!

For it's work, boys—work;
And I'm not the man to shirk.
So if I should take a tumble by and by,
Why, that's just the chance of war,
It's the flag we're fightling for—
Like a soldier struck in battle let me die!
