Gauger-A Conspicuous Odd Fellow George II. Chase, one of Scranton's pioneer and honored citizens, died in the eightleth year of his age, at 4 o'clock yesterday morning at his home, 526 Quincy avenue. He was able to go out last Monday and not till three days before his death had his family any fear that the end was approaching. Endowed with a vigorous constitution, his life was spent in hard work and his hands were seldom idle. Mr. Chase was born in Sidney, N. Y.. in 1816; when young he went to Wash-ington, D. C., where he remained until 1853, when he came to Scranton, which was then only a small village. In 1869

In 1869 he was appointed United States gauger for the Twelfth Internal Revenue disfor the Twelfth Internal Revenue dis-trict and he held that position of trust until 1887, when he was removed by President Cleveland. He was re-ap-pointed by President Harrison and served two years, being obliged to re-sign on account of an accident. A noteworthy feature of his career is the fact that he was elected president of the first Republican club formed in this section. It was the first Republi-can club in Luzerne county, and was

The lodge will, instead, hold a memorial service, since his death has forcelosed their preparations to honor the living. TUBS OF OLEOMARGARINE. SECOND ALARM OF Create a Clash Between Revenue and Create a Clash Between Revenue and State Authorities. A hundred and fifty tube of oleomar-garine confiscated by the internal rev-enue office of this city is apt to bring about a clash between the federal of-ficers and State Secretary of Agricul-tural Edge. The oleo was found in Bradford county by the revenue men, shipped here to a cold storage house to await its sale at auction, which the federal authorities propose to adver-tise. Daniel Kline, in whose place in Mey-ersburg the oleo was found and who is supposed to have previously sold 100 tubs of the stuff as butter, and Rus-sell Uhl, an accomplice, of Wilkes-Barre, were arrested and entered ball before Commissioner Colborn, of this city, for their appearance in United States court in this city in March. Secretary Edge holds that the rev-enue office has no right to sell the oleomargarine in this state; City Food Inspector Thomas says he has no au-thority to Interfere with the sale by government officers, and the federal people are just as determined to follow the course they have adopted. When the bill was brought to compel performance of the condition on his part, the defend-ant made answer denying the juris-diction of a court of equity to enforce the conditions of the verdict, alleging that the verdict left it optional with him to file the deed. The issue was referred to Attorney George S. Horn, as master, who, after hearing, reported on both law and facts in favor of Mary Riel.
