FOR SABBATH OBSERVANCE.

The City Pastors Issue a Circular Letter After a Conference-A Citizens' Meet-

After a Conference—A Citizens' Meeting to Be Held on Wednesday Evening.

The city pastors met in conference Friday afternoon at which they formulated plans for carrying on a warfare for the better observance of the Sabbath day. The pastors present were the Rev. Charles Lee, of the First Presbyterian church; Dr. G. A. Place, of the Methodist Episcopai church; T. E. Jenson, of the Berean Baptist church, and W. Lewis, of the Welsh Methodist church. The Rev. Father T. F. Coffey, of St. Rose's Catholic church, was unable to be present, but at the close of the meeting the pastors waited upon him with their outlined plan and he readily sequiesced with them, assuring them of his co-operation.

Moral sunsion is the principle upon which the pastors have decided to carry on their work, they do not want to enforce the law rigidly. And they decided to formulate a circular to the business men, shop keepers, and also to railroads urging them to work as little as possible on Sunday. The following is the text of the circular letter: To the People of Carbondale.

The undersigned clergymen wish to call your attention to the matter of Sunday funerals. Sometimes the burnals of the dead on that day seem required, out modern appliances have largely diminished the necessity. A Sabbath funeral deprives undertakers, liverymen, cemetery officials and others of their rest-day, diminishes the attendance at the regular church services, distracts the mind of many and adds to the burdens of the ministers on their most laborious day. For these and other reasons, therefore, we respectfully ask those upon whom affliction may fall to avoid, if possible burying their dead on Sunday.

(Signed.) Thomas F. Coffey, Charles Lee, T. E. Jepson, W. J. Lewis, G. W. Place, E. J. Balsley.

It is understood that the ministers will place the matter before their auing to Be Held on Wednesday Evening.

It is understood that the ministers will place the matter before their audiences, and yesterday the pastors paid particular attention to the matter in their sermons, dwelling upon the commandment and the benefits derived, spiritual and physical, from its observance.

It has been decided to hold a meeting of citizens in St. Rose's hall Wednesday evening to further explain their objects and discuss means to get the Sabbath observance.

CAR DOWN A BANK.

Passengers, Conductor and Motorman Get a Miraculous Escape.

The Carbondale and Forest City Rapid Transit car, No. 42, had a remarkable plunge into the creek above Wilson at Simpson about seven o'clock on Thursday evening, and it is remarkable that no great damage was done nor no one killed or injured.

The car was running down the steen

The car was running down the steep slope behind the Wilson creek dwell-ings and while traveling at a high rate of speed they plunged over a steep embankment of twenty-five feet into the stream below. The car turned and kept right side up. Excessive speed has been alleged as the cause of the acci-dent. The deralled car was gotten up Friday night and is only slightly dam-

Bovinine

Dr. W. E. S. Preston, House Physician of the "House of Rest for Consumptives," of Tremont, N. Y., says, "I have never known a case where the stomach has rejected Bovinine. In cases of collapse, so common among consumptives, we always use it." Bovinine being easy to take, and quick of assimilation and a wonderful food product, at once starts on its mission of creating strength, flesh and blood. It tones up the vital organs and by thus invigorating them, enables them to throw off disease and gives to the sufferer a new lease of life where such a thing is possible.

The New Library.

W. I. Yarrington, the recently appointed librarian, is busy at work getting the books in order, and would have the place ready for opening. The work, however, has been retarded through the delay of the painters. However, the librarian hopes to have all in readiness by the end of the week. Hours of the lending department will be as follows: 3 to 6 and 7 to 3 o'clock p. m. A code of rules have been drawn out for the proper control of the work.

It is stated that George Young, of Vandling, who received the nomina-tion at the Republican primaries of Fell township, has withdrawn his name and candidature in favor of Elias James, ex-alderman of Simpson. Mr. James will receive the support of the Republi-cans, who claim they can elect their ticket intact.

THE WORLD OF BUSINESS

Wall Street Review.

New York, Feb. 8.—Stocks were unsetted and streegular at the opening, the street being disappointed at the small amount of honds secured by the Morgan syndicate. This induced some of the bulls, whose holdings showed them a profit, to realize and in consequence the market as stated presented a rather ranged appearance for a time. The offerings were well taken, however, and shortly alter 11 o'clock the selling abated and the market presented a stronger from that at any other time of the week. Sugarwas the great feature of speculation. The stock opened ½ per cent. lower at 11½; jumped to 113½, and receded to 113. The early break in the stock was considered a scoop, as the same brokers who have been prominent even since the present upward movement started in were big buyrs at the decline. Tolacco dropped to 75½, bounded up to 77 and receded to 75½. Chicago Gas and Distillers were firm. Gas was not affected by the Moloney opinion and Distilling and Cattle Feeding moved up about a point on reports of good earnings. Leather, preferred, on the other hand, was inclined to weakness, and sold down to 6735½. The railways, after an irregular opening, developed great strength and any number of the active issues touched the best figures of the week. The Grangers were especially prominent in the dealings at the higher range. The buying of these stocks was due to the magnificent statement of the Northwest for the calendar year 1855, which shows a surplus after all charges and full dividends on the preferred and 4 per cent, on the common of nearly \$2,000,000. The gain in the railway group ranged from ½ to 2½ per cent., and was most marked in the Grangers, Manhattan, Louisville and Nashville, the lower-priced issues and Western Union. In the specialities Consol Gas rose 1 to 153; Pullman Palace Cor. 14 to 1694, and Oregon Short Line, 1½ to 1874, and Oregon Short Line, 1½ to 1874, and Oregon Short Line, 1½ to 1875, and Oregon Short Line, 1½ to 188. Speculation closed strong at about the highest figures of the Wall Street Review.
