WILKES-BARRE.

A LINE IS PAINTED.

Mayor Nichols Keeps the Merchants in Motion.

The order of the Mayor to merchants doing business in Public Square, to keep their goods exhibited on the sidewalks back of the city sidewalk line, was stnit talked about yesterday, and the Mayor showed the merchants that, if they want to keep up with the parade, they've got to hustle. Yesterday morning two men were sent out with a brush and bucket of white paint to draw a line on the pavement, outside of which the merchants must not set their goods. They painted the line on the east side of the Square from East Market to North Main and had begun the work on the north side, but when they got as far as Jonas Long's Sons tney ran against a snag, for that firm objected to the painting of a line in front of their place, and the men quit. Then they tackled the west side and succeeded in getting the line through from West Market to South Main.

They encountered more trouble on the south side, for Marx Long and the Constines', marketmen, positively refused to remove their goods so that the line might be drawn. The painters haggled awhile over the matter and then packed up their kit and carried it to the Citu Hall.

Most of the other merchants around the Square objected, but let the line go

Billy McLaughlin's place had a stripe of white paint an inch wide in front of it. So, Billy went and got a painter, who marked in red paint "No files on this line." Billy then got an army musket and patrolled the line most of the morning, to the great amusement of the passersby.

The Mayor is inclined to go still further in his crusade, and call in all signs on the pavement. The merchants are pretty hot already and if they get much warmer something will happen.

A BARN BURNED.

It Has Been the Source of Considerable Litigation.

Litigation.

Early yesterday afternoon a fire was discovered at the barn of Thomas Culver, on Chestnut and Pringle streets, Kingston. Mr. Culver saw the fire himself, and gave the alarm, but it was too lake to save it, and the firemen found it necessary to destroy a few outbuildings to save Mr. Culver's house.

The barn is a large one, but quite old. It is valued at \$600, but there was about \$2.000 weeth of crops (made which were \$2,000 worth of crops inside which were destroyed, though there was an insurence on them of \$800.

The barn was owned by the Pringle estate. The property on which it stands has lately attracted some attention from the fact that the borough of Kingston has long desired to run a street through it and the matter has been made the subject of considerable litigation in the courts

Thomas Farrington, a Popular Young Man Sustains Fatal Injures.

Man Sustains Fatal Injures.
Yesterday morning about 8 o'clock Thomas Farrington, aged 21 years, and a resident of Forty Fort, sustained injuries at Simpson & Watkins' mine, from which he died about noon. The young man was employed as a foot tender, and had pushed a trip of cars to the foot of the slope, and stood in front of the first car. A trip of empties was on its way down the incline and one of the cars became uncoupled and came down at a terrific rate, catching Farrington between it and the car in front of which he was standing. His left leg was badly mangled and he was severely crushed about the abdomen. He was taken home and Dr. Faulds attended him. Deciding that the injured leg would have to come off he called Drs. Singer and Knapp to assist. They began the operation furt before firish.

John McCarrick and Jacob Rhinard, rock contractors, have begun suit for \$2,538.25 against the Delaware and Hudson Canel company. Margaret Sherman, widow of Adam Margaret Sherman, widow of Adam Sherman, has entered a suit against the Lehigh Valley Coal company and asks for \$10,000 damages for the death of her husband, who was injured while in the employ of said company. The widow alleges that by the explosion of a defective boiler her husband was injured and that he died next day from his dinjuries. James L. and John T. Lenahan represent the plaintiff.

WHAT AILS THE PEOPLE?

The True Cause of Most Physical Troubles Made Perfectly Clear. "What are the principal aliments of

the American people?"
This question was recently put by a reporter to Dr. Ephraim Cutler, whose name stands foremost in the ranks of the medical profession. His answer Mayor Nichols Keeps the Merchants in

"Bright's disease."
"The great increase of this fearful malady is attracting universal attention. Everyone is anxious to know how it is brought on. "What causes it,

it is brought on. "What causes it, Doctor?"

The physician paused for a few minutes before replying, and then said: "I can best explain that by very simple illustration. Anyone who eats beefsteak knows what is fat and what is lean. Now, if the muscle of the steak is partially changed to fat, it is called 'fatty degenration.' In the same way with the human body, if the kidney substance changes into fat, it is called 'Bright's disease.' Bright's disease is fatty degeneration and not one person fatty degeneration and not one person in twelve is free from some form of kidney or liver disease." "May I ask if there is any cure of complaints?" the reporter in-

"May I ask if there is any cure of these complaints?" the reporter inquired.

"Yes," replied the doctor, "there is, if people will only take the right remedy at the right time. As a rule, it is only when they break down, lose appetite, find their complexions sallow, a constant white coating on the tongue, and inflamed eyes that they suspect anything is wrong. American genius has found it possible to arrest diseases of the liver and kidneys and to positively cure Bright's disease. The discovery of Warner's Safe Cure has been a God-send to the world. There are thousands of men and women who are alive to-day and are kept in health entirely through its use. This fact is now known and admitted by physicians in every portion of the globe."

The words of the doctor are true and they demand the serious consideration of everyone who reads these lines.

of everyone who reads these lines. Bright's disease is, undoubtedly, the most alarming of all our modern dismost tharming of all our modern dis-eases. It often comes without warn-ing, has few symptoms of its own, but shows the signs of almost all other complaints, Any man or woman who is at all "out of sorts," should not hesi-tate for it is a well-known truth that "delays are dangerous."

formerly worked here. He had two large cuts on the back of his head, cuts over each eye, and on his face and also had a bad black eye. He could not tell how he was beaten but said his wounds were dressed in a hospital at Taylor. The mayor sent him up for thirty days and the man seemed very gad of the invitation to spend a month with Warden Boland's well-fed county thoarders.

Hurt in the Mines.

Joseph Schwerhart, a laborer, emploed in No. 1 shaft, of the Susquehanna Coal company, at Nanticoke, had his back badly hurt by a fall of top coal yesterday morning. He was taken to his home and his injuries treated, where it was found that his spine was hadly it was found that his spine was badly injured. He is twenty-five years of age and is unmarried.
