GREAT CONFLAGRATION.

Destruction of Property on Main Street. The Firemen Have a Hard Struggle with the Flames--Ruined Stocks of Purdy & Son and the "Fair."

As reported in the Tribune of yesterday, briefly, Carbondale experienced the greatest conflagration it has ever had in its history. The buildings owned by W. D. Evans and Mrs. John Scurry, situated on Main street, and occupied by S. A. Purdy & Son, J. J. Reigeluth, "The Fair," Dr. W. A. Spencer and eight secret societies. They were simply gutted by the flames and burned with great fierceness.

Typhoid Fever.

* Rapid Convalescence

is experienced in this slow and dangerous disease, when the patient's strength is properly maintained until the crisis is passed. Don't force the stomach and other organs already weakened by sickness to wear themselves out in a vain attempt to obtain nourishment from improper foods. Feed the sufferer with milk and

Bovinine

that great food product. It is absorbed immediately into the system with the least possible effort on the part of the various organs. Besides making new flesh and blood, it strengthens all of the vital centres, enabling them to expel existing poisons. It is a germicide, and antidotes the fever microbes. In addition, its beneficial effect on the ulcerated condition of the bowels, so common in this disorder, is marvellous.

be held at Greenfield Baptist church and interment will be made at Clifford cemetery.

Badly Injured. Monday afternoon David Partridge, of Belmont street, was severely injured in the Wilson Creek mine. While he was following his occupation, unfortunately fell before a full load of coal cars and it is said two cars passed over his body. He has suffered the fracture of one of his arms and three ribs broken and other injuries.

True Gratitude. T. C. Robinson, the lumber merchant, of this city, has presented the Mitchell Home company with a check for twenty-five dollars as an acknowledgment of their efficient services in saving his property when his office took fire. This is true gratitude and the boys are well pleased with this voluntary recognition of their services.

PERSONAL AND OTHER ITEMS.

The pumps of the flooded No. 3 shaft got away an inch of the water, and by today it is expected that four inches will be cleared, but as it was yesterday two feet eight inches above the rail top, it will, it is estimated take until the end of the week to get the water from No. 3 shaft well into No. 3 and thus hinder the work.

Base Ball Matters. The selection committee, of which Abe Salton is the prime mover, have been very successful. They report that \$1,100 has been subscribed as stock towards the promotion of a baseball association. Mr. Atkeson, the president of the Transit company, has agreed to subscribe what is required above the sum stated and players will now be signed. It is further stated that the minority stockholders will have the control, and they will have the power to appoint directors and officers and will have the vote control.

Mrs. Pierce Dead. The death of Mrs. Theodore Pierce, of Belmont street, took place Monday evening. Mrs. Pierce was a native of Greenfield township and was fifty years of age.

What Shall I Do? Is the earnest, almost agonizing cry of weak, tired, nervous women, and crowded, overworked, struggling men. Slight difficulties, ordinary cares, household work or daily labor, magnify themselves into seemingly impassable mountains.

Take proper nourishment. Feed the nerves, organs and tissues on rich red blood, and how soon the glow of health comes to the pale cheeks, firmness to the unsteady hand, and strength to the faltering limb.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood and is thus the best friend to unfortunate humanity. Be sure to get Hood's and only Hood's. All druggists. \$1; six for \$5.

THE WORLD OF BUSINESS

Wall Street Review. New York, Feb. 11.—White business at the Stock Exchange was on a smaller scale than on yesterday. The tendency of prices for the prominent railway issues was downward. The change in sentiment was not entirely unexpected, as some of the players in the board have been rather reckless in their purchases. The first disappointment encountered by the bulls was the failure of American securities in London to respond to the optimistic utterances of the queen to parliament in the matter of the Venezuelan dispute. Foreign houses reversed their position and sold, and sterling exchange developed a little more strength. Again there was selling by traders who invariably even up their contracts on the eve of a holiday. The amount of stock offered was not large in the aggregate, but still it was sufficient to make considerable impression on prices. Sugar was the most active stock and closed about 11 1/2. Manhattan closed the widest range, being up and down slightly higher at 112, rose to 113 1/2 and finally broke to 108 1/2 on efforts to realize the best bid at the close near 108. Denials of the recent reports about leasing the property to the traction people had considerable effect with the stock market. Tobacco was feverish and ranged between 75 and 80 with the final transaction at 75. Leather, probably the most close, tobacco was feverish and ranged between 75 and 80 with the final transaction at 75. SQUEEZE AT PLYMOUTH.

All the Collieries Adjoining No. 2 of the Delaware and Hudson are in danger. Another squeeze began today in the No. 2 colliery at Plymouth. It is located in the Bennett vein, and from present indications will interfere with the workings of the whole mine. All the mules have been taken out and sent to the general stables, located on the surface. It is claimed that no less than twenty-five chambers are affected by the squeeze and a cave-in is hourly looked for.

Wedding Guest Injured. Lawrence Bookish, who figured in a quarrel at a wedding in Pittston Monday night, was cut in the throat and fatally injured. His physician has no hopes of his recovery.
