welfth Ward Contest Is Nearly at an End-Manley and Sweeney Will Retain Their Seats in the City Council.

Select Councilman James Manley and ommon Councilman Morgan Sweeney are declared elected to their respective offices by the count of votes which ended 'yesterday in the contest brought against them by John J. Kearney and Henry W. Coyle.

Mr. Manley is ahead of Mr. Kearney by twelve votes and Mr. Sweeney is ahead of Mr. Coyle by only four votes. The term in select council runs on two years more and that in common council expires in April. Mr. Sweeney is a andidate for re-election and is opposed by Mr. Coyle.

The election took place in February. 1894. The returns indicated the victory of Mr. Manley by 21 votes and Mr. Sweeney by 6. Without delay the contest was instituted and Attorneys W. Caylord Thomas and W. W. Baylor were appointed commissioners. After great deal of work it was found that sixty-five of those who voted were not entitled to the privilege owing to non esidence, not being naturalized and ot having paid taxes.

When the November election came round the election board in the First district of the Twelfth ward unwittingly dumped all the ballots in the box into the stove and burned them. That did not offer any great inconvenience, however, as all the illegal voters in that district were brought into court and

examined as to how they voted.

At the hearing and in the counting of he ballots in the other district the contestants were represented by Attorney John R. Edwards and the respondents by John F. Murphy. A decree will be handed down in a few days by the court settling the contest and ordering by whom the costs shall be paid. It is quite likely that the county will be

There was a large and enthusiastic meeting in the Central Republican club rooms last night, attended by representative Republicans of all sections of the city, at which matters pertaining to the coming spring election were

considered. The tenor of the remarks of the city committeemen present was to the effect that the reports of disaffection in the ranks of the party had been grossly exaggerated and that throughout the city the great mass of Republican voters will give a hearty and loyal support to all of the candidates on the Re publican city ticket. The campaign is in charge of the following well-known gentlemen, members of the city committee, which is an evidence that it will be clean, but aggressive and systematic:

Possibly it is not in good taste to make personal allusions, but we are such an excessively young firm that it may be pardoned. We cannot point with pride to a long and distant past-we cannot even refer to last year; but we can plant four feet on the living present and serve your interests with as much pleasure and profit as our more ancient and respected competitors. Most of our stock is even newer than ourselves, and it may interest you to know that our ambition is a trifle larger than the commercial field we hope to occupy.
