YUMBER OF ADDRESSES MADE

Principal Speech of the Evening Was Made by Attorney T. V. Powderly. William Dawson and Attorney Charles E. Olver Also Spoke.

Attorney T. V. Powderly, Attorney Charles E. Olver and William Daw-son, candidate for assessor, addressed a large and enthusiastic body of citi a large and enthusiastic body of citizens at Phillips' hall, Fig street, last night. The rally was held under the auspices of the Twentieth Ward Republican club. Thomas Griffiths, president of the club, introduced Mr. Dawson as the first speaker; the address was brief and contained the pledge to the tree process of Service 1982. give to the people of Scranton a con-servative, honest and conscientious service as assessor.

Attorney Olver's speech began with congratulation to the members of the club on the healthy activity of the or-ganization. He lauded the principles of the Republican party and referred to its policy in national affairs, as against that of the Democratic party, of which the country has had a severe

He said that it was as necessary for Republicans to work for success at home in local issues as when the battle for party principle is being waged. The nominees of the Republican party in Scranton at the present time are men whose sterling worth commend then to the consideration of the voters and he hoped that a proper appreciation of this fact would be exhibited on election day in the handsome majoritles given o each one of them.

He spoke for the viaduct over the

Delaware, Lackawanna and Western railroad tracks on West Lackawanna avenue. By building it there will be removed that, constant danger and menace to life and limb that is imminent to those traveling from the West Side to the central city or vice versa. He appealed to the voters of the Twen-tieth ward to vote for the viaduct and confer thereby a lasting benefit on the people of the West Side.

T. V. Powderly's Remarks Attorney T. V. Powderly was the next speaker. In introducing him Chairman Griffiths spoke of him as one who is known from one side of the country to the other, and whose face is familiar to almost every man in Scranton. The speaker referred to the incor-poration of Scranton on April 23, 1866, and now she is a city comprising 100,000

souls. She is not built on a level plane, but nestles among the hills, a river run-ning through. The clear water of it is now gone and there remains what is little better than a sewer. This is be-cause different channels have been turned into it and have polluted it. This change in the river is an index of the manufacturing progress of Scranton.

The speaker then spoke of the early days of the municipality and the customs then in vogue about choosing publie officers. A change has come and the system of choosing public servants now is similar to the manner in which men are selected to manage business interests; and these men are ones whose ability has been tried. In this campaign men are coming before the citi-zens of Scranton who have been trusted and tried before and have fulfilled the

and tried before and have fulfilled, the faith reposed in them.

Mr. Powderly turned his attention to the culminating charges which are in circulation regarding the regular Republican ticket nominated at Music hall. The argument has gone forth that this convention was dominated by bossism. They who have made this allegation show by their own action at that convention that they followed at that convention that they followed the lead of a boss. When, after Sheriff F. H. Clemons, chairman of the convention, accorded the greatest possible latitude to these irregular delegates, and after all the allowance with which they were accorded, they failed to control the convention against the regu-larly elected delegates, then there was a bolt and a number of men got up in response to the command, "Follow me," and they left the hall. These men were under the most servile of bossism.

Picture of the Past.

Mr. Powderly pletured the days when the hills and vales of this side of the city were devoid of the voice of industry. In contradistinction he portrayed the present activity in trade, and when he mentioned the name of William Connell as to whom the credit is due for neil as to whom the credit is due for much of this vast change, there was a great outburst of applause from the large audience. Mr. Powderly read an extract from one of a series of articles he contributed to the New York World in 1830. At that time business depres sion was very intense and Mr. Powderly interviewed a miner in the employ of william Connell. It was on the sub-ject of work in the mines. The miner said that while there was not very regular work, yet none of the employes of William Connell are left to suffer from want, for many a home has been cheered by assistance unostentatiously

given by Mr. Connell.
Mr. Powderly wished that there was some man like Mr. Connell on the West some man like Mr. Connell on the West Side. The men who are now industri-ously slandering him are they who have in the past been the recipients of favors at his hands and because he does not continue to assist them or perhaps they think they can stand alone, is the rea-son they are now opposed to him. He paid an eloquent tribute to Colonel E. H. Ripple, the standard bearer of the party in Scranton, and said of him that party in Scranton, and said of him that as a patriotic defender of the nation when the war clouds came up from the South Colonel Ripple showed his manhood by going nobly to the front. As an employer he has the respect and good will of every man who ever worked

good will of every man who ever worked under him, and as mayor Scranton nine years ago he earned and still enjoys the fullest and most implicit confidence of the citizens of Scranton.

Mr. Powderly said during his address that he had been tendered the nomination on the "Independent Republican" tleket for mayor, but he declined the proffered honor with the assurance that the Music hall ticket was good enough for him.

The speakers who will be heard at the meeting are Attorney T. V. Powderly, Attorney A. J. Colborn, jr., District Attorney John R. Jones and Major Everett Warren. They are all eloquent and forceful speakers and their views on the present municipal fight will be worth hearing.

TROUBLE IN A CHURCH.

Greek Catholics of the South Side Engage in a Law Suit. Stephen Kusmiak and Stephen Lop-sansky were arrested last night at the instance of Rev. Nicephor Chanath, pastor of the Greek Catholic church, on the corner of Irving and Hickory street, for conspiracy and slander. They were held to ball by Alderman Millar for a hearing at 11 o'cleck this morning.

Father Chanath alleges that these two men, who are leaders among the members of the congregation are and have been conspiring to oust him from the pastorate and disrupt the church. Among the methods which they make use of to further their purpose, Father Chanath claims, the circulation of defamatory stories concerning him. Their famatory stories concerning him. Their latest is the accusation that he eloped with a Polish girl on Tuesday night.
