New Method of Treating Disease Victorious.

Citizens of Scranton Protest Against Old Fogyism, Poisonous Drugs and Nauseating Doses.

Over Seven Hundred Purchased Munyon's Cures on Thursday in This City Alone.

435 Declare Themselves Cured in Thirteen Days.

Strange as it may seem, it is never-theless true that Prof. Munyon, with his new school of medicine, has comhis new school of medicine, has completely revolutionized the manner of treating disease in this city. During the past eleven days he has shown so combisively to all intelligent people, not with extensive advertising, but by a free test of over 4,000 severe cases, that his remedies do cure disease. The doubting public have become convinced of their efficacy and show it by their immense purchases. Its many, even immense purchases. Arst many, even after seeing the wonderful results from the use of his Rheumatle Cure, questioned the merits of other remedies, but as they cost only 25 cents, ventured to try some on themselves, and to their surprise received such immediate relief

they became converts at once.

The most difficult task of Munyon's representatives has been to make the ople take these cures as directed. Afpeople lake these cures as affected. Af-ter being dosed and purged for years with tablespoonfuls of sickening and dangerous decoctions, they look on these four tasteless little sugar pellets with astonishment and doubt, but after a few hours their distrust is turned into belief and happiness. There are thousands in Scranton today rejoicing over their freedom from disease and over their freedom from disease and escape from the thraldom of quintie, calomel, salicylle acid and other pois-grous drugs. There will be thousands more within a week, and the physi-clan who still sticks to the old methods of his grandfather will find his occupa-

## SOME-THING

Our ideas of selling Clothes are different from the general run. Our first thought is to see how little we can charge for the best things to wear. We want men to think when they buy here; that they are getting more value for their money than anywhere else. Our idea isn't to see how much we can get folks to pay. It is, rather, to see how little we can afford to charge them.

Another unusual thing is our Liberal Credit System-it's not necessary to clothe yourself piecemeal. Don't get a coat, then a vest and later some trousers. Come and get a whole suit-and pay us when you can. We want you to feel perfectly welcome in this store. Young men, come along and see what really good clothes we can sell for prices like the following:

Suits worth from \$9 to \$12, some Worsted, some Cassimere and others Cheviot-all wool-about two dozen in this 07 lot, and all go at.....
