THE WORLD OF BUSINESS

STOCKS AND BONDS.

New York, Nov. 13.—The railway and miscellaneous shares' speculation was irregular today. At the opening there was a period of hesitancy due to lower cables from London and rumors of gold exports, but the impression made on prices on this account was slight. As the day advanced, however, the market improved on reports that there would be no gold exports on Saturday after all. The whole list moved up anywhere from ½ to 4 per cent. Late advices from abroad were of a cheerful nature and this stimulated the bullish feeling here. The gain in prices was most pronounced in the anthracite coalers, Sugar, the Grangers, Lackawanna, 4; Jerhere. The gain in prices was most pronounced in the anthracite coalers, Sugar, the Grangers, Lackawanna, 4: Jersey Central, 1%; Delaware and Hudson, %; Reading, 7%; St. Paul. %; Rock Island, 1%; Burlington and Quincy, 1%; Northwest, 58; Louisville and Nashville, 1%; Atchison, ½; Sugar, 2%; Tennessee Coal, 1%; Missouri Pacific, %; General Electric, 1. Chicago Gas was erratic. It rose to 66%, broke to 66% and rallied to 65½a64%. Realization and unfavorable rumors kept the stock feverish all day. In the afternoon Manhattan broke 4½ per cent. The weakness was due to the unfavorable report of the company for the year. The break in Manhattan hurt the general market and a reaction of ½a1½ per cent. followed. Pacific Mail was weak throughout and lost nearly two points. Speculation left off weak with the active stocks ½ to ½ per cent. below yesterday's finals. Manhattan lost 3½ and Pacific Mail 1½ per cent. Sales were 325,651 shares.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street Seranton.

RAILROAD NOTES.

The Lehigh Valley proposes to provide living apartments for its station agents in their respective stations where they are isolated from the town.

By the act of May, 1871, a legal ton of anthracite coal is declared to be 2,240 pounds, and any coal dealer who sells any less amount for a ton is rendered liable to a fine of \$50. The last legislature re-enacted this law with a little variation in language, and the Coal Exchange of Philadelphia has undertaken to enforce it. This is a matter which to enforce it. This is a matter which ought to receive general attention.

NEWS OF OUR INDUSTRIES.

The report of the Reading's coal tonnage for the week cnded Saturday
shows total shipments of 320,605 tons,
an increase over the same week last
year of 24,070 tons. For the fiscal year
to date the tonnage has aggregated 12,
735,314 tons, against 11,551,175 tons last
year, an increase of 1,184,138 tons.
A scarcity of bituminous coal is reported from nearly all the districts,
with a strong advance market.
President Harris, of the Reading, will
be re-elected. Sufficient provies have be re-elected. Sufficient proxies ha already been received to assure that.

THE GROWTH OF LUXURY. Some Comparisons as to the Progress

Which Americans Are Making. From Harper's Weekly.

From Harper's Weekly.

New York still leads the vulgar race with the most costly art gallery barroom, but the other cities boast what their saloon habitues would call "close seconds." Buffalo has such a palace, and whereas New York has long had a bar-room with silver dollarsset into the floor, Chicago led with the idea, and has five times as many dollars in the floor of the greatest and finest barber shop in Christendom. And Denver prides itself upon a saloon whose floor is studded with \$20 gold coins.

There is no candy and soda water shop in America to equal one in Chica-

shop in America to equal one in Chica-go, whose walls are coated with lookshop in America to equal one in Chicago, whose walls are coated with looking-glass cut to gleam like jewels. We pride ourselves upon our railroad depot, but Philadelphia has two fine ones—the Pennsylvania and the Reading—and St. Louis' Union depot and the Illinois Central railway uepot in Chicago are splendid stations. San Francisco has swimming baths that no other city parallels, and that city and New Orleans and Galveston have refreshing waterside resorts within their boundaries, the like of which the people of other cities are put to trouble, expense and travel to get at. Chicago has a jewelry store second only to Tiffany's and approached in only two other American

ON THE VERGE

Of Giving Up the Fight ... An Elmira Citizen's Last Resource

Proves a Success.

[From the Elmira Gazette.]

Proves a Success.

[From the Elmira Gazette.]

Do you know Mr. J. S. Bodder, of 214 South Main street? He has been a business man and permanent resident of Elmira for over twenty years. A man whose statement cannot be disputed. Well, Mr. Bodder's case in a nutshell is—that he has been a sufferer from kidney disorders, but doesn't suffer any more. We will let him tell what has brought about the change. Here is how he spoke of his case to our representative: "I have never been well since the closing of the war, where, in the service of my country, I contracted kidney and bladder disorders. The complaint has gradually been growing on me. I had sharp pains in the small of my back, just back of the hips, and when they left it was only to be followed by a dull, heavy pain which remained continually. I could lie in but one or two positions in bed or the pain would be almost unbearable. I was always very sore over the kidneys, and the urine emitted a strong odor. At times I felt existence a task. I tried this, that and the other thing, to no avail, and was on the verge of giving up entirely when I saw Doan's Kidney Pills advertised. I thought as a last resort I would give them a trial; they were highly recommended, and I would use just this one more remedy. I began taking them and I am very glad indeed to give my statement, that suffering humanity may receive the same benefit I have. A few doses of Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, six boxes for \$1.9. By mail on receipt of price by Foster-Milburn Co., Buralo, N. K., sole agents for U.S.

splendid stations. San Fransisco has St. Louis has two fewelry stores nearly as fine. The most ambitious shop for the sale of bric-a-brac, outside of New York, is in Cleveland, and no city on the continent has such a book store as McClure's in Chicago. Pittsburg has one of the finest and most modern theaters in the world, wherein the actors are cared for as they are nowhere else while at work. The best theaters of Chicago are of the first class, and St. Paul, Milwaukee, Cleveland and Denver have each at least one theater that is finer than some noted ones on Broadway.

Sky-Scrapers Now Numerous.

Milwaukee, Cleveland and Denver have each at least one theater that is finer than some noted ones on Broadway.

Sky-Scrapers Now Numerous.

Many cities now display tall buildings, but the only disay ones—"sky scrapers," as the firemen call themare in the only cities in which there are need and excuse for them. Those cities are New York and Chicago, in both of which, for different reasons, the business districts are cramped. As for the club houses of the country, there are none of the conventional types here or in London that are of a higher grade than three in Chicago—the Chicago, the Chicago Athletic and the Union league. There are few clubs in cities of the same size in the East that have better headquarters than the Detroit, Minneapolis, Pacific Union and Bohemian of San Francisco and the Boston club of New Orleans. The Jewish club of Cleveland should go in the same category. The Garten Verein, or Garden club, of Galveston, is a unique institution, delightful beyond any form of variation of the country club in America. The modern plan of putting the kitchen in the tops of buildings has been adopted in certain clubs and hotels in many cities, even of the size of Milwaukee and still smaller Duiuth. In their concessions to the women and their quarters for them the western clubs are far more progressive than most of ours in the East. A large, costly and attractive "arcade," or interior court of shops, in the business center of Cleveland, is said to be the finest except one that is in Southern Europe. The public parks which Chicago already possesses, and those that are in various stages of development in St. Louis, Milwaukee, Minneapolis and San Francisco, are among the noblest works of people. Noble, splendid residence Louis, Milwaukee, Minneapolis and San Francisco, are among the noblest works of people. Noble, splendid residence streets are among the possessions of Cleveland, Minneapolis, St. Louis, San Francisco, Detroit and New Orleans. The finest opes of the semi-parkway type are in Buffalo, St. Paul and Mil-

every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the beat and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty codliver oil and its fifthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic masal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.
