Do you know Mr. J. S. Bodder, of 214 South Main street? He has been a business man and permanent resident business man and permanent resident of Elmira for over twenty years. A man whose statement cannot be disputed. Well. Mr. Bodder's case in a nutshell is—that he has been a sufferer from kidney disorders, but doesn't suffer gny more. We will let him tell what has brought about the change. Here is how he spoke of his case to our representative: "I have never been well since the closing of the war, where, in the service of my country. I conwell since the closing of the war, where, in the service of my country, I contracted kidney and bladder disorders. The complaint has gradually been growing on me. I had sharp pains in the small of my back, just back of the hips, and when they left it was only to be followed by a dull, heavy pain which remained continually. I could lie in but one or two positions in bed or the pain would be almost unbearable. I was always gery sore over the kidneys, and the urine emitted a strong odor. At times I felt exista strong odor. At times I felt exist-ence a task. I tried this, that and the other thing, to no avail, and was on the other thing, to no avail, and was on the verge of giving up entirely when I saw Doan's Kidney Pills advertised. I thought as a last resort I would give them a trial; they were highly recommended, and I would use just this one more remedy. I began taking them, and I am very glad indeed to give my statement, that suffering humanity may receive the sampe benefit I have. A few doses of Doan's Kidney Pills satisfied me they were helping me. Now the pain is all gone, and I am entirely well—this, after years of sickness. My this, after years of sickness.
