FOOT BALL CAUSED DEATH.

Injuries Sustained Received Three Years Ago in Annapolis Result Fatal.

Chicago, Nov. 3.—Lieut. Leonard M. Prince, Second Infantry, U. S. A., died at the Presbyterian Hospital yesterday as the result of injuries received in the famous army-navy football game at Annapolis in 1892, between the Cadets of the United States Military Academy at West Point and the Naval Academy at Annapolis. In a scrimmage for the ball, Prince, who was under the struggle, was struck by an Annapolis player, who fell on the small of his back with both knees. When the ball was put in play again it rose, and he was carried off the field. An examination showed two ribs on his left side were broken and internal injuries inflicted.

A wrecking accident a relief train was sent from Wheeling with doctors and the injured passengers were taken to the hospital. The accident was one of those kind that is wholly unavoidable. Great excitement prevailed in the vicinity for a time after the wreck. That no more fatalities occurred seems to be due to a kind providence, as the wreck was one of the worst of its kind that has occurred in this vicinity for many years.

THE KATAHDIN REJECTED.

Secretary Herbert Leaves the Question of Her Acceptance to the President.

Washington, Nov. 3.—The official speech of the American, Mrs. Kathdin, as reported to Secretary Herbert yesterday by the Trial Board, and the vessel stands rejected under her contract because of the condition of the first vessel of the new navy falling to reach contract requirements. Unless special provision is made by the next session of Congress, the Bath Iron Works of Bath, Me., which built the hull and machinery, must rely upon selling her to some foreign Government to recoup their expenditures, in which case a complete rework would be required. The worth of armor belonging to the United States is fastened on the vessel, and is valuable for other purposes.

Secretary Herbert said that he was prepared to accept the specifications of the contract, which stipulated that unless the ram developed seventeen knots or over, the vessel should be rejected. After a long conference with Gen. Hyde, the builder, the Secretary, however, consented to take care of the vessel at the New York Navy Yard pending a further consideration of the matter by President Cleveland.

Unlike contracts for other naval vessels, which provided for certain forfeits if a certain fixed speed were not secured, an iron-clad clause was placed in the contract with the Kathdin, compelling her to show seventeen knots under penalty of rejection.

The vessel was wholly of a novel and experimental character, and for this reason the builders of war ships responded to the advertisements for proposals. Secretary Tracy finally induced President Hyde, of the Bath Iron Works, to undertake the contract, thinking that the specifications of the vessel were defective. The keel was laid in 1891, and ever since open rivalry has existed between the Kathdin and the other vessels. It had to be made in Me. because of discovered defects.

Naval officers still adhere to the belief that under favorable conditions, in the smooth water for which the Kathdin was designed, she could easily make the required seventeen knots. Her contractors, however, prefer not to run the risk of forcing her to a higher speed than they did on Thursday, and prefer to leave the whole matter to President Cleveland, relying on his fairness to suggest a just settlement.

SALVATIONISTS FINED.

They Play Upon Horns and Drums on Sunday at Easton.

Easton, Pa., Nov. 3.—In defiance of a recent order of Mayor Field, commanding the Salvation Army to cease playing horns and drums on Sunday at their open air services in Centre Square, Elmer West, of Philadelphia, Frank Square, and Edward Parsons, of Bangor, Pa., trombonist, were arrested this afternoon and committed to prison for ten days in default of a fine of \$10.

The arrests and imprisonment have caused considerable comment. The army, of late, has been complained of as being a nuisance on Sunday.

ROASTED IN A SWEAT SHOP

Several Workers Meet a Terrible Fate in a Fire Trap.

FOUR BODIES ARE REMOVED

It Is Evident That Many More Have Perished in the Conflagration—Remains of One Victim Are Charred Beyond Identification.

New York, Nov. 3.—When the smoking ruins of the sweat shops in Pelham street, which were burned early this morning, were searched it was discovered that four lives had been lost in the blinding smoke and flames. Three buildings were totally wrecked and an estimate of the damage places it at \$100,000. The names of the dead are as follows:

Jacob Shapiro, Isaac Pensen, Morris Deuschel and an unknown person, sex undistinguishable.

The bodies taken from the ruins and the horrible condition in which they were found show how terrible had been the struggle of the unfortunate for life and how hopeless their fight before the elements of the flames. The three buildings took fire from floor to floor as though their walls had been soaked with kerosene and all avenues of escape were cut off. No one knows how many persons were in the darkened sweatshops when the fire started and even yet beneath the charred debris there may be lying the bodies of homeless and friendless tailors who had found shelter for the night within the walls of the doomed buildings.

HOLMES CONVICTED.

The Jury Takes but One Ballot to Decide the Fate of the Wholesale Murderer.

Philadelphia, Nov. 3.—H. H. Holmes was convicted last night of murder in the first degree for killing Benjamin F. Pitel in this city on Sept. 2, 1894. The jury took only one ballot to reach this verdict. Holmes was charged with the murder of Pitel on the charge of Judge Arnold's charge. At 8.35 word was sent to Judge Arnold that the jury was ready to return their verdict. The prisoner was brought in and placed in his seat. The jury came in and took their places. The court ordered Holmes to arise, and the Duke of Marlborough of the court, the foreman of the jury pronounced the verdict "Guilty of murder in the first degree."

After the effects of the blow began to pass away Holmes slowly recovered. He realized that his counsel was making a motion for a new trial. He rose up and fell and ran his tongue over it. Clapping his hands together he leaned forward to listen to the Judge's decision. When Judge Arnold said that he would hear the application for a new trial on Monday, Nov. 18, an expression of something like "Oh, my God!" was heard. Turning to the court officers he said in an eager whisper:

"Monday, Nov. 18?"

These were the only words he uttered. Judge Arnold then expressed to Mr. Rotan and Mr. Shoemaker his appreciation of their difficult task, and complimented them on being able to make their verdict so clear and simple. He intimated that their withdrawal from the case was a device of the prisoner.

In a manly, honest way, Mr. Rotan then stated that he understood that their withdrawal was not a device of the prisoner, but was done from a sincere conviction, because they believed time had not been given to them to prepare their case. Judge Arnold then expressed his regret that the prisoner had not been discharged and discharged them, and so ended the trial.

The jury was never in doubt. When they retired from the court room they had only one ballot to cast, and every man voted to convict. They consumed three hours for their retirement from the court room, and in fifteen minutes found a verdict in fifteen minutes if they had wished to do so.

Every one actively identified with the Holmes trial was glad that to-day was Sunday, and that the great nervous tension under which they had labored for a week.

After the ordeal of the trial the quiet monotony of a prison cell was welcome to Holmes and he spent to-day apparently unconcerned by the death sentence which hangs over him. The condemned man's appetite, however, had been ruined, and he still maintains his air of injured innocence and reads and writes when not absorbed in thought.

No visitors were allowed to see him to-day and Holmes himself strengthened his position by stating that he did not wish to see anybody.

BIG DEAL IN COKE.

The Frick Company Buys the Plant of the McClure Coke Company.

Pittsburg, Pa., Nov. 3.—H. B. Frick Coke company has purchased the entire plant of the McClure coke company, which is situated in the Conneville region to the Frick company. For a time the McClure coke company will continue to run as a separate organization. The McClure coke company own 2,500 ovens and was the next largest in the Conneville region to the Frick company. With the recent purchase of the Fairchance Furnace company plant, gives the Frick company control of over 12,000 ovens in the Conneville region out of a total of about 12,000 ovens. The Frick company now own and control about 60,000 acres of coal land with a coke manufacturing capacity of about 25,000 tons per day. The transaction involves many thousand dollars.

SPEED OF WAR VESSELS.

Admiral Ramsay's Figures Show That They Have Been Overrated.

Washington, Nov. 3.—Admiral Ramsay has collected some exceedingly interesting figures on the ordinary cruising performance of the new war ships, which will be sent to congress by Secretary Herbert in his annual report, and which may lead to some discussion when appropriations are asked for new vessels of high speed. During the past year the admiral has required all commanding officers to report to him the rate of speed of their vessels on every voyage made, and the results demonstrate that the wonderful bursts of speed which are productive of large premiums when allotted to jockey-icers employed by builders on trial trips to establish great records are altogether meaning less as indicating the value of such vessels for every day naval uses.

The new figures do not in any manner detract from the capabilities of the racing cruisers to develop high rates of speed for short distances, but the circumstances occur that warrant the risk of forcing and straining the machinery and hulls, as for instance when \$25,000 a quarter knot is at stake or an enemy's fleet is to be avoided. But the statistics collected show that the figures customarily attached to such ships even in official publications are entirely misleading.

The cruiser New York, for instance, is listed in all official publications as a 21-knot ship, but the best run she made in 1895 was at the rate of 15 knots per hour, which was from Kiel to Gravesend and her average for the year was about 10 knots.

FREE FOR ALL FIGHT.

Half a Dozen Men Injured in a Riot at New Castle.

New Castle, Pa., Nov. 3.—A riot occurred at Ellwood City about midnight last night and at least a half dozen men were injured. For some time past the employees in the glass works and those in the tin plate mill at that place have been on the outs. The men from each mill got into a fight last night, which would go into a free for all engagement between the two factions.

At one time there were no less than 30 men engaged in the melee. The fight continued from 11 o'clock until midnight and several persons were badly wounded. Several arrests will be made to-morrow.

HARRISON'S FRIENDS ACTIVE

They Propose to Displace Chairman Carter—Senator Sherman Gives Views Upon President Cleveland and Senator Brice.

Chicago, Nov. 3.—A special dispatch to a morning paper from Indianapolis, Ind., says:

It is highly probable as a result of the conference of local Republicans with ex-Attorney General Michener, Friday night, that the friends of Mr. Harrison will move early for the displacement of Chairman Carter, of the National Republican committee and the substitution of an out and out Harrison man, at least of one who will be in accord with the majority sentiment of the party in the matter of financial legislation.

It was reported here yesterday that the subject was discussed Friday night and Mr. Michener assured the other gentlemen present that a majority of members of the committee were in accord with Chairman Carter in his views on the silver question. He is known to be opposed to Harrison on this ground and it is assumed that the committee could not be elected. The friends of the ex-President feel that the committee can be re-organized and in such a re-organization that Harrison is more than likely to control the election of a chairman. Local Republicans are anxious that a change in the chairmanship should follow and it is understood that Harrison's friends are going to refuse to assist any part of the re-organization unless Mr. Carter is not acceptable to the ex-President and not likely to be to the party at large, which is in favor of sound money and whose convention will be held on Monday, Nov. 11.
