PROGRAMME OF THE SENATE

Will Probably Accomplish Nothing This Week.

BUT LOTS OF TALK IS PROMISED

Mr. Jones Wishes to Have the Utah Senators in Line Before a Vote is Taken. The Monroe Doctrine Will Be Discussed Again.

Washington, Jan. 26.—The week beginning tomorrow ends the second month this congress has been in session. Despite the fact that there has been no holiday recess, but little has been accomplished, owing largely to the consideration of the senate of the substitute to the house bond bill.

There can be little doubt as to how the vote will result. Mr. Jones has steadfastly refused to agree to a time for a vote until after the election of the two new senators from Utah.

Incidentally during the week there will be more or less discussion on the Monroe resolution reported by the committee on foreign affairs.

Quite an array of talent has been secured for the discussion of the silver bill this week and if all the gentlemen who have signified their intention are present to speak promptly, there need be no lagging in the debate.

Immediately after the silver bill is out of the way, the tariff measure passed by the house will be reported to the senate and that will take precedence as the unfinished. It is not known whether this will be favorably or adversely reported.

Already leaders are beginning to figure on an early adjournment in the hope that the congress can get away before the presidential campaign is fairly on.

PASTOR ON HIS MUSCLE

Ejected a Pugilist from His House and is Arrested for Assault.

Massillon, Ohio, Jan. 26.—General astonishment was created this afternoon by the arrest of Rev. E. P. Wise, pastor of the Church of Christ, nor was it diminished by the fact that he was accused of shooting with intent to kill Albert Arthur, a wrestler and pugilist.

Vandalla, Ill., Jan. 26.—At Pierron, a station on the Vandalla road, west of here, last night, a lot of woodchoppers camping in the woods got on a spree, and because one of their number would not drink as often as the others thought it necessary, they stripped him of his clothing, and, living him on a stove, held him there till his flesh was burned to a crisp.

FINAL STRUGGLE IN CUBA

The Situation at Havana Grows More Serious Daily.

The Exodus of Cubans from Havana Continues—General Garcia on a Fruit Steamer—No Will Reinforce the Insurgents.

(From the Staff Correspondent of the United Press.) Havana, Jan. 26.—The censorship of foreign cables is more strict than ever before. The new censor's orders are to allow nothing to go creditable to the insurgents or discreditable to Spanish troops, nor any reference to military movements. Matter permitted to pass by his predecessor is stopped. No reference to the gravity of the situation is allowed. News published in Havana papers is not permitted to be sent abroad.

FIGHTING M'KINLEY

A Deal is Reported to Have Been Made with the View of Defeating the Tariff Champion.

Toledo, Ohio, Jan. 26.—It was confidently asserted yesterday by one of Major Moore's former trusted lieutenants that a deal has been made by Mayor Moore, of Toledo, George Cox, of Cincinnati, and Charles Kurtz, of Columbus, with Tom Platt for the selection of an anti-McKinley delegation from this state to the St. Louis convention and that the efforts to pass the present radical "Ripper" bill at Columbus is the mayor's portion of the emoluments. The bill gives the mayor absolute power and appointment in every department of city government. The deal is said to have been made in New York three weeks ago and the delegation is to be for Morton unless it shall become evident he cannot be nominated, when it is to be swung to Allison.

Even State Insurance commissioner Hahn, Governor McKinley's closest adviser, is alarmed over the scheme and fearful it will go through. It is only a portion of a well laid scheme planning "Ripper" legislation in several states and entering on George Cox, the Cincinnati boss, who has not made public what favors he is to receive. Cox stands closer to Senator Foraker and Governor Bushnell than any other man in Ohio.

PHILIP RIPLEY DEAD

The Well-known Journalist Expires in New York.

New York, Jan. 26.—Philip Ripley, at one time possibly one of the most widely known newspaper men in this country, died last night at Bellevue hospital. He was born in Hartford, Conn., and was educated at Trinity school in that place. Shortly after his graduation he started in the newspaper business and was first employed by Washington Journal. When the war broke out he was detailed to New Orleans as war correspondent for a half dozen of the most prominent newspapers in the country. He is said to have furnished the most authentic accounts of the battles of the rebellion. Several years after the war he came to New York, and since then had been employed on many newspapers in this city.

He was closely affiliated with all the old-time newspaper men, notably Horace Greeley, and for a period of years wrote the famous editorials which were printed over the name of "Hartford." There is no one now to claim his remains, as far as is known, but a minister of Connecticut. Before Ripley died he told his physician at Bellevue to send word to Rev. J. Starr, Newington Junction, Hartford county, Connecticut, which was done.

BISMARCK AND THE KAISER

The Iron Prince Does Not Approve of the Emperor's Course.

CAUSE OF STRAINED RELATIONS

Bismarck Declines to Be Used as a Flag for the Present Course of the Emperor in His Rapid Political Career.

Berlin, Jan. 26.—Three times within the past week rumors were in circulation in Berlin that Prince Bismarck was dead. These reports had the effect to cause a rush of inquiries to Friedrichsruhe to learn the truth. Among the large number of visitors whom the prince received personally and with such courtesy and activity of movement as to dispel the last vestige of anxiety concerning his health, was an old and intimate friend and co-worker in the political arena, who has given the United Press the substance of an interesting conversation he had with the ex-chancellor, which reveals to the public mind in regard to Prince Bismarck's relations with the emperor. Not once since his resignation of the office of chancellor, Prince Bismarck said to his friend, has the emperor spoken to him upon the subject of politics except upon certain impressions upon the public mind in regard to Prince Bismarck's relations with the emperor.
