Mr. Nordt Officiated Yesterday Morning and Evening at the Hickory Street Presbyterian Church.

SOUTH SIDE NEWS.

The congregation of the Hickory Street Presbyterian Church was highly edified yesterday morning and evening by Rev. William A. Nordt, the pastor, who has accepted the call to the pastorate in the morning discourse was on the text, "Come for all things are new ready," from the parable of the feast. In the evening he spoke on the privileges of the children of God. The sacred edifice was thronged with worshippers. Rev. Mr. Nordt left on the midnight train for Newark.

The presbytery there will meet this evening and he expects letters of transfer to the Lackawanna presbytery, which will meet the latter part of next month. He has been pastor of the Second German Presbyterian Church of Newark for twenty-one years. A great interest is being shown, just now, in the "Membership Contest" which was begun on Friday evening last at the South Side Young Women's Christian Association. Invitations had been issued to the young members of the association bidding them to a supper on the above-named evening and, in response, the house was filled with a large number of bright faces and merry voices. The pretty and comfortable house, of which the association girls are justly so proud, never looked more attractive, trimmed, and so it was, with beautiful ground-pine and flowers, scarlet geraniums and chrysanthemums. Five long tables had been daintily laid and a bountiful supper provided for the guests. In addition to the association girls, there were also several friends of the association present, among them the president, Mrs. E. H. Ripple, and the chairman of the South Side Committee, Mrs. C. B. Derman. After supper Mrs. Ripple addressed the young women and opened the contest for the evening. The girls were separated into two companies, Company A and Company B, the one under the leadership of "Captain" Kate Stewart and the other of "Captain" Stewart. The companies work for one month and secure new members in the association, during which time reports will be given daily as to the progress of each. At the expiration of the month the two companies compare results, the one who has secured the least number will, in consequence, entertain the victorious company. All who entered upon the campaign with enthusiasm and interest, but it is to be remembered always that the association does not aim for a long list of members for the sake of numbers merely, but that the young women of the South Side may be brought together in close fellowship that each shall be helpful to the other in the upbuilding of noble, Christian womanhood.

LETTERS FROM THE PEOPLE.

(Under this heading short letters of interest in a general manner and when accompanied, for publication, by their name. The Tribune will not be held responsible for opinions here expressed.) AS TO HIGH LICENSE LAWS. Editor of the Tribune. Sir: I read in Friday's Tribune an article concerning the speak-easies. Now, while I believe in maintaining the laws of our country and state, yet I do not agree with the writer in the portion of his article where he says: "I believe I can even the Prohibitionists ought to be sensible of the injustice of such a discrimination; and they ought to make a law so long as the majority perverts enact high license laws, we, as good citizens, will our best to help enforce and sustain them." Now, what surprises me is this: So long there is such a majority in favor of high license laws, and have enacted such laws, and said majority has supreme power, and all that they can do is elected by this great majority are in duty bound to enforce the laws and close those speak-easies, it is a shame that they cannot enforce the laws they make--the laws they believe to be a benefit to the state. If you can find a true Prohibitionist that is violating the license law, I believe I can find Prohibitionists enough with backbone enough to bring the offender to the courts of justice, whether after one year, or one could get justice or not. I wish the writer to understand that the Prohibitionists are sensible of the injustice of such a discrimination and that we are also sensible of the justice that a minority can enact laws that the great majority, and we do say: "Well, so long as the majority enact laws favoring license in any form, they should be made to swallow their own medicine." Give the Prohibitionists the majority and they will enact laws that they are afraid to enforce for fear of losing political influence. Yours truly, W. C. Drake. Moosic, Oct. 26.
