THANKSGIVING DAY PLANS

Central City Churches Will Unite in the Morning in Elm Park Church-Sunrise Meetings on the West Side-Brief Church Notes.

Thanksgiving Day—a day that means to the church world something more than turkey sociability and the com-mon application of the term "holiday" —will be appropriately observed by the

The churches other than Catholic and Episcopal will in the central city worship in the morning in Elm Park church, where the service will be con-

ducted and a sermon preached by the pastor, Rev. Dr. W. H. Pearce. Elm Park church has decided upon a novel but none the less practical idea for reaching the masses and inducing a general attendance in the church on Thanksgiving night. Invitation cards have been distributed in many of the shops and factories among boys and girls, and men and women, announcing a Thanksgiving entertainment of vocal and instrumental music, and other features. The "other features" are short talks by prominent members of the church and the pastor, Dr. Pearce. No admission fee will be charged, but an offering may be dropped in a basket at the door. A few paragraphs printon the cards of invitation being dis tributed are well worth producing, and

are as follows: The Invitation Issued.

The Invitation Issued.

"Dear Friend: One day alone, out of all the year is set apart from its fellows, and made like an extra Sabbath coming in the middle of the week, a special beauty and benediction. Thanksgiving! What melody in the name! How fragrant with hallowed memories, how suggestive of the sweet thought that we are not orphan children, groping wearly through a beggariy world, but heirs of a kingdom, and having a right to sing praises. Cheery, beautiful, thrice welcome frestival, that gathers to itself sheaves of loving memories, and fitty puts its own cap sheaf on the harvested riches of the year-with joyful lips, merry hearts and devout aspirations to the All Giver, we hail our peerless Thanksgiving bay. And in the even-tide of this festal day we specially invite you to our church, which will be beautifully adorned with the fruitage of the season, and made bright and joyful with glad hearts, ringing soans and Christian greetings." greetings.

While the sun is rising on the morning of Thanksgiving Day, a unior meeting of representatives of nearly al the West Side Protestant churches will held at the Jackson Street Baptis church. The services will begin at o'clock. Professor James Hughes, pres-ident of the West Side Young People's union, will lead the meeting, and deliv er a short address.

No Union Services on West Side. In years gone by it has been custo-mary, to hold union services of West Side churches at 20 o'clock, but no effort has been made thus far to conduct a meeting this year. It has been the rule at these meetings that the minister who last assumed the postorate of a West Side church should preach the regular Thanksgiving sermon. As no meeting will be held at 10 o'clock this year, it is probable that Rev. W. K. Moffat, the new paster of the Wash-burn Street Presbyterian church, wil be called upon to make a short address at the 7 o'clock meeting. No special singing services have been arranged

After an all night session the jury in the case of Mrs. Snyder Pulaski against ex-Councilman Patrick Golden, of the Sixth ward, for a bill of \$100 fer 5,000 Edmund Bartl cigars, came into court yesterday morning with the story that they could not agree. New York, Nov 22.—The principal topic of discussion in financial and stock circles to-day was the outflow of gold to Europe. The engagements of the metal shipment to-morrow footed up the large aum of \$4,600,000, which brings the total for the week up to \$7.-250,000. Speculation in stocks was dull, outside of Chicago Gas, Sugar, Western Union and St. Paul. The industrials were weak, especially Chicago Gas, Tobacco and Leather preferred. Sugar held well until near the close when it ran off \$4 to \$254. Chicago Cas dropped ran off % to 98%. Chicago-Cas dropped 1%. The railway list held tolerably steady throughout and a few issues were quiet, firm. The grangers, Manhattan, Lake Shore and Western Union hattan, Lake Shore and Western Union met with better support than of late. The market closed quiet. The industrials declined %62 per cent.

The range of today's prices for the active stocks of the New York stock market are given below. The qualations are furnished The Tribune by G. du R. Dimmick, manager for William Lim, Alien & Co., stock brokers, 42 Space street. Scranton.

NEWS OF OUR INDUSTRIES.

And now the report is, says the Phila-delphia Times, that A. A. McLeod, ex-president of the Reading, has, in con-junction with his friends, secured con-trol of the Lehligh Valley and the Poughkeepsie Bridge system. It is hardly necessary to say that this "rumor" was created here in Philadelphia and all becreated here in Philadelphia and all because "news" happened to be a little scarce. It may be well to add, however, that there is "no truth in it." Mr. McLeed, by the way, is in New York city. He has been seen around the First National Bank lately and it is known he has had repeated conferences with the Jersey Central people. This may or may not be significant, but a prominent Reading official is responsible for the report that Mr. McLeed has not yet done with the Reading. There are a good many people in Philadelphia who would like to believe tills story, for the Reading's ex-president, notwithstanding the misfortunes which have befallen the company's security-hold-befallen the company's security-hold-befallen the company's security-hold-by. befaller the company's security-hold-ers, is still a favorite here.

Taking an an-round view of railroad carnings for October, the exhibit made is a good one. It is no good that a mile-age test shows the average at \$5.58 per mile, or only \$15 per mile behind the figures for October, 1832, when many roads broke their heat records and when favorable results were the rule to which the exceptions were few. The increase per mile over October of lest year is \$32. and over the preceding month this year, Schember \$6. The aggregate increase amounts to \$3,524,772, or 6.59 per cent., which brings the gain for the ten menths up to \$26,143,436.

RAILROAD NOTES.

The following notice has been posted The following notice has been posted in the offices of the Lehigh Vailey railroad at Easton and was received with much satisfaction by the employer: "At a regular meeting of the board of directors of the Lehigh Vaney railroad company, held in Philadelphia, November 12, 1835, a resolution was passed providing that such portion as may be necessary of the revenue derived from the sale of employes," tickets at one-half cent per mile, he set apart and constitute a pension full for the superior of tute a pension fault for the suport of old employes of the company, under the rules as to investment and appropria-tion to be prescribed by the executive committee." This means that the com-pany will take care of its old and faith-ful employes in all departments. ful employes in all departments, as far as it is able to under the amounts re-ceived from the sale of employes' tick-cts. There are a few cld employes now on the pension roll, but this order open the way for many others.

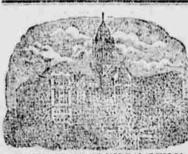

Speaking of the agreement signed in Speaking of the agreement algred in New York by the officers of the Joint Traffic association, Senator Chandler yesterday said: "I have not exam-ined the contract in detail. Apparent-ly the railroad managers have been trying during six months to modify the agreemenat so as to avoid appearing to violate the law. Yet it new stands Bid. Asked, to violate the law. Yet it now stands as a trust agreement in restraint of as a trust agreement in restraint of trade and commerce, the making of the rates for every road being committed to the board representing all the roads, so that no road can lower any of its rates to the public without violating the agreement. The provision for fining each road which may break the agreement and using the fine for the benefit of the other roads is an illegal division of carnings. "The precident, the attorney general and Chairman Morrison can easily defeat the agreement by procuring the indictment of all the signers under both the antitrust and anti-pooling statutes. The recital in the agreement that the managers do not intend to violate the inagers do not intend to violate the in-terstate commerce law is the meanest subterfuge ever attempted to be imposed upon an intelligent community The law now explicitly forbids pool-ing agreements and trusts like this. The whole object of the railroad presidents is to make a trust and a pool-ing agreement and it is barefaced efing agreement and it is barcfaced ef-frontery to insert this pretense of a desire to observe the law. If the gi-ganile trust can deliberately and de-fiantly transfe upon national law no trust can be suppressed in America.

From the Washington Star,
"They say," said the prudent man, "that a man who never drinks, smokes or stays up late at night always lives to a great age," "Yes," replied his very blase friend, with a yawn, "that's his punishment."
