A FAITHFUL WIFE'S ANXIETY.

She Pleads for the Life of Her Husband but is Told that He has but One Month to Live.

A Sturdy Wolverine Farmer, Weighing 168 Pounds, Reduced to a Mere Skeleton in Four Short Months. After Being Turned from the Physician's Door to Die, He Lives to Become His Former Self. He Tells the Story.

From the Democrat, Caro, Mich.

*Fourteen years ago," said H. M. Underwood, who has for the past five years held the office of School Director in District No. 7, Indianfields township, and is well known throughout the county, "my brother and I moved Into this county. Twas a wilderness then, and we located in the pines here with nothing but our hands to carve out our homes. It was an unequal struggle; but hard work and economy won the day and two years ago, with my forty acres nearly clear of debt. I began to feel that the worst was over. In April of that spring I was assisting in driving loss down the Cass River, when I was taken with a slight but constant pain in the left side below the heart. As days passed the trouble increased; my appetite fell away and I visited one of the best known and most successful doctors in Caro, the county sear. I was informed that I had an inward abscess and must cease work.

"It was hard to quit work when I knew too well that it only meant another mortgage on my little farm, but within a few days!

"See and the change set in. I could sleep, my appetite came back, and before I had finished the third box of Dr. Williams' Pink Pills for Pale People I was able to do my chores, and before the fourth was finished I was doing my farm work. My cure was complete and permanent, and I have not seen a sick day since and you bet Dr. Williams' Pink Pills for Pale People are as nuggests of gold at our house."

"Swear to the statements I have made? Why, certainly and with pleasure," said Mr. Underwood, when the reporter suggested that some people who were not acquainted with him might be skeptical, and he accompanied the reporter to a justice's office, where the following ack nowledgment was taken:

"Twas hard to quit work when I knew too well that it only meant another mortgage on my first provided the third box of Dr. Williams' Pink Pills for Pale People are as nuggests of gold at our house."

"Swear to the statements I have made? Why, certainly and with pleasure," said Mr. Underwood, when the reporter suggest of gold at our

an inward abscess and must cense work.

"It was hard to quit work when I knew too well that it only meant another mortgage on my little farm, but within a few days I was obliged to return to my home. The medicine farmished by the doctor gave me alight relief but I could detect no permanent benefit. My appetite was gone: I could not sleep, and each day found me growing weaker. I next visited Dr. A. I. Seeley, of Mayville, who, from the first, said that he had but slight hopes of benefiting mand recommended that I go to a sanitarium. With no money this I could not do, even though it would save my life, and with medicine that the doctor furnished I returned to my home feeling that the last ray of hope that I ever would be my former self was fast disappearing. Days passed and I was rapidly losing flesh. During the awful months which I passed that summer-and I can never forget them—I was reduced in flesh from weighing 188 pounds to 110.

"Slowly the long days and the awful nightat passed until another seven days had been added to the awful days of torture; and still no relief, and my weight was move 140 pounds, nerves shattered and my system in a deplorable condition. At this juncture my wife waid that something must be done, and with assistance: I was taken to Mayville, where Dr. Seeley was again consulted. And the could do nothing; relief might be found at a sanitarium, but otherwise he would give me just one more month to live. Sorrowfully she turned from the physician's door, and what I considered my last journey home was soon to be undertaken. I had read in the Caro Democrat of Dr. Williams' Pink Pills for Pale People and the benefits many had received from them, and with faith less than the 'grain of Dr. Williams' Pink Pills for Pale People and the benefits many had received from them, and with faith less than the 'grain of Dr. Williams' Pink Pills for Pale People and the benefits many had received from them, and with faith less than the 'grain of Dr. Williams' Pink Pills for Pale People and the benefits many making a thorough examination my wife the earnest. P pleaded that he could do nothing; relief might be found at a sanitarium, but otherwise he would give me just one more month to live. Sorrowfully she turned from the physician's door, and what I considered my last journey home was soon to be undertaken. I had read in the Caro Democrat of Dr. Williams' Pink Pills for Pale People and the benefits many had received from them, and with faith less than the 'grain of mustard seed.' I asked her to step into the drug store and secure a box. This she did, and after a jolting ride over a poor road we finally reached home, tired, worn and left my wife sitting sorrowfully comparing the flickering hopes of my lite with the foilet thought only of what the doctor had said. The forepart of the night I was restless as usual, but, do you believe, during the latter part of that very night I caught a map, the first sweet and resting sleep I had enjoyed for months. I continued the medicine the mext day, and the following night I slept, yes sir; slept a greater portion of the night.

"Oh, you can't imagine how brightly the un shone on our home before that week was over, and how the faint rays of hope were fanned into a flame. But my father and many of my neighbors shook their heads and said: 'Simply something quieting about those pills; 'twill be back again, look out for the after effects.' But here are the after eff

Wall Street Review. New York, Jan. 31.—The stock market was strengthened during the early trad-ing by the agreement reached yesterday by the presidents of the anthracite roads in the matter of production and percentages. The announcement that the sales agents would put up the price of coal at their meeting today had a good effect and led to buying of the stocks of the roads interested. As predicted the agents met and advanced prices 25 to 35 cents per ton and advanced prices 25 to 35 cents per ton and fixed the February output at 2,50,600 tons. As a result the anthractic issues advanced anywhere from 1 to 3 per cent. Jersey Central. Delaware and Hudson and Delaware, Lackawanna and Western leading. General Electric was stronger than of late and rose to 29% on vague reports of an important deal with the Manhattn Elevated in the matter of a change of motive power. People identified with the Claimed that there is nothing in the rumor. During the afternoon London firms were sellers and firms with Washington connections also parted with fairly large amounts of stocks. The Washington movement was due to the impression that a vote will be taken on the free silver coinage amend-ment either today or tomorrow. Local bankers are not disturbed, however, and assert that the bill as amended will never pass the house or receive executive sanc-tion. In the closing hours the Grangers, Louisville and Nashville: Southern Railway, preferred, and Tennessee Coal and Iron were notable for strength. Specula-tion closed strong in tone. Net changes show gains of 4a3 per cent. Baltimore and Ohio, however, lost, 2½ per cent. To-tal sales were 223,790 shares.

Thirty-two Philadelphia and Reading collieries in the Shenandoah section suspended all operations last evening until Monday morning next. It is said on good authority this is the commencement of broken time for some time to come, as the coal market is well stocked.

Philadelphia Inquirer: The action the coal presidents in not finally settling the coal percentages can hardly be regarded as a satisfactory solution of the trade problem. For it is not to be believed that the Reading in accepting 2014 per cent, of the output for the present abandons the grounds on which it has contended for 21. It must ask for and must receive a larger percentage if the expectations entertained as to its future are to be justified. Something of this kind is apparently expected, as the agreement provides for a revision of percentages after thirty days' notice. Probably the Reading representatives accepted the 201/2 percent, as the best that can be done at the present time. But it is a most difficult thing to get the percentages revised when once a basis has been agreed upon. The result is clearly a disappointment for the Reading nanagers, no matter how sugary may

be the coating to the pill. Piles! Piles! Itching Piles!

the least I can do in gratitude for my recovery."

"Tell me about your complaint."

"About a year ago I had the Grippe, and since then my back has pained me constantly in the region of the kidneys; a dull pain at times, and at other intervals, sharp, darting pains piercing through me, were almost unbearable. I seemed to be giving out as the pain in my kidneys grew worse, and at last I had to stay in bed the greater part of the time. Finally, I gave up altogether. I had terrific headaches, and suffered so much pain my appetite left me."

"Did the disorder affect the bladder?"

"Finally it did. The urine was highly colored, and varied in suppression and excess. I often told my friends I believed I should go insane from the pain. I heard of Doan's Kidney Pills, and began their use. After taking them two or three days I began to feel their good effects. I continued, and now am perfectiv well."
