Grocery Store of Protherve & Watkins on North Main Avenue, visited By Burglars Sunday Night.

Burglars broke into the grocery store of Protheroe & Watkins, on South Main ave-nue, during the early hours of Sunday morning and a number of hams, a quanti-ty of groceries, etc., are missing as a re-suit. Entrance was effected by breaking soit. Entrance was effected by breaking a pane of glass in a rear window and by this means lifting the window. The theft was not discovered until yesterday morning, when one of the proprietors opened the store. Goods on the floor and general disorder lead to an investigation.

The amount missing was not large, and as no money was in the room at the time, the loss is not much. It is supposed that the same crowd of young men who rifled Zentle's barber shop, on Scranton street, about a year ago are the perpetrators of the Sunday morning robbery.

"Golden Medica Discovery" of Dr Discovery" of Dr. Pletce.

Years ago Dr. R. V. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., recognizing the fact that consumption was essentially a germ disease, and that a remedy which would drive the germs and their poisons from the blood would cure consumption, at last found a medicine which cured of per cent. of all cases, if taken in the earlier stages of the disease.

and confused.

This is the time to take Dr. Pierce's Golden Medical Discovery: it drives the germs and poisons from the blood, and has a soothing effect upon the dry cough. In cases of bronchitis the "Discovery" is invaluable.

"Golden Medical Discovery" increases the amount and quality of the blood, thus invigorating and fortifying the system against disease and builds up wholesome flesh and strength after wasting diseases, as fevers pneumonia, grip and other debilitating affections.

JNO. M. HITE, of Andubon, Andubon Co., Ia., says: "I took a severe cold which settled on my lungs and chest, and I suffered intensely with it. I tried several of our best physicians here and they gave up all hopes of my recovery, and thought I would have to die. I would cough nud sont blood cough nud ship blood have to die. I would cough and spit blood for hours, and I was pale and weak. I was greatly discouraged when I began the use of the 'Discovery,' but I soon got better.
