AT THE KINDERGARTEN. The Children Give a Very Pretty

Entertuinment. One of the prettiest and most unique Christmas exercises seen in this vicinity was held at Simpson & Watkins free kindergarten at Simpson yesterday. This kindergarten is under the charge of Miss Mead, who is assisted by Miss Abbott. The children showed the result of the careful training which they had undergone during the exer-

The room was prettily decorated with hemlock and bunting, and with the beautiful Christmas tree in the middle made a most pleasing appearance, which filled the children with delight. The tree was loaded with presents for the children, that had been provided by the founders of the kindergarten, Simp-

son & Watkins.

The thirty-eight little ones who at tend went through their usual exercise before the distribution of the gifts, and did it in a manner which reflected great credit to the ladies in charge. Then followed the distribution of the gifts, and after a song the children departed to their homes, made happier by the presents they had received, and wishing that Christmas came oftener

There were many persons present by invitation, and they were loud in the praise of the manner in which the little ones went through their work. Among these present were: Mr. and Mrs. Simpson and Mr. and Mrs. Watkins, of Scranton.

### PROSPECTS FOR BASE BALL.

Subscriptions Will Be Taken from the Citizens About Town.

There are now good prospects of this city being represented in the State league next season, as a start has been made toward forming an association to conduct the club in this city. A subscription paper has been circulated among the prominent citizens, all of whom are in favor of the idea. All will be given a chance to subscribe if they wish. Every person approached so far has been willing to give financial help to the organization.

Among those who have subscribed large amounts are: Major Hendricks, Dr. J. S. Niles, F. E. Dennis, W. B. Gritman, F. P. Brown and A. L. Sahm. About \$4,000 is needed to pay expenses, but possibly \$3,500 might meet all demands. To raise this, shares which are within the reach of all, will be sold. Of this 25 per cent, will be required to to be paid in by Feb. 1. The remainder is liable to assessment only if the club should at any time fail to meet

As a location the games will take place at Alumni Park instead of at Anthracite Park. This arrangement, it is thought, will draw larger crowds as many from Jermyn and Olyphant would then attend. It will also do away with the large number of people who view the games from the hillsides at Anthracite Park.

New Society Organized. Several members of the Knights of Father Mathew met Thursday evening in their hall, on Salem avenue, and organized a society that is to be known as the Young Men's Literary and Debating society. Officers for the year were nominated as follows: President, Edward Kelly and James Fox; secretary, Timothy Pidgeon and Joseph Nealon. A meeting will be held next Friday night, at which time the election of officers will occur and work for the | Heft's dancing class. coming month mapped out. The soclety at present has about fifty members. All members are required to be Knights of Father Mathew. The society
