Councils Are Tired of the Turnpike Company's Yoke. CITY IN A FIGHTING MOOD

That is the Sentiment of the Select Councilmen—Mr. Manley Out for Blood. Proposition from the Company. In Common Council.

Resolved by the select council of the city of Scranton, the common council concurring, that the city treasurer be and is hereby directed to withhold payment of the warrant in favor of the Turnpike and Abington Turnpike Company; and the city is directed to carry the matter to the Supreme court.

The matter was destined to come up at all events, but it received a fitting but unexpected introduction in a communication from the Turnpike people, through their secretary, W. W. Watson.

Mr. Chittenden advised that the latest proposition of the company be referred to the judicial committee for the purpose of at least securing an option on their offer so that in case the Supreme court should decide against the city there would be something to befall.

Another matter which the committee looked into was the proposed extension of the pipe drain which empties on Cherry street, so as to carry the water to the river.

The proposition of William Bright and William Love to accept \$1,500 in payment for damages resulting from the extending of the Providence sewer through the private alley which extends between their respective properties, was submitted by Mayor Connell.

Mr. Chittenden advised that the matter be referred to the judicial committee with a view of having that committee draft an ordinance repealing the sewer ordinance. This course was adopted.
