PERSONAL.
E. B. Sturges was in New York yesterday.
James Slocum, of Pittston, was here yesterday.
W. A. Brandamore, Jr., and W. Brandamore are attending a Young Men's Christian association conference in Erie.
Attorney E. H. House is on a three weeks' tour through the south, the Atlanta exposition being his objective point.
Isaac Post, L. T. Mattes, John F. Snyder and W. J. Hand have been elected to fill vacancies in the First Presbyterian church.
Mrs. Emma L. Tweed and daughter, Helen, of Sanderson avenue, have returned from an extended visit in Philadelphia and Millville, N. J.
Assistant District Attorney John M. Harris has returned from Philadelphia. Miss Mabel Howard, of Hackettstown, N. J., is the guest of Miss Tessie Mohals, of Dunmore.
Mr. and Mrs. Frank Silliman, Jr., yesterday returned from Montreal, where Mr. Silliman was in attendance upon the annual national convention of the American Street Railway association.
Hugh Jennings, the champion shortstop, took a run up from Lackawanna, yesterday, as he has many Scranton friends and admirers. He will leave for St. Bonaventura's college, Allegheny, N. Y., on Nov. 5.
Three things you ought to know. That our M. & H. kid gloves at 50 cents of different styles at 50 ladies' regular made here at 50c, are the best value for the money. —Nears & Hagen.

WHITE LILY TEMPLE.
That is the Name of a Ladies' Society Organized Last Night.
At Ancient Order of United Workmen's hall, on Lackawanna avenue, a women's temple of the Knights of the Golden Eagle was organized last night under the name of White Lily Temple, No. 25. The officers will be installed on Wednesday evening, Nov. 6.
The nomination and election of officers took place last evening and resulted as follows: Past temple, Mary Gray; noble temple, Clara Terwilliger; vice temple, Gwendie J. Davis; propheress, Fannie Gallagher; priestess, Emma Lancer; marshal, Irene Terwilliger; Elicia Foster; guardian of robes, Lucetta Silney; guardian of inner portal, Annie Tice; guardian of outer portal, Laura Dreher; guardian of record, Emma Schuler; guardian of keys, Lucetta Silney; Lucetta Arnold; trustees, John H. Gray, Obadiah Arnold and A. E. Terwilliger.

WOULD SELL HIS PANTS.
But Could Not Secure a Purchaser Although His Figures Were Low.
Joseph Glenn, of Providence, wound up a long debate in police court yesterday morning when he paid \$2.50 and made a promise to Alderman Millar that he would drink no more.
Glenn was picked up by Lieutenant Spellman, to whom complaint was made that he was going about trying to sell his clothing to buy drink. To the operator at the Ontario and Western station Glenn offered to sell his pants for 50 cents.
As it was a rather chilly night for a man to be going around in Highland costume, the unselfish operator refrained from taking advantage of the bargain.

English Capital for American Investments.
Important to Americans seeking English capital for new enterprises. A list containing the names and addresses of 250 successful promoters who have placed over \$100,000,000 sterling in foreign investments within the last six years, and over \$100,000,000 for the seven months of 1895. Price \$5.00 or \$25.00. Sent by postal note to the London and Universal Bureau of Directors, 20, Theobalds, London, E. C. Subscribers will be entitled by arrangement with the directors to receive either personal or letters of introduction to any of these successful promoters.
This list is first class in every respect. Get every man or firm whose name appears therein may be depended upon. For placing the following it will be found invaluable—Banks, Commercial, Industrial, Commercial and Financial Concerns, Mortgage loans, Sale of Lands, Patents or Mines.
Directors—SIR EDWARD C. ROSS, HON. WALTER C. PEPPYS, CAPT. ALTHUR STIFFE, and others.
Sole 14k. ladies' gold watch, guaranteed perfect timekeeper, only \$16.25, at Turnquest's, 205 Wash. ave.

LOOKING FOR TROUBLE
Providence People Ready for Another Toll-Gate Tilt.
CITY TO GIVE UP THE TURNPIKE
That Is the Purport of Mr. Grier's Ordinance Introduced in Common Council Last Night—Discussion Over the Exonerations of Firemen's Taxes.
The city has a chip on its shoulder and is around looking for more trouble with the Providence and Abington Turnpike company. The chip in question is an ordinance introduced by Mr. Grier, in common council, last night, repealing the ordinance adopted in 188, which provides for the assessment and maintenance of that portion of West Market street, between Leggett's creek and the square, which is a part of the old turnpike and owned by the company.
The ordinance entered into at that time by the Turnpike company and the city was that in consideration of the company moving its toll gate without the city limits, the city would keep the road in repair. The city failed to do this and the company, who are religiously, live up to its part of the contract, moving its toll gate to Market street, a verdict of about \$2,000 from the city for damages resultant from the city's neglect.
It is to prevent a repetition of such an expensive law suit, Mr. Grier stated, that he desires to annul the contract. He believes that in case his measure passes, the Turnpike company will see fit to again move its toll gate to the square, there will be little or no inconvenience experienced by the people of the North End as they can use Market street by way of any of the cross streets.
The ordinance was favorably received and referred to printing. It is favored by Home Contractors.
The sewers and drains committee reported that they were in a quandary as to what they should do with the sewer on the corner of Market and Howley Bros., of this city, and Hart & Gibbons, of Wilkes-Barre, for the construction of the proposed lateral sewer on Market street, between Leggett's creek and New York streets. Each bidder proposed to do the work for \$1.61 per lineal foot. The committee did not feel that it should recommend to the council to make a recommendation awarding the contract to Howley Bros., in order to bring the matter before the council, as the council would have little speech in favor of patronizing home industry and Howley Bros. got the work by an unanimous vote.
The department committee approved of the resolutions providing for the erection of a fire engine house on the city lot at the corner of Franklin avenue and Sage court and council action on the committee's views.
Property holders on Amelia, Grace and Meade avenues complained some time ago of water which collected in their yards and formed stagnant, disease-breeding pools, all of which they alleged resulted from the water which was caused to flow from Main street through the Parker streets by reason of grading which has been done by the city. Street Commissioner Kinsley was asked by the committee to make a report on the matter and his finding was that the city was not responsible for the nuisance and recommended that the city should be advised to construct sewers, which recommendation was adopted by the committee and in turn by council.

BIAS FOR FURNISHING COAL.
Bids for furnishing coal for city buildings were received as follows: Consumers' Ice Company, chestnut, stove and egg, \$2.75; pea coal, \$1.60; James Flynn, buckwheat, \$1.25; pea coal, \$2.00; chestnut, \$2.75; stove and egg, \$2.35. The proposals were referred to the public buildings committee.
Mr. Oliver introduced a resolution directing that the name of Davies street be changed to its old name Rock street as per petition of all the property holders on the street with two exceptions. The petition was signed by T. Fellows, Mason, S. Elizabeth Mason, John Acker, John Wagner, Jr., R. P. Aswell, Morris Williams, A. E. Moore, Mrs. Maggie McDermott. The resolution passed without comment or opposition.
A resolution exonerating from city occupation tax all firemen, except paid men who have done three years' service was introduced by Mr. Robinson and passed after Mr. Oliver had made a futile effort to include public officers and other city officials, members of the fire department, in the exonerations with the paid firemen. Later in the evening Mr. Oliver secured a reconsideration of the measure and it was referred to committee. An effort was made to strike out the clause excluding paid firemen on the grounds that they are as much entitled to exonerations as policemen.
Mr. Noone introduced a resolution directing the city clerk to file with the City Solicitor copies of all ordinances submitted for consideration of council with that the Solicitor be instructed to pass upon the legality of same when occasion requires, the opinion in these cases to be advisory. The resolution was adopted.

TURNED AWAY FROM JAIL.
A Fate Desirable in Some Cases But Not in This.
An aged Hungarian, named Andrew Vioss, was sent to the county jail yesterday by Alderman Millar for vagrancy. The man, who is a native of his own country, refused to receive him, alleging that he was unfit on account of his infirmities to be an inmate of any place, but a hospital.
He was taken back to the station house, and the case reported to the poor authorities.

LETTERS FROM THE PEOPLE.
(Under this heading short letters of interest will be published when accompanied by postage stamps, and the name. The Tribune will not be held responsible for opinions here expressed.)
BASE BALL IN SCRANTON.
Sir I have just heard that the Scranton Base Ball association proposes to sell the franchise of this city to Fall River. I think this act is a disgrace to the city and the association. If a similar line Wilkes-Barre can support a team in the city of Scranton, and I am positive if they keep playing like B. Clarke and if they sell the franchise to men in the city of Scranton, and I am positive if they get any kind of a club that will keep the top it will be a big thing for the managers, but if we go back in the State league, base ball will be killed in Scranton. Yours respectfully,
George L. Percks.
Scranton, Oct. 24.

Annual Fall Excursion.
All arrangements have been completed for the annual fall excursion of the New York, Ontario and Western Railway company to New York, on Oct. 29. It has been so arranged that excursion trains will have the right of way over other trains so as to avoid any delays. It is expected that this excursion will relieve many of their former efforts. Last year over one thousand people were carried to the great metropolis on the fall excursion. The exceedingly low rate of fare for one fare for the round trip, and the excellent chair cars on all trains, are great draws on the excursion.

REPORT OF THE VIEWERS
Subject of Able Arguments Made to the Court Yesterday.
GOT BACK AT ATTORNEY BURNS
He Paid Costs Before Taking an Appeal by Means of Check and He Is Called to Task for So Doing.
Argument was heard yesterday morning on the exceptions to the report of Viewers E. J. McNally, Robert Hagg and August Schimpf, of the Seventeenth sewer district. Major Everett Warren represented the Lackawanna Iron and Coal company and the Lackawanna Iron and Coal company argued to sustain the report.
The Iron and Coal company excepts because, as alleged, the assessment levied by the viewers is for property owned by the company in the Twelfth and Nineteenth wards, where the proposed sewer will not abut. This is the reason given by the Steel company, supplemented with a copy of the ordinance creating the sewer district. The both companies, as Major Warren argued, maintain that only property that abuts on the sewer should be assessed. The Supreme court so construed the act of 1881, under which the viewers were appointed. The argument specified that the land of the companies affected by the assessment consists of four or five acres of farm and orchard land that in no way can be helped by the sewer, or any branches of it.
Decision Will Be of Importance.
Mr. Torrey argued that the decision of the court will be of vital importance to the city. He said that the ordinance creating the district was drafted under the act of 1887, which provides that all property in the district is subject to the sewer assessment.
A good deal of amusement was enjoyed at the expense of Attorney I. H. Burns, who has recently been defeated against Arthur Frothingham, rule to restore records, came up for argument. The plaintiffs were represented by Attorney Burns and Attorney T. O'Keefe. Attorney M. W. Lowry represented Mr. Frothingham. Hopkins & Roberts brought a suit against Mr. Frothingham for a large amount of money. It was heard before arbitrators and the award was against the plaintiffs. But on the last day of the twenty days allowed by law in which an appeal can be taken, Mr. O'Keefe to the office of Prothonotary Pryor and paid the costs by check, and took out a rule for an appeal.
Along with other argument, Mr. Lowry contended that the plaintiffs were not entitled to be heard on the appeal as the costs had not been paid in cash, but by check. Mr. O'Keefe directed the attention of the court to the fact that Mr. Burns, of plaintiffs' counsel, has a case against Attorney Corporation in which the costs were paid by check. Mr. Burns' personal smile was not disturbed by the jests of his brethren at the bar.
Talking About the Fashions.
The arguments for a new trial in the case of the Universal Fashion company of New York, against John H. Ludwig, proprietor of the Four-Cent store, was made by Attorney C. W. Dawson. The jury found a verdict \$1 for the Fashion company, although the suit was brought for \$500, and Judge Gunter instructed the jury to find for the Fashion company on the case they found at all for the plaintiff. Mr. Dawson argued for a new trial and Attorney C. H. Soper opposed the granting of a rehearing on the case. The objections of Mr. Soper were that the fashion patterns furnished by the company to Mr. Ludwig were of the dated and that the company did not up to date as per agreement. He did not think that it would be fair if a person ordered a horse to get a mule or if one ordered a race horse to get an old "plug".
The rule to set aside traverses in the case of the commonwealth against Benjamin S. Clark was argued and made absolute.

COMING ATTRACTIONS.
Shows That Are Billed to Appear in Play-houses of the City.
The popular comedian, Roland Reed, and his admirable company will present at the Frothingham this evening his latest success, "The Politician, or the Woman's Plank," which has proved one of the best of his ever had. The characters are all cleverly constructed. One in particular, portrayed by Miss Leodora Rush, a twentieth century girl, has created a sensation from the novel characterization and dressing of the role. Mr. Reed's company includes Miss Isadore Rush, Miss Rose Brabant, Mrs. Mary Myers, William Bernard, Julian Reed, James Douglas, Charles Wyngate, John H. Bunny and Sheridan Tupper.
The Hustler Co. to-date.
A play that abounds in enjoyable music and pleasing specialties is reasonably sure of liberal patronage in this city, and the approaching engagement of "The Hustler" on Saturday next at the Academy, may therefore be put down among the popular events of the season. There is something of a plot, however, to "The Hustler," and if the story is narrated to the audience, the public prefers the latter. "The Hustler" company embraces twenty-five ladies and gentlemen, whose combined talents are admitted of a very superior order.
Byrne Brothers Monday Night.
The novelty of a steamship turning completely over in midocean and the passengers still remaining right-side up, is certainly a very laughable conceit. The Byrne Brothers, who appear at the Academy of Music Monday evening in "Eight Hells" are doubtless aware of this fact, and have arranged when they embodied it in their curious spectacular production of that name. The Byrnes have also retained all the best features of their old and new funny. These include the ship scene, the boarding school action, and the comical horse, and the stage coach horse-plays. There is a good variety of songs and dances in the new version, with pretty music and prettier girls.

A NEW INDUSTRY.
Trying to Interest Scrantonians in the Manufacture of Culin Coal.
A gentleman has for several days been in Scranton endeavoring to interest capitalists and men in a process or manufacturing culm into a material designated as "culm-coal". He has met with poor success, as it is believed that the manufacture of culm product, it is culm mixed with chemicals and pressed into flattened pieces about the size of chestnut coal, one ton of which will burn as long as twice as long as two tons of coal and will furnish more heat if it can be manufactured to sell at about \$2 per ton.
The company's representative has several barrels of the "culm-coal" in Scranton and is distributing it to interested parties, and has been instructed to secure a practical test. The opinion has been created that the new product will create a more favorable notice and demand if it can be manufactured to sell at about \$2 per ton.

RAILROAD NOTES.
Railroad men will await with interest the outcome of the demand made upon the officials of the Pennsylvania lines west of Pittsburg by a discharged contractor for either an honorable discharge or the refunding of the money he has paid into the relief fund of the company in the past five years. This man, along with two other contractors, was summarily dismissed upon reports of "spotters". In addition to asking for the refunding of his money this contractor will sue the company for his interest in a car accidentally damaged some years ago and for which he paid the company \$10 as his share of the assessment for damages. He considers that his interest in the car is a matter of law, that looks very plausible, although it has never been tried before. The attorneys claim that a man who invests his money in the relief fund has no right to have the same right that a man holding a policy in any other insurance company is possessed of, and the suit of revolutionary kind is a bona fide policy holder from the rights and privileges as defined in the contract.

attached to his policy, neither will it permit the railroad company to retain the money paid in by a member of the relief after he has been cut out from the right to receive benefits.
President Wilbur and the other officials of the Lehigh Valley railroad, who went to Buffalo last Thursday and returned home Friday morning were treated to a fast ride after their departure from the latter city. The special train consisting of two private cars, weighing 100 tons, left Buffalo at 2:30 a. m. as a second section of train No. 4. It was drawn by engine No. 622, with Engineer Moddy at the throttle. Rochester Junction was reached at 10:48, making seventy-four minutes for the distance of sixty-nine miles. Deducting twelve minutes for detentions the actual time was sixty-two minutes. The run from Buffalo to Manchester, eighty-nine miles, was made in one hour and forty-eight minutes, including twenty-four minutes delay at Rochester Junction caused by the official stopping at the latter city. The Lehigh Valley's light high-speed engine, it has 60-inch driving wheels and was recently built under the supervision of Master Mechanic John Campbell, for high speed. Its performance on this occasion shows how well his work has been done. While some mechanics insist that hard coal is not adapted for high speed, anthracite coal was used in making Friday's big run.
