SENATE IN WORKING ORDER

Mr. Ouav Introduces Two Bills of Interest to Luckawanna.

POPULISTS HOLD TOGETHER

But It Is Evident That They Cannot Be Controlled by Democrats-Cuban Patriots and Americans in Turkey Receive Attention.

Special to the Scranton Tribune.

Washington, Dec. 4.-Senator Quny today introduced a bill to reimburse Postmaster Vandling for the eight thousand dollars worth of stamps stolen from the Scranton postoffice in The second second August, 1894. Representative Scranton will look after Mr. Vandling's interests the house when the bill reaches that body. Mr. Vandling's bill might have passed the house during the closing hours of the last session had Congressman Scranton been in the proper fightit. But they came to ing condition. It will be remembered that he got into a controversy with De Armond. of Missouri. over the bill. but failed to secure desired action on part of the house

> Senator Quay also introduced a bill today giving the courts of Lackawanna county the privilege of using the federal building in Scranton for court W. R. B. purposes.

ENCOURAGEMENT FOR CUBA. The Condition of American Residents in Turkey Also Considered.

Washington, Dec. 4.—The senate spent an hour and a half in session today, the proceedings winding up with a speech by Mr. Allen, the Populist senator from Nebraska, in favor of recognizing the Cuban revolutionists and aiding them "in all lawful ways" to secure the independence of the island and to establish a republic there. No action was taken on this resolution offered on Tuesday, to carry out his views; and it went on the calendar, where it will remain unless taken up by a vote of the senate. Mr. Call (Democrat, Florida), who was to speak in support of a somewhat simir resolution offered by him on Tuesday, postponed his speech till tomor-row. So did Mr. Cullom (Repubacan, Illinois). Petitions for the recognition of the independence of Cuba were pre sented from the states of Ohio and Florida and were refered to the committee on foreign relations.

Resolutions were offered by Mr. Hoar (Republican, Massachusetts), pledging he support of the senate to the president of the United States "in the most vigorous action he may deem fit to take for the protection and security of American citizens in Turkey and to obtain redress for injuries committed upon them," and calling on the presi-dent for all information received by him or the state department on that subject, and as to whether American consuls in Turkey have been interfered with in the performance of their duties. The first of these resolutions was referred to the committee on foreign re-

The question of the disputed senatorship from Delaware was brought up in the senate today in the shape of s formal claim (in writing) of Mr. Henry under an election by the legislature of Delaware on the 9th of May, 1895. The paper was presented by Senator Mitchell (Republican, Oregon), with evidence in support of the claim, and the matter was referred to the committee or privileges of the floor. The senate at 1.30 adjourned until tomorrow.

The Populist Caucus. The caucus of Populist senators of last night does not appear to give the Republicans any concern. The Populists determined that they would not make any effort to reorganize along their own lines, but agreed to stand

firmly together. Messrs. Jones (Nevada) and Stewart were present but the binding force of their agreement is somewhat weakened by the modification to the effect that they should vote solidly until such time as it was apparent that the Republicans had determined upon a plan of reorganization, or the Democrats had decided to make a fight against giving up control of the senate. When that hour arrives it is believed that the Populists will divide acording to their affiliation. two would go to the Democrats and four to the Republicans. To be successful in any effort to maintain their control the Democrats would be compelled to command the whole Populist vote in the senate.

#### CONFESSION OF A FIEND.

John C. Stone Details a Life of Crime Robberies.

Fort Wayne, Ind., Dec. 4.-John C. Stone, alias Vinson, has made a confession to Sheriff Clausmier, detailing a life of horrible crime. He was arrested with John Duffy and William Walrath for killing Deputy Sheriff Harrod. Stone is under a ten years' sentence, and Duffy's case went to the jury last night.

ern gang of bank and stage robbers. He says he, Duffy and Wairath killed a man at Kansas City in 1883, robbed him, but later gave the money to Henry Donnelly, a policeman, for protection He also tells of a murder committed by himself, a Mrs. Stewart, and her son, Clarence, in Cleveland, Ohio. The next morning Clarence and Stone killed a boy in the Big Four yards in Linville. In Buffalo, Stone, Walrath and one Burns, a saloonkeeper, killed a wealthy western farmer, who was looking for good time. The money was divided, and Stone and Walrath returned to Chicago and with their share started restaurant. Here Walrath married Stone's sister. Mrs. Walrath died and Stone and Walrath left Chicago. Later Stone returned and was implicated in the murder of a father and son named life sentences at Joliet for the crime

Stone was not arrested. He then tells of a murder at Dun-kirk, N. Y., where Duffy stabbed a pal, "Buff Jack," four times, and buried him in the woods. Another murder was committed at Union City, Pa., victim being an old man Horton or Norton. Another murder was committed by the trio near Youngstown, Ohio, the victim being a resident of Ashtabula. The last murcommitted by Stone, Duffy and Walrath was on April 29, 1895, on a Pennsylvania freight train. At this time Stone was shot and did not get medical aid until South Rend was reached. The next desperate act of the trio was the robbery of a Grand Trunk train in Michigan, where five watches and money were secured. Two of the watches have been identified since their arrest here:

## COMPROMISE PROBABLE.

Pittsburg, Pa., Dec. 4.—The first busiand miners of the Pittsburg Railroad district today was the report of the joint committee on the price for mining. The committee having failed to agree, the question of rates was placed tire morning session was occupied in discussion. The miners' proposition was: Seventy-four cents per ton cash, January 1st to April 1st and 79 cents per ton April 1st to December 31st,1896. The operators proposed that the uniform for the two parties, which means that | rates should be 64 cents per ton to April 1st and 70 cents April 1st to December 31st. Payment by order at company stores is not considered by either side

There are indications favorable to compromise wage rate, possibly at the terms suggested by the operators.

Suggestions Made by the State Board of Charities.

PENITENTIARIES ARE PULL

The Present System of Imprisor ment, the Secretary States, Is Deplerable-In Many Instances the Jalls Are Nurseries of Crime.

Harrisburg, Pa., Dec. 4.-The quarterly meeting of the state board of char-ities was held at the Supreme court room today. Secretary Blddle submitted his annual report, in which he relews the operations of the board for the past year. He says the peniten- in command of the tower. tiaries are overcrowded, there being 1,400 prisoners in the Eastern penitentiary in accommodations provided for not more than fifty per cent. of that number. The Western penitentiary is full, and the Huntingdon Reformatory receives only prisoners under 25 years of age, who are serving their first term, and hence can afford but little relief to the penitentiaries. In order to reliev this pressure all the judges in the Eastern section of the state were requested by the president and secretary of the board to sentence, as far as possible those convicted of minor offences to the county jails. But even if the request is complied with, such relief can be only temporary in character.

He suggests the need of another pententiary unless something be done. The system, he says, is most deplorable In fifty countles of the state the jails are in charge of sheriffs who know nothing and care nothing for penalogy. For the most part the prisoners are allowed to congregate in the corridors and find their sole occupation in playing cards or indulging in vile conversation. These institutions are nurseries of crime from which the prisoners go out worse than when they were committed.

Counties Should Punish Offenders. The population of every county is sufficient to justify it in retaining its own prisoners. Most of the counties have jalls which could easily accomm all their convicts. Hence, if they were placed under proper management there further penitentiary facilities. Secretary Biddle says it can be demonstrated that the cost of conducting one of these jails in charge of inspectors is no greater than that of one under the

Reference is also made to the over crowded condition of the hospitals for the insane. Provision must be made for the insane. A hospital to be conducted on homeopathic principles is recommended. Another hospital for chronic insane is also needed, to be erected in Western Pennsylvania. There is also need for a hospital for the treatment of epileptics. He rays the charitable institutions are, as a rule, well conducted.

A resolution was adopted urging the legislature to pass an act providing for care for their insane.

some months past, and the young man's devotion to the matron has caused considerable comment. It is believed that Mrs. Higginson and young Smith took passage on the steamship Columbia, for Genoa, November 23. Society is much wrought

It is understood that the steamer Coumbia will be met at Genoa by agents of the Higginsons to determine whether or not the belief is well founded. # ABEL READS THE PAPERS.

Doylestown Farmer Who Could Not Be Caught by the Most Ancient of Bunco

Doylestown, Pa., Dec. 4.—A gang of bunco thieves endeavored to rob Abel M. Griffith, a wealthy farmer of New Britain township, but were unsuccessful. They tried the same game with which they hoped to swindle Theodore Cornall, of Newton township, about ten days ago. They said they were anxious to purchase a farm. The first swindler told Mr. Griffith he was willing to pay any price demanded for his farm, as his only son was fast becoming dissipated in Philadelphia, and he desired to get him into the country. Upon be ing told by Mr. Griffith that he did not wish to sell, the stranger asked the tarmer to drive over to Colmar with him to see another farm. As the stranger appeared to be well acquainted with a number of relatives of Mr. Griffith, the latter desired to treat him

courteously and consented. They had not proceeded far, how-ever, before they met another stranger, who inquired about the farms in the neighborhood. Before they reached Colmar, still another buncoer presented himself. By this time Mr. Griffith's suspicions had been aroused and when the third man threw between \$5,000 and \$6,000 in his lap and his companion suggested a little game to the money his suspicions were confirmed.

Griffith told them he was up to their game, and would not give 10 cents for all the money in his lap, and demanded that they take him home immediately. This the swindler who first appeared on the scene did, but as soon as the farmer was out of his buggy he whipped so his horse and disappeared.

The petition in the suit was brought to this city early this morning by Lawyer Thomas E. Wood, of the firm of Wood & Smith, of Syracuse. Mr. Wood was seen this evening by the reporter of the United Press and when questioned stated that the petition was the result of a concerted action by the retailers of the state to overthrow the Amerlean Sugar Refinery company, many through the appointing of agents of their own selection. Innsmuch as the American company controlled the market they were left entirely without that

staple article in their stock. He denied with much emphasis that it was an attempt to "bear" the stock. He admitted, however, that possibly others than retailers were intersted in the outcome of the action, but asserted that so far as he knew, professionally his clients were alone in the presenta-tion of the petition. The lawyer admitted that behind the petition were men of considerable strength and large capital.

News from Zeitun. Constantinople, Dec. 4.-News has been received at last from Zeitun, the town which was captured on November 13 by the Armenlans. Advices received today through Turkish sources, state that the delegates sent by the com-mander of the Turkish forces at Marash to offer terms to the insurgents if they would surrender, were halted outside Zeitun by an Armenian outpost. Their message was conveyed to the Armenian commander at Zeitun, but the delegates were not allowed to pass the outpost and were not received by the Armenian leaders, it being judged inadisable to conduct them, even blindfolded, into Zeitun. The delegates were nformed that the 400 captured Turkish soldiers, who were said to have fra-ternized with the Armenians, had been released, with the exception of nine men. These are alleged by the Turks

to have been murdered. Zeitun is only fifteen miles from Marash, and, should the Turks advance at once, a battle should occur soon, and in the event of Turkish success the Ar-menians will probably be slaughtered without mercy, notwithstanding the promises of moderation made to the

Subsequently he was arrested on the complaint of his former man ager, J. A. Barnes, for alienating Mrs. Barnes' affections. He, in turn, had Barnes arrested charged with the theft of several thousand doffars in bonds of the Eastern Rubber Manufacturing company, of Trenton, and for perjury. It is learned that Mr. Magowan, now in this city, is about returning to El Reno, to secure his divorce. When interviewed tonight, he admitted such to be the case. It was learned that since his return from his first journey to Oklahoma he has lived at a Trenton hotel, while Mrs. Magowan lived at her residence in that city. Mrs. Barnes is now staying at a hotel in this city with her sister. Her husband has begun divorce proceeding, naming Mr. Magowan as co-respondent.
