Hyde Park Literary and Debating Society Scores Young People's Literary Society of First Welsh Baptist Church.

It is probable that last hight's meeting of the Hyde Park Literary and Debating society will be the last in which the Browning cup will be talked of at length. The society took final action on its issue with the late Welsh Baptist church society and adopted a stirring set of resolutions which presents their side of the case. S. T. P. Cocker was admitted to membership in the society. It was decided to hold a public entertainment of a literary nature and a committee was appointed to prepare for it.

for it.

The programme of the evening consisted of of the question box, discussion of the Monroe doctrine and the reading of a well written paper on that law by Tally Evans. Emerson Owens recited one of the late Eugene Field's poems. The resolutions adopted were as follows:

First Yard of Silk Woven at Simpson and Co.'s Mill Yesterday-Royal Arcanun Anniversary-Death of Peter Hartman.

Simpson & Co.'s silk mill, on Cedar avenue, was partly operated yesterday for the first time, and the event is regarded with much interest by the gentlemen connected with the factory. The first yard of silk manufactured was woven from the one loom that was running. There is the greater part of the machinery in place and ready for running order, but only one of the looms was used yesterday. Superintendent Butler directed the operations and everything was as satisfactory and ran along as smoothly as could be expected at the first trial.

It is expected that by Dec. Is matters will be in such shape that the wheels of industry will begin revolving in the factory on a large scale, but not until the beginning of the new year will the entire force of hands be put on:

crowd the hall.

That this favorite musical organization lost none of its popularity on this visit is attested by the fact that every number, on the programme was rapturously applauded and encored. Although some of them were double numbers the hearers insisted on a third, which demand was each time graciously acceded to by the artists.

The club this year is composed of Eugene Weiner, flute; Paul Mende, viola; Carl Krile, violoncello; Louis G. Kapp, violin soloist; Adolph Studer, violin; Henry Lehmen, double bass; and is -assisted by Miss Inez Grenelli, soprano. Miss Grenelli's assistance in no small degree adds to the successes of the entertainment. She has a pure, strong and flexible voice, has it under perfect control and sings with a grace and expression that in themselves are captivating. She evidenced the trained singer by the varied numbers which she essayed, concert, opera and ballad; and although announced but for three numbers was called upon for five and the audience was only restrained from asking for more out of consideration for the singer.

Mr. Weiner, M. Krile and Mr. Kapp shared the solo honors with Miss Grenelli. Each is a most capable artist and all are masters of their respective instruments. With Mr. Mende, Mr. Studer and Mr. Lehmen, also soloists, one can well imagine that the ensemble was perfect music or as near an approach to can well imagine that the ensemble was perfect music or as near an approach to it as six such famous artists can

Foot ball enthusiasts will have the best opportunity to witness their favor-ite sport this week ever given to them in Scranton, when the Scranton Bicycle club's strong team will meet the strong athletic club teams from Elmira, N. Y., and Shamokin.

When the season was just begin-ning the locals journeyed to Elmira and met one of the strongest teams in that part of New York state. The result of that game was a surprise to both teams, resulting in a draw, neither team being able to score. Another game was ar-ranged to play off the tle and the Scranranged to play off the tle and the Scranton management made every inducement to have the game played in Scranton, and finally succeeded. The tle game will be settled on Wednesday afternoon at the Ball park, and from the playing of both teams since their meeting, this is sure to be greatest game of foot ball ever played here.

It will be readily seen what the spectators may expect next Wednesday afternoon, and it is certain no one will be disappointed in the result, as the Scrantons will be in splendid shape and ready to continue in their victorious

Last week the players practiced every afternoon, perfecting their plays and practicing their interference, which has been of such great benefit to them this year. Both players and management are confident of adding another victory to their already long string and in view of their splendid playing their confidence sems to be well founded.

Rt. Rev. William O'Hara, bishop of the diocese of Scranton, yesterday began an action in equity against Rev. A. The action is for the purpose of clearing the title of the church property of the Polish Catholic congregation on Prospect avenue, South Side, which was brought when Rev. ### THE KIDNEY COM-PLEXION.

A NEW NAME FOR THE COMPLEXION CAUSED BY SICK KIDBEYS.

Pale, Sallow, Bloodless People, and What Makes Them Look So. How They Can Be Made Ruddy and Cheerful,

When your blood is all white and thin, instead of being red and rich, you get the "kidney complexion."
You can see it for yourself.
You lose color and animation. You got sallow and pale. Even your lips are not red as they should be.
This is the kidney complexion.
It is so-called, because it is the fault of your kidneys.

They have not properly filtered your blood. They have filtered out too much red matter and left in too much white They have filtered out the life and the nourishment.
This will never do.

You must not let it go on.
You must cure your kidneys and make them filter your blood. This you can do with Dr. Hobb's Sparagus Kid-

As soon as your kidneys begin to filter your blood properly, your blood will get red and pure agin. It will get rich and nourishing, color and life bringing. It will make you feel like a new man
