THE SCRANTON TRIBUNE-WEDNESDAY MORNING, DECEMBER 25, 1895.

FRANK SMITH'S CANDIDACY.

It Is Charged That He Broke Faith with Robert Carter.

Robert Carter. Robert Carter. A new turn has been taken in the mayoralty fight by the assertion of the friends of Robert Carter that Frank Smith, the so-called "harmony" candi-date, has deliberately broken faith with them. It is specifically asserted, and names and dates are said to be accessi-ble, that Smith repeatedly assured Mr. Carter of his intention to support the latter's candidacy, and that, under cover of these repeated promises, made not only personally to Mr. Carter, but also to Mr. Carter's prominent friends, Smith gained a knowledge of the plans of the Carter campaign which he now proposes to utilize in advancing his own ambition. Had Mr. Smith re-mained loyal to his pledged word it is said by Mr. Carter's friends that he could have been nominated for city controller; but it is now their belief that he not only cannot, on a record of that he not only cannot, on a record of political perfidy, make the nomination for mayor, but also cannot make any other nomination within the Republi-can party's gift at the municipal election

tion. Friends of Mr. Carter also charge that the petition which is being circu-lated in Mr. Smith's favor does not represent a bona fide public sentiment, but that signatures to it are obtained through a misunderstanding of the facts. They allege that Smith is really a substituted candidate of the faction which saw that with C. E. Rettew as their candidate they would be beaten overwhelmingly. They profess to be confident that the Republicans of Car-bondale, when they once learn the facts as to Mr. Smith's breach of faith with Carter, will refuse to be drawn into the Carter, will refuse to be drawn into the effort to put him in office and to en-throne the caterie of local bosses who pull the strings behind him.

* Less Fatal.

If the patient's strength can be maintained, and the great vital centres of the body "kept up" to the performance of their natural functions, they will thus

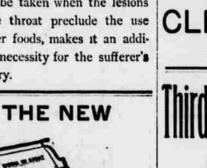

dispel the disease germs that impregnate the entire body, and if sufficient vitality is experienced, the fatality of this dreaded disease is lessened a hundred-fold.

with the least effort on the part of the digestive organs, and in addition, being itself a germicide, it antidotes the existing microbes of the disease. The ease with which it can be taken when the lesions of the throat preclude the use

of other foods, makes it an additional necessity for the sufferer's recovery.
