

### A Sudden Change

THE giving way of summer to winter is often very quickly done, and unfortunately the giving way of the human beings by this change is often as sudden and sad. But when you stop to think, why should it not be so? The pores of the skin are open, the muscles are relaxed, the thermometer falls, the winds blow, the pores are closed and the body becomes chilled, and then you are sick. Now, do you ever stop to think that all this work is thrown back upon what? The kidneys, nothing else. When the skin does not throw off the waste of the body by perspiration, the kidneys must do it, and too often they cannot stand the sudden strain.

You know, if you will read and in touch with the times, that there is but one cure for any kidney difficulty, but one means of preserving the kidneys in health, and that is, Warner's Safe Cure. So wonderful have been its results, so much has it accomplished, that physicians, scientists and the best informed people, both men and women throughout the world, have admitted it. If you are suffering from any form of chill, pains in the muscles, lack of appetite, headache, or the many ills which come at this special season, you should not delay a moment, and you are foolish if you continue to suffer when you can so readily obtain relief.

On Thursday evening the Knights of Father Mathew celebrated their ninth anniversary by holding a magnificent banquet and social session in Moyle's and the Father Mathew hall. The occasion was a most interesting one, bringing together a large percentage of the youth and beauty of this and the surrounding towns, and seldom has there been seen here, ranging around the festive tables, so many of the charming ladies and handsome gentlemen. The affair was one long to be remembered with pleasure and the energetic young men who arranged it are entitled to high praise for the admirable manner in which it was conducted.

The members of the society, with their guests, the Father Mathew society, assembled in the hall at 8 o'clock. Here Groy's famous orchestra gave forth its sweetest strains and for two hours the ladies and gentlemen moved to and fro in the stately measure of the waltz. Shortly after 10 the party proceeded to the banquet hall, which was elaborately decorated, and partook of the bounteous and well-prepared feast provided by G. Kelly, of Scranton.

The banquet over, T. J. Kieley, who acceptably presided as toastmaster, made a brief address and introduced Rev. Dr. Lucas, who explained the relations of the society to the total abstinence movement. He complimented the society on the zeal and earnestness it displays in its efforts to entrench the good work begun by Father Mathew and expressed a hope that its future would be crowned with great triumph for the noble movement in which it is engaged.

James P. McAndrew, the president of the society, responded to the toast, "The Knights of Father Mathew," and told of the great good that the society had accomplished since its foundation. He spoke also of its present flourishing condition and looked forward with confidence to a greater and more prosperous future. William Murphy paid high and fervent tribute to the memory of the Apostle of Temperance, Father Mathew, and incidentally referred to the beneficent work of his lifetime. Mrs. J. McAndrew in an address filled with patriotic sentiments, complimented the society on its noble work and exhorted it to persevere in its noble work.
