Mr. Jayne was about fifty years of age, and leaves a wife and two daughters. He was a native of Mehoopany, and came here about three years ago to engage in the coal business with the later F. M. Buck. After the death of his partner, falling health forced him to retire from business, and he finally went west in the hope that a change of climate might help him, but he grew worse instead of better, and came home in the early summer. He was a quiet, unobtrusive man, and gen-

The postal regulation forbidding postmasters to pay any money orders drawn in favor of lottery companies, or to forward mail to those suposed to be engaged in the lottery business, will have the effect to discourage that sort of traffic. The time is not long passed since a considerable amount of found its way from the pockets of laborers in this community to the till of the lottery companies, and it is pre-sumed that the traffic keeps up yet, to a somewhat limited extent, on account of the restrictions. This company, of which Albert Lewis, of Bear Creek, is president, and R. P. Crellen, of Mauch Chunk, treasurer, employs about forty nen and makes a heavy output of lumber every season.

The testimony and arguments in the sewer case, which has occupied the at-tention of Judge Dunham for a couple of days, were closed last night and the judge returned to his home with his papers, reserving his decision until ne had time to digest the matter a little. The case hinges on the point whether Captain Handrick, whose own private right to use the sewer is unquestioned, could allow others on adjoining properties to conect with him and avail themselves of the privilege which was granted to him alone. It is the general opinion that the court will decide that he has no authority to extend the right to others, and that the injunction against the Hotel Graham will be made permanent. But in the meantime the burning need of public sewers to which all may attach is so apparent as to overshadow every other matter of pub-

the system, lowers the vitality and dethe system, lowers the vitality and de-creases the power of resistance against colds and chills. Many people are feel-ing weak and shivery just now. They complain of cold hands and feet. Their blood doesn't circulate properly; the raw, bleak air seems to go right through them. Others feel worn out and lack vigor. They are billous, nervous, have backaches, headaches, and a pale sallow complexion. All these symptoms indicate that the liver and kidneys are out of order. Feeble circulation of the blood shows that he system is in a low condition. People who feel like this are facing some dangers they little suspect.

for pneumonia, influenza or some other dangerous complaint when you are in this state!

If you have any of these symptoms and are not feeling so well as you ought to feel, do not wait until you are laid up with a serious illness. Act at once. Take something that will build up the system, put the blood in healthful motion and act on the liver and kidneys. Prevention is better than cure.

There is only one way to get well. There is only one remedy that can make you well. The remedy you need is Warner's Safe Cure which is recommended and prescribed by physicians throughout the world. This great remedy contains the vital principles essential to the maintenance of health and strength. It increases the muscular energy, fortifies the system and builds up every part of the body. It has never been couniled as a cure for liver and kidney complaint, bladder trouble or Bright's disease. It is the most reliable remedy known to medical science. Everyone who has ever tried it believes in it.

If your health needs attention do not experiment with inferior remedies. It is cheaper and wiser to take a remedy that has earned a world-wide reputation, which has stood the test of years and has proved, in milions of cases, that it can always be depended upon to relieve and cure.
