SOUTH SIDE NEWS.

On June 30 last the accident fund composed of employes of the Green-wood Coal company held its annual picnic, and about 11 o'clock at night a fight started in which the principals were George McClockey and Alex Lecofski, two Polish Don Juans. Their quartel arose over the smiles bestowed upon McClockey by Miss Louisa Yankowski. These latter two had that very morning been together to the clerk of the

courts' office and had been granted a marriago license. Prior to that time some months, Lecofski had been the favored sultor.

The outcome of the quarrel at the picnic was that McCloskey was found the next morning alongside the readment the grove, with a fractured skull and in an unconscious condition. Lefcofski was arrested and lodged in jail, and Alexander Kisier was committed as an accessory to the crime. Eventually McCloskey recovered, but when he returned home his affection for Miss Yankofski and Kisier go out of jail, and yesterday the latter and Miss Yankofski and Kisier go out of jail, and yesterday the latter and Miss Yankofski appeared at the court house, procured a license to wed, and will be married tomorrow if nothing unforeseen happens.

Will Work Saturday Nights, Orders have been given to run the South steel mill on Saturday nights until different notice is posted. The mill has not operated on Saturday night for over two years, and the return to this schedule is accepted as a sign that the prospect of work is very bright,

Sustained a Broken Leg.

WHERE ARE WE AT NOW?

Sheriff's Sale of Scrunton Base Ball Franchise and Other Property Postponed Until Monday - Patrick Powers, President of the League, Come to Town.

Pat Powers, president of the Eastern league was in Scranton yesterday. The sheriff's sale yesterday of the Scranton franchise and property was postponed until Monday; these two facts are the principle features of the base ball muddle which has been a series of "situations" since the association went into amicable hysolysacy.

die which has been a series of Studtions" since the association went into
amicable insolvency.

Mr. Powers arrived from New York
city on the Lackawanna noon train
and was accompanied by a Mr. Curry,
whose only excuse for being here is
that he is Mr. Powers' friend. Previous
to the president's coming the directorcreditors of the association secured a
postponement of the sheriff's sale until
4 o'clock Monday afternoon. Soon after Mr. Powers' arrival Le had an
hour's talk with President Betts, of the
Scranton association, in the Wyoming
House, and afterward visited the office
of Harry P. Simpson, where a conference was held until late in the afternoon. After supper Mr. Powers went
to Wilkes-Barre, but returned at midnicht and left in a few hours for New
York.

Matter for Speculation

What was meant by the postpone-ment of the sale and the two interviews ment of the sale and the two interviews is mere speculation. It is supposed that the creditors were not assured how President Powers and the Eastern league directorate would view the sale. A clause in the national agreement provides that a sale or transfer of a franchise must be ratified by a league. Vithout securing the sanction of the league, sellers and buyers alike would have had to take chances, and the sale was postponed in order to meanwhile secure the approval of President Powers, who, while not comprising the league directorate, certainly voices the sentiment of that body.

One thing The Tribune can state with emphasis: The Eastern league fran-chise will not go outside Scranton unchise will not go outside Scranton un-less present plans miscarry. President Powers' wishes on this point have been misquoted. Personally, he wants Scranton in the Eastern league and be-lieves financial success is assured here. Troubie might be occasioned if Mill-ionaire Markle, who is back of the State league, or his representatives hid in the property, but in such an event the Eastern league girectors would disthe Eastern league directors would dis-counterance the sale and some one would be mixed with a pretty kettle of

Eastern League Club Will Stav. In substance, indications are that if earth and air hold together until 4

o'clock Monday afternoon the Eastern league will be saved to Scranton. . P. Jordan and Edward Coleman two of the urrector-creditors, were at the base ball park yesterday at the hour the base ball park yesterday at the hour advertised for the sale. W. A. St. John and Martin Swift, a stockholder and the manager of the Scranton club in the State league, were also on the

ground.

President Powers, usually uncommunicative while being interviewed, conversed with a Tribune reporter on his return from Wilkes-Barre at midnight and was emphatic in his denial of reports that wanted Scranton's Eastern league franchise to go out of this ern league franchise to go out of this city. He said:

city. He said:

Tassure you Scranton will possess an Eastern league club next season. This is our territory and neither the State league nor any other organization or an individual can take it from us. It is not probable that any attempt will be made at Monday's sale to interfere with the intention of keeping the franchise here. If State league people attempt any sharp practices or if any local persons succeed in buying the franchise with the intention of juggling with it, a new Eastern league franchise will be located here within twentw-four

cures the worst cases of constitution. It is a certain cure for all diseases peculiar to females, and affords great procedient to females, and affords great in change of life. It cures scrofula, each rheum, rheumatism, dyspepsia, all kidney, blaider and urinary diseases. In this last disease it has cured where all else failed.

Third Malional Dank hours. We have legal organization rights in this matter. On this point you may quote me in as strong guage as you wish."

Does Not Payor Class A Idea. Mr. Powers said further that there is no wish on the pair of the Eastern league directors to see Saranton omitted. Of the probability that Toronto might be dropped he did not speak definitely, but said that Arthur Irwin, late manager of the Philadelphias, had securer control of the Toronto franchise to be used as a lever in furthering his efforts to become manager of the New efforts to become manager of the New

Yorks.

He did not seem to favor the proposition that the Eastern league clubs be placed in class A. which would cost each club \$600, or 50 per cent. additional. This he thought would detract from the

This he thought would detract from the advantage that might be gained through receiving \$1,000 instead of \$500 for a drafted player.

That the Wilkes-Barre association is justified in protesting the signing of Shannon by Rochester, seemed to be Mr. Powers' opinion, but he indicated that the dispute may be amicably settled.

tled.

He said that the suspension of Pitcher Jack Luby by the Scranton club is operative, and that Luby cannot play with a club under the national agreement if a Scranton contract is presented to him for his signature in the spring. Luby's reservation by Scranton, he said, is official.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "New South American Kidney Cure. This new remedy is a great surprise on acount of its exceeding prompiness in relieving pain in the bladder, kidneys, back, and every part of the urinary passages, in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy, Sold by C. M. Harris, Druggist, 125 Penn avenue, Scranton, Pa.

LETTERS FROM THE PEOPLE. (Under this heading short letters of in-terest will be published when accompa-nied, for publication, by the writer's name. The Tribune will not be held re-sponsible for opinions here expressed.)

ELECTRICITY IN THE MINES. Editor of The Tribune.

Editor of The Tribune.

Sir: In an article in your issue of Thursday morning, this week, entitled "Mine Mule Superseded," you make a few statements which we beg leave to correct. You state that "the electric locomotive recently installed at the Bellevue mine is the tirst one to prove successful, not that the system is defective, or anything like that, but wherever those machines have been introduced some hitch or another appear to have attended the test, necessitating a re-shipping of them back to the factory for overhauling."

We wish to state that prior to the installation of the Bellevue plant we have equipped three different mines in this region with electric locomotives, which have proven entirely satisfactory from the very start; in fact, we have exceeded our guarantes in every case by haulling larger trips than our contract called for. We installed at the mines of O. S. Johnson, Green Ridge, an electric locomotive which has been running continuous by or eight months and has been giving entire satisfaction. This locomotive is working on one of the most crooked gangways in this section and is also hauling loaded cars out of a 7 per cent. dip. It would require thirteen mules and eleven driverboys and runners to equal the output of this locomotive.

At the Optario tunnel of the New York and Scranton Coal company, in Peckvilie, hes been in successful operation for a few weeks, and har not only replaced a number of mules and boys, but will enable the company to interest and boys, but will enable the company to in-

ercaseculariteting at theirshop persona- from recase the state of the same and the state of the state o

Mr. O'Nell's interpretation of the role of the Roman father who killed his only daughter rather than see her become the property Claudius was excellent in conception and execution and he was several times called before the curtain. A yery competent company assists Mr. D'Nelli. Tonight he will be seen in the role in which he has won his greatest fame, that of Edmund Dantes in "Monte Cristo."

But One Saved

out of Ten Who Suffered from Kidney Disease and Gravel.

And that one, T. N. Arnoll, of 148 West gyanue, Rochester, N. Y., was the only one who used Dr. Kennedy's Fa-

verite Remedy. verite Remedy.

This remarkable statement was investigated and published recently in the Rochester Democrat and Chronicle.

Mr. Arnold said: "Some years ago I was taken sick, which ran along until 1889 before I found out the real cause. There were ten of us, friends, all sick in the city of Rochester at the same time with kidney disease or gravel in the bladder—nine died. The doctors exercised their utmost skill on those nine men last could not save one of them. I men last could not save one of them. I picked up a book one day on Dr. David Kennedy's Favorite Remedy, and saw my case described exactly, and I resolved to try it. I commenced its use, and how shall I express my gratitulle, for it saved my life. The pain I have suffered no mortal man can describe. I have lain on my back with my feet against the wall to try and get in a position to ease the pain. After I had taken three doses of Favorite Remedy, I commenced to feel better; of course the pain and swelling continued until the stone was all diszolved. From the time I went to bed and commenced to use

DR. DAVID KENNEDY'S

until I was all right again, was just four and a half months. I have recommendel this remely to a great many people, for nobody knows how highly I value it."

Many other instances of the kind are widely talked of here in Rochester, where Dr. David Kennedy's Favorite Remedy has effected cures after physicians had given up hope. It restores the liver to a healthy condition, and cures the wcret cases of constination. It is a certain cure for all diseases peculiar to females, and affords great protection from attacks that originate in change of life. It cures scrofula, each theum theumatism despensie all
