## TITLE TO LAKE WINOLA

Superior Court.

REHEARSING ANCIENT HISTORY Tracing Title Back to King Charles II, of England-The Moosic Crossing Argu-

ment Ended Before Noon-Two Other Lackswanns Cases Heard In superior court yesterday a case was argued which affects the title to Lake Winola. The Lake Winola association is the appellant and Mott and others the appellee. Some years ago an action in ejectment was begun in the common pleas court of Wyoming county for the ownership of the lake and when it came to a trial a compulsory non-suit was granted because the

sory non-suit was granted because the sheriff's return of the writ was not sworn to.

The appellant was represented by Attorneys W. E. and C. E. Little, of Wyoming, and the appellee by Congressman E. J. Jordan and C. O. Dershimer, of Tunkhannock. Ancient history figured in the argument. The charter of King Charles II to William Penn was quarted. Penn was quoted.

When court convened the hearing of

the case of the Delaware and Hudson Canal company against the Scranton and Pittston Traction company was resumed. It ended before noon. Then the case of John J. Jones against Cornelius Wands was argued. The case was tried in Lackawanna courts twice. Jones originally owned a team of horses and a wagon which he leased to Wands with the understanding that the latter would purchase them outright after a certain time according to a cer-tain bargain. While he had the outfit in his possession he got into financial trouble and the constable sold him out. The question is the validity of the sale. Attorney H. M. Hannah argued for the appellant and Attorney R. H. Patter-son for the other side.

North End Trespass Cose. The next case argued was one in which Thomas Sanders and James H. Jenkins are appellants and Thomas Davidson, appellee. The case was tried before Judge Edwards in the local courts. During the fall of the year 1891 the defendants. Thomas Sanders and James H. Jenkins occupied a lot of land in the North End on Bright avenue. Below this lot and lying between it and in the North End on Bright avenue. Below this lot and lying between it and Parker street, which runs at right angles with Bright avenue, are three lots, each 50 feet wide. The central lot was occupied by the plaintiff. Thomas Davidson. The lot of the defendants was on higher ground and the natural flow of water has been from the defendant's lot towards Parker street.

The plaintiff claimed that by reason of the grading of the defendants' lot the waterflow came thereafter on his

the waterflow came thereafter on his lot. Suit was brought for damages and the jury gave a verdict of \$300. The defendants who are now the appellants before the Superior court, allege that the court below should be reversed because Judge Edwards refused a non suit and again refused to give binding suit and again refused to give binding instructions, and also that in his charge he failed to define negligence to the jury and let them run wild in their finding. Attorney A. A. Vosburg appeared for the appellant and Attorneys C. H. Soper and Joseph O'Brien for the appellant.

IN COMMON PLEAS COURT.

Case of the Morris & Essex Coal Company is Still on Trin!

Common pleas court matters yester-day consisted of no new cases except one from those that had been on trial one from those that had been on tract the day before. In No. 2 the case of the Morris and Essex Mutual Coal com-pany against the Delaware, Lackawan-na and Western Railroad company went along without much incident. The efendants' side of the case opened and the position as outlined when the case opened is being proved by witnesses.

The railroad company is defending on the ground that the case is not with-in the statute under which the suit was brought, that the culm taken was done with the permission of Mr. Repp, and that the suit was begun more than six years after the culm was used by the Delaware, Lackawanna and Western It will require today and tomorrow, and maybe longer before the case goes to

In the main court room before Judge Archbald the plaintiff's side of the suit of Isaac W. Cobb against E. H. Cobb for a judgment note of \$332 was heard and soon before adjournment Attorney Hulslander opened to the jury for the defense. The note runs away back about thirteen years and the case was tried before and a new trial afterward granted. In No. 3 court room the appeal suit of Jacob Harris against Constable George C. eived this morning. Four opinions were handed down yes terday in cases which had been argued at argument court. A new trial was granted in the trespass suit of William Cramer and John G. Cure against William Miller. This is a case where both parties desired a rehearing. The plain-tiff sued for timber taken from land in Blakely borough and tlaimed about \$400; the jury returned a verdict of \$4. County Commissioners Adopt Resolutions With Regard to the Matter.

With Regard to the Matter.

The county commissioners adopted the following yesterday, which is of great importance to all concerned. It is as follows:

Whereas, The criminal court business of this county has increased to such an extent that the payment of costs and fees to aldermen, justices, constables and witnesses at any time on demand of the person interested thereto, greatly interferes with and interrupts all the other business of the county commissioners' office; and Whereas, It is evident that in order to give the proper attention and consideration to the other branches of county affairs, it is necessary that the payment of costs and fees in commonwealth cases be placed under more systematic regulations; therefore be it.

Resolved, That Wednesday, Thursday, Friday and Saturday until noon of the second and fourth weeks of each month are hereby designated as the days for the payment of costs and fees to aldermen, justices, constables and winesses in commonwealth cases for which the county is or may become liable, except when any of said above-mentioned days shall fall on

the same day when assessors of voters and constables make their returns, on which days no costs or fees will be paid and that no costs and fees be paid at any

and that no costs and fees be paid at any other time except as hereinafter mentioned.

Resolved, That in order to enable aldermen, justices and constables to comply with the foregoing resolution the cierk is hereby instructed to notify all said officers of the action of the commissioners by furnishing them with a copy of these resolutions which shall go into effect immediately thereafter. ### COMING ATTRACTIONS.

The Louisville Courier-Journal speaks as follows of "Killarney" which will be seen at Davis' theater Thursday, Friday and Saturday: "Killarney," a pretty romantic Irish drama in four acts, was presented yesterday afternoon and last evening at Macauley's, and though the inclement weather kept away many patrons of the theater, enough enthusiasm was manifested by enough enthusiasm was manifested by the audiences at both performances to encourage the players and spur them on encourage the players and spur them or to their best efforts. The story, whose scenes are laid in the 'Emeraid Isle,' is one of Irish love and devotion, and i marked with a charming simplicity that appeals to the sympathies of the audience. Miss Virginia Johnson in the double role of Kitty Burke and Terry Doyle, makes a pretty Irish 'Sweet Col-leen.'"

The Mackay Opera company which opens tonight at the Academy of Music is said to be one of the strongest popular priced operatic attractions now before the public. It includes among its principals Louise Moore, Essie Barton, May Burt. Josie Hart. Frank Nelson, Jules Cluzette and Will Daniels. The chorus is composed of well trained volces and the costuming of their different operas is handsome in the extreme. The opera selected for the opening is "La Mascotte," with "Fra Diavolo," "Pirates of Penzance" and Olivette" to follow. Prices are 10, 20, 30 and 50 cents. 30 and 50 cents

Next Saturday night at the Frothingham will be given over to the production of "The Fatal Card," the great Froh man success of last season at Palmer's theater, New York. The company is said to be a very strong one, and is under the able direction of Mr. Julius

E. M. and Joseph Holland, supported by Mr. Richard Mansfield's Garrick theater stock company, will present "A Social Highwayman" at the Froth-ingham Thursday, January 23.

VERY FLATTERING REPORT. plendid Showing of the Woman's Temple of Chicago.

The following report of the com-mittee of counsel in reference to the affairs of the Woman's Temple of Chi-cago will be read with interest by all who are concerned in Woman's Christian l'emperance union work. It explains

remperance union work. It explains itself:

Chicago, Ill., Dec. 23, 1895.

Mrs. Matilda B. Carse, President Board of Temple Trustees, Chicago, Ill.

Madam:—The undersigned, appointed by the Board of Temple Trustees as a committee of counsel in reference to the affairs of the Woman's Temple, having examined the property and accounts, make the following statement: We find that the Temple Building association secured a most favorable lease for the term of 198 years, for the sum of \$40.00 per year without revaluation on a piece of realty that at the present time is valued at \$1,000,000 by three disinterested experts, and that the building erected by the association is one of the most beautiful and commodiour fire proof buildings in Chicago, and favorably located with reference to the business of the city.

We further find that while the building became ready for occupancy only a shor; time preceding the panic of 1893, tenants were secured for enough of its apace to enable the company during the past two years of depression to meet all fixed charges and to retire about \$45,000 of floating debt; and while net earnings above fixed charges do not leave muen for the stock, we find that the space unoccupied has a rental value of some \$50,000 per annum, which, when occupied, should show fair returns for the stock.

We find that responsible business men subscribed and paid for all the capital stock at par, and that you secured an option on a large lot of the stock for twelve

We find that responsible business men subscribed and paid for all the capital stock at par, and that you secured an option on a large lot of the stock for twelve years at par and 5 per cent, interest; and that at about the time of the completion of the building, a wealthy gentleman of this city purchased sufficient stock at par to have a controlling power in the association, and that you purchased from him sufficient to give you control in the 1880-ciation, and issued and sold \$500,000 & per cent, bonds to pay for the same.

The moral value to the interests of the Woman's Christian Temperance union, of the ownership of such a building in this central metropolitan city, we need hold swell upon; but aside from this we are fully convinced that if the loyal and pull anthropic friends of the Woman's Christian Temperance union are willing to put into your hands the sum of \$80,000 withinsix or twelve months, so that you may stop than Temperance union are willing to pail into your hands the sum of \$30,000 within, six or twelve months, so that you may stop the present outgo for interest charges, you will obtain permanent control of the building, the income from which may fairly be expected to increase from year to year with the final result of an established income to the interests which you represent.

AN EXPENSIVE BREAK.

Excavation Necessary to Repair th Sewer in Front of the Wyoming, The broken sewer in front of the Wyoming house on Lackawanna avenue, was unearthed by Street Commissioner Kinsley's men yesterday and was found to have settled nearly three feet at the center of the break. It will be necessary to excavate for quite a distance of the present opening. on either side of the present opening, it is judged, in order to uncover all the damaged pipe. A trench extending from Wyoming avenue to a point about op-posite the Lackawanna avenue en-trance of the Wyoming will have to be dug, it is thought, to put the sewer in roper repair.
City Engineer Phillips is now thor-

oughly satisfied that the settling was caused by the pipe becoming broken and the gravel being washed away through the sewer.

THE POULTRY SHOW.

Opens Under Very Encouraging Auspice in Samter's Hall.

DEATHS EXCEEDED BIRTHS

That Is What the Board of Health Report Shows.

MALES THE MOST PLENTIFUL

Statistics Show That the Number of Females Born in the City During the Year 1895 Was Less the Number of the Sterner Sex.

There were more males than females born in this city during 1895 and the deaths exceeded the births by a small margin, according to the annual report of the board of health which Secre-tary Briggs is at present compiling for publication.

Another remarkable fact shown by the Another remarkable fact shown by the secretary's figures is that the number of births is steadily on the decrease since 1892 when 1,489 births were recorded. In 1893 there 1,726 births, of which 891 were males and 835 females: In 1894 the birth record droped to 1,620, males numbering 806 and females 814, and last year there was again a decrease only 1,557 births being reported divided between the sexes in the proportion of 795 males to 762 females. As the rules requiring accourate returns of births, etc. to 762 females. As the rules requir-ing acccurate returns of births, etc., were more stringently enforced last year than in the previous years, it is apparent that Scranton will do well to encourage immigration if it hopes to make a good showing at the next cen-

Births of the Year by Months.

The appended figures show in detail the births by months: January, males 34, females 71, total 135; February, males 57, females 64, total 121; March, males 59, females 65, total 124; April, males 49, females 42, total 191; May, males 73, females 73, total 146; June, males 59, females 71, total 130; July, males 93, females 60, total 153; August, males, 80, females 65, total 125; September, males 52, females 67, total 99; October, males 70, females 61, total 131; November, males 85, females 74, total 159; December, males 74, females 69, total 143. Total Births of the Year by Months.

males 85, females 74, total 159; December, males 74, females 69, total 143. Total, males 795, females 762.

A gratifying fact deduced from the mortality reports, and one which is commendatory of our sanitation is that while the city has been steadily growing more densely populated the death rate has been virtually at a standstill and during the part year experienced. and during the past year experienced a comparative decrease as contrasted with the increase of 1894 over 1895. The 1894 rate was 1.482, an increase of 182 over the preceding year and 1893 showed an increase of 37 over 1892.

Very Low Death Rate. Last year the increase over 1894 was only 111, the total number of deaths being 1,593. Thus while 1894 showed an increase of 182, last year had an increase of but 111. The average death rate of less than 16 to 1,000 is remarkably low as compared with other cities and this is particularly so when it is considered that the deaths from accident are large in a city of the character of Scranton. of Scranton

of Scranton.

The deaths by months during last year were as follows: January, 138; February, 122; March. 146; April. 125; May, 111; June, 106; July 176; August, 137; September, 140; October, 131; November, 139; December, 122; total, 1,593.

As will be noticed by the above figures that June was the least fatal month and July the most fatal month.

Chemicals Extinguished a Blaze on the Third Floor of No. 23.

An oil stove in Joseph Baser's apartments on the third floor of the building at No. 23 Lackawanna avenue, set fire to a lace curtain last night at 10 o'clock but the prompt arrival of the Chemica engine prevented any serious damage. The window frame was burned and some of the furnishings of the room damaged, but altogether the loss will not amount to over \$150. No water was used, the fire being extinguished by leans of chemicals.
