WRECK ON THE ONTARIO.

Engines Come Together Head and Head at the Mayfield Yard.

severe wreck occurred on the Ontario and Western railroad yesterday morning at Mayfield yard, two engines coming together head and head. The two engines which figured in the wreck were No. 73, under Engineer Harvey, which was pulling the pay car, and No. 173, under Engineer Bates and Conduct r Day.

Wednesday the pay car went to Scranton, and yesterday returned to this city. On board were Superintendent R. B. Williams, Paymaster Draper and Assistant Paymaster Reilly, Besides these were a conductor and brake-Engine No. 173 was pulling a mar train of light coal cars, and was run past the yard limit for the purpose of backing into a switch. At the time there was a heavy fog, which rendered objects a short distance away indistinct. This prevented the engineers of the two locomotives from seeing each other until they were very close, and ft was too late to stop them. Fortunately the long train had been slowed up or the result would have been terrible.

No one was seriously injured, al-though the people in the pay car received a bad shaking up. They escaped, however, with a few bad bruises. The engines are also somewhat damaged, the pilots on both being smashed. No cars were derailed, though some were badly broken up.

PRESIDENT HANLON IN TOWN

Will Carbondate Rotain Its Franchise in the State Lengue ?

President J. J. Hanlon, of the Pennsylvania state league of base ball clubs. is in this city in order to find out whether Carbondale will remain in the league next season. There are several other towns who want to enter the league, but ing friends in this city. Mr. Hanlon wants us to remain in the circuit and as the league is going to hold a meeting soon he must know what will be done before he leaves the place.

There is as yet no certainty of a club thing.

George Lowery Says the Loss of Ilis Foot Was Due to Negligence.

George Lowery, who was seriously hurt on the Lackawanna Valley Rapid Transit company's road, and who was moved to the hospital, is recovering rapidly, and is able to tell the manner in which the accident occurred. He elved injuries which cost him a foot and for this the Transit company will be asked to pay damages.

At the time it was not known exactly how he was hurt, and his condition was such that he was unable to tell mother in Carbondale. anything about the accident. THE LARGEST PIECE PLUG Deputy Coroner Perkins' conducted an inquest yesterday afternoon in Al derman Loftus' office, on the body of William Dangeleo, who was murdered

on last Tuecday by Giovanni Distasio. Dr. Barrett stated that he made post mortem examination on the dead man's body and found a large wound in the neck, one on the arm and another on the shoulder. The doctor stated that death resulted from the effects of a hemorrhage, caused by the stab of a

sharp instrument. The jury afterward rendered a verdict that the murdered man came to his death from a hemorrhage caused by a sharp instrument in the hands of Glo-
