MUNYON

THE DAVID OF THE PEOPLE.

He Slays Giant Disease With His Little Pellets.

Hundreds Have Been Made Well By the Use of His Remedies.

Saturday was a record breaker in the sale of Munyon's Remedies of the retail stores in Scranton. Several of our leading druggists were visited, and without a single exception they all declared that during their whole business experience they had never seen medicinal preparations of any kind that sold so rapidly as Munyon's, and agreed that the enormous demand could only be created by the wonderful curative powers of these remedies. Almost every person purchasing relates how some friend has been cured in a few hours,or else having been cured themselves, they desire to send the medicine to some friend far away whom they know to be suffering.

A half hour spent in any drug store, where these little pellets are sold, will convince the most skeptical that Prof. Munyon has, indeed, discovered a new method in treating disease which will cures 96 per cent. of the people who use them.

In not one single instance did the reporter hear anything but the highest praise for these remedies, and he was told by the pharmacists that in almost every case where the cures had failed to give relief it had been proven that the wrong remedy had been taken through the ignorance of the person as to what disease he was suffering from. From facts gathered it seems that Munyon's promise to reduce the death rate in Scranton 20 per cent in four weeks will be more than realized.

If you are suffering with any disease whatever you can make no mistake in giving these cures a trial, as they cost but 25c and are perfectly harmless.

Coasting on Beer's hill reached the danger mark Saturday. Street Commissioner John Krantz sprinkled ashes in the glassy path which greatly exasperated the coasters. As the road from Beer's hill leads across our principal thoroughfares it is a very dangerous place, as at any minute one of the sleds is liable to run into passing teams, especially as they go at a terrific rate of speed, at times entirely beyond control. Something should be done to allow the boys a coasting ground. Other cities bridge the streets, and this would be a good plan here.

In the evening at 7.30 a special Christian Endeavor society gathering was held. The edifice was crowded and the speaker's words were listened to with rapt attention. The singing at all the meetings were of a special character.

SOME-THING UN-US-UAL.

Our ideas of selling Clothes are different from the general run. Our first thought is to see how little we can charge for the best things to wear. We want men to think when they buy here; that they are getting more value for their money than anywhere else. Our idea isn't to see how much we can get folks to pay. It is, rather, to see how little we can afford to charge them.

Another unusual thing is our **Liberal Credit System**—it's not necessary to clothe yourself piecemeal. Don't get a coat, then a vest and later some trousers. Come and get a whole suit—and pay us when you can. We want you to feel perfectly welcome in this store. Young men, come along and see what really good clothes we can sell for prices like the following:

Suits worth from $9 to $12, some Worsted, some Cassimere and others Cheviot—all wool—about two dozen in this lot, and all go at..... **$7.49**

An interesting lot of Oxfords and Cheviot Overcoats at the interesting price of..... **$5.00**
