Dr. PIERCE'S Golden Medical

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, July of the fact that in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, July of the fact that the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty codiliver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchits, lingering coughs, asthms, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address for Book, World's Dispensary Medical Association, Buffalo, N. Y.

The first instructor to take the floor was Professor Sultliff, of Bloomsburg State Normal school, who talked upon decimals. He urged the teachers to put more life in their teaching and to require the pupils to give a reason for what they did in decimal work, as well as in any other study. He accompanied his talk by blackboard exercises. Professor Groff, of Lewisburg University, followed with "Why We are Here and How the Teachers Should be Benefitted" for his topic. He called to mind quite seriously hurt while skating on for the benefit of the teacher and scholar, and the money that was being spent annually in that direction, and, of course, exhorted teachers to make their best endeavors. POLITICAL HAND-BOOK

Of Giving Up the Fight ... An Elmira Citizen's Last Resource

Proves a Success. [From the Elmira Gazette.]

Do you know Mr. J. S. Bodder, of 214 South Main street? He has been a business man and permanent resident of Elmira for over twenty years. A man whose statement cannot be disputed. Well, Mr. Bodder's case in a nutshell is—that he has been a sufferer from kidney disorders, but doesn't suffer any more. We will let him tell what has brought about the change. Here is how he spoke of his case to our representative: "I have never been well since the closing of the war, where, in the service of my country, I contracted kidney and bladder disorders. The complaint has gradually been growing on me. I had sharp pains in the small of my back, just back of the hips, and when they left it was only to be followed by a dull, heavy pain which remained continually. I could lie in but one or two positions in bed or the pain would be almost unbearable. I was always very sore over the kidneys, and the urinc emitted a strong odor. At times I felt existence a task. I tried this that and the strong of the series and the urinc emitted a strong odor. Do you know Mr. J. S. Bodder, of 214 over the kidneys, and the urine emitted a strong odor. At times I felt existence a task. I tried this, that and the other thing, to no avail, and was on the verge of giving up entirely when I saw Doan's Kidney Phis advertised. I thought as a last resort I would give them a trial; they were highly recommended, and I would use just this one more remedy. I began taking them, and I am very glad indeed to give my statement, that suffering humanity may receive the same benefit I have. A few doses of Doan's Kidney Pills satisfied me they were helping me. Now the pain is all gone, and I am entirely well—this, after years of sickness. My sleep at night is good and refreshing. I do not feel any more that tired feeling I used to on rising, all thanks due to Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, six boxes for \$2.50. We have cleaned up about all our odds and ends and sell them as rapidly as they come in, but we were lucky to catch on another snap. We cleaned up one mill of underwear. There is no doubt you are aware how we buy goods; always 50 cents on the dollar, and give the benefit to our trade. This sale is important, and if you want to buy underwear, here you are.

So dozen of mixtures, woolen underwear, or 50 cents for the suit.

Have you seen our black cloth cape? Not equaled in price nor in quality, only sale, for the season. Plain facts; the season was unfavorable this year and the manusweaters.

that's why you see so many
