it for a large advance, because it is a

it for a large advance, because it is a it for a large advance, because it is a safe investment, and I know what I am aiking about.

"The buyers of our treasury stock have already received dividends amounting to one hundred and fifty per

The stock is intrinsically worth par The price will be advanced to 60

"The price will be advanced to 69 shortly.
"It will sell at \$200.
"None of the large holders will sell their stock at any price. The only stock that can be bought is in the company's treasury. When that is sold the great rise starts.

I predict that the stock will sell at 200, because it will pay at least 20 per cent on its par value of 100.

As the earnings have been steadily increasing while the drug has been limited to the use of a few thousand physicians, the profits of the company must be enormous as soon as the public beto enormous as soon as the public be-come familiar with it. It is said that it took four years to

It is said that it took four years to introduce antipyrine, when suddenly the demand became so great for this drug that the discoverer, according to the official organ of the State Board of Flealth of Pennsylvania made a million dollars in a year from his royalties alone, independent of the immense profit made by the manufacturers.

The Chicago Tribune claims, "The passage of the Free Quinine Bill has

passage of the Free Quinine Bill has saved to the consumers of quinine in the United States not less than \$50,000.

000 in the eight years last past."

Net earnings of only \$200,000 per year pays 50 per cent. dividends on Standard

pays to per cent. dividends on Standard Chemical stock costing \$40. It is simply a question of making Quickine known to the public, and the profits will soon double these figures. Look at the fortunes made by makers of patent medicines which, compared with Quickine, are as an old fashioned blunderbuss to a modern repeating rifle. Quickine is the most valuable medicine n the world today. The Standard Themleal company will establish an agency in every county in the United

Equitable Life assurance stock was sold at a low price. By increasing the number of agents year after year, the stock is worth now \$2.000 a share, and they have assets of one hundred mil-"Brokers tell me that the original

Edison Electric stock was very hard to sell at 45, and yet inside of a year it rose to \$3,000 per share. They had about the same experience with the Bell Telephone stock.

"New York World." A word or two about the men at the head of this company may be of interast. They are well-known practical financiers and business men whose es are at once a synonym for hon-judicious management and a guar-e that any industrial enterprise in h they embark is sure to besuccess-in they embark is sure to besuccessnames are at once a synonym for honest judicious management and a guarwhich they embark is sure to besuccess-

well and favorably known as a careful, level-headed financier, a man of sterling integrity. He is the head of the banking house of G. W. Dunn & Co., 2 Wall street, and president of the Railway and Dock Construction company. During the two years he was president of the Old Dominion Copper company, its stock rose from 1½ to 16½

by his able management.

Eugene Harvey, vice president of the company, formerly of the banking firm of Pearce & Harvey, has for the last twelve years been resident manager of the banking house of Theodore W. Myers & Co., Drexel building, Philadelphia.

The secretary and treasurer, E. A. Willson, is an expert accountant for fifteen years with Wales & Co., the Vanderbilt brokers.

R. A. B. Dayton, counsel of the com-Pany, has offices at No. 322 Broadway.

Among the large stockholders are
George D. Hilyard, the prominent New
York builder: S. J. Gifford, the leading insurance agent of Dunkirk, N. Y., Howard Swineford, esq., Richmond, Va.; Professor A. H. Young, of Han-over college, Indiana; Y. Carryer, esq., of the Canadian Pacific Railway company; Professor Addison Hogue, of Washington and Lee University, Lexington, Va.; J. H. Smack, of the S. S. White Dental company, the largest manufacturers of dental goods in the world; August Jaedicke, jr., cashier of the Hanover State bank, Hanover, Kan.; Dr. John D. Day, of Carbondale, Pa.; Dr. R. Curtis Gray, Dr. J. H. Joliffe, Dr. Hermann Prefontain; W. A. Marshall, esq., San Francisco; Rev. R. M. Stanbrough, West Hurley, N. Y.; Rev. Alex. Bell, Cushing, Canada; Felix Rey, esq., Cuba; Estadistica Grafica syndicate, representing all the South American Republics, and several prominent New Yorkers who will have seats in the board of directors later on. Canadian Pacific Railway com

"The physicians and druggists them-selves are investing in the stock, and the indications are that the factory will be kept running day and night." Of course, they have an absolute mon-opoly, but the price of their product is made low enough to avert any disastnade low enough to avert any dissat-sfaction on that score.—"New York

The general public will soon become familiar with the quick curative power and low price of Quickine, the new drug manufactured exclusively by the Standard Chemical company. Heretofore it has been introduced strictly and only to the physicians, but it is an article of such imperative necessity in every household, the company will make its superior merits known immediately and publish instructions how to curs diarrhoes, dynentery, summer

the reports are substantially the same. The quick curative power of this drug in diphtheria, dyspepsia, erysipelas, gastric troubles scrofula, ulcers, sores, skin diseases, ets., is almost incredible until we read the indorsements of such high medical authorities as Drs. Broening, Huden, Stuart, Lyon, Hupfeld, Henning, Barnum, Watkins, Hurley, Bradshaw, Nichols, Conklin, Lord, Alban, and hosts of others who have thoroughly tested it in their practice for over four years. What the New York Papers Say

over four years.

The disease and allments cured by this drug are too innumerable for us to

this drug are too innumerable for us to mention here.

Sore throat is cured by simply gargling a few times. All symptoms of catarrh, pharyngitis, laryngitis, etc., quickly disappear under its influence. As a surgical dressing, and in all the requisites of minor surgery, it is unsurpassed.

passed.

When such eminent medical authorities as Dr. Miller, Welch, Harrison, Shumway, Sears, Page, Wade and Weld declare that "Quickine is of inestimable value," and that "every physician in the civilized world will be glad to use it," and "it should be kept handy in every house," it is certainly a foregoing conclusion that the stock of the Standard Chemical company is sure to pay large dividends and rapidly increase in value.

crease in value.

It must come into general use in every household in the land ,and is certainly very, very cheap when compared with the price of quinine, autipyrine, etc. The fortunate stockholders have re-cived handsome dividends, and we learn from reliable official sources that there is another rich plum in store for the investors in this stock,—"The Financial News,"

pany preferred to offer the shares to nome investors.—"The Wall Street Daily News."

"We think the fluctuations in Standard Chemical stock will be pretty lively when epidemics of disease break out in this or other countries.—"Financial Record."

An industrial enterprise, such as that of the Standard Chemical company un-der careful management, is capable of yielding large returns. There is one fact which is worthy of special emphasis, namely, that for the article which the namely, that for the article which the company manufactures the demand has aircady been created. The opportunity to share in the profits, of supplying it is offered to those ready to invest in a safe and remunerative enterprise.—
"New York Observer."

The company's stock is a safe, sound, and profitable investment, as its busi-

and profitable investment, as its business is free from the vicissitudes that affect most enterprises of a commercial or industrial nature—good or bad crops, the rise or fall of values, business de-pression, or prosperity, will not affect the carning power of the Standard Chemical company's stock. It is a cer-tainty that its business and profits will

increase year after year. We have not in years had the pleasure of calling the attention of small investors to such a favorable opportunity of sharing in the certain profits of a solid established manufacturing busisolid established manufacturing business awning a monopoly and having the entire world as a market. The stock by the very nature of things cannot long be offered at this low figure, and the time is not Manathehen it will sell at \$200, and will be an active factor on the stock exchange—"Trade Review and Banking Journal." The official announcement is as fol-

NEWS OF OUR INDUSTRIES.

Happenings of Interest to the Stape Trades and Particularly to the Trade in Iron, Steel and Anthracite Coal.

It is stated that the railroads running into Chicago have bought 15,000 freight cars and 160 locomotives this year.

There were thirty-six railroads sold under foreclosure during the past mine months representing 4,655 miles of tracks and \$193,764,000 capital stock.

The falling off, in demand for Besse-mer pig iron and steel billets may or may not be due to consumers refusing to further discount their future requirements.

Contracts have been made with the Middletown Car works for the construc-tion of 250 cars, fifty of which will go to Mexico. The building of these cars will put a large number of idle men

The semi-monthly pay roll of the Pennsylvania Steel company Saturday amounted to \$101,148, divided among 4,872 employes. The plant is being run to its full capacity and is enjoying one of the most prosperous seasons in its his-tory. This is the third or fourth pay-ment this year which has exceeded the highest record made before the late

Wilkes-Barre Record: The Lehigh Valley "flyer" between Buffalo and New York is attracting attention, and it will probably be established when the will probably be established when the new winter time table appears next month. A test run will be made early this week between Mauch Chunk and Wilkes-Barre, and an effort made to cover the fifty-five miles in one hour. Considering the heavy grades and curves, this will be phenomenal time. The fiver will be made up of three cars only. It will stop only at Newark, Easton, Allentown, Bethlehem, Mauch Chunk, Wilkes-Barre, Sayre, Ithaca and Suralo.

complaints, etc., but such eminent physicians as Chichester, Washburn, Bennett, Elsenberg, Burgtorf, and many others. Its marvelous power in curing the various fevers—scarlet, typhoid, typhus, malarial; etc.—is certified to by such recognized scientists as Drs. Stewart, Baron Franks, Marshall, F. H. Smith, Nixon, Thomas, Reekie, Kell, and hundreds of other celebrated physicians who have used it in thousands of cases in the hospitals.

From every part of the United States the reports are substantially the same. The quick curative power of this drug in diphtheria, dyspepsia, erysipelas, gastric troubles scrofula, ulcers, sores, gastric troubles of the scroping dependence of the sc Valley made the greatest loss, the stock selling down 2½ to 20½. Tennessee Could dropped to 35% and later rose to 41½ 41. The break in the stock was attributed to sales by marginal and other holders who had lost money on the bull side in cotton. Reading was depressed by rumors that the assessment on the junior certificates will be larger than generally expected. Speculation left off firm in tone, with prices generally ½ to per cent, below Saturday's closing. Tobacco lost 1½ and Hocking Valley 1½ per cent. Sales of listed stocks today aggregated 147.452 shares.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Sprace street, Scranton.
